RABBI PROCLAIMS HEBREWS' LOYALTY

Holy Blossom Synagogue Stirred by Patriotic Appeal of Rev. S. Jacobs
There is no other country or empire in the world that breathes such a passion for freedom as Great Britain.

NO PEACE POLICY NOW There is a Time When War is Righteous—Jews Stand by Britain.

There is no other country or empire in the world that breathes such a passion for freedom as Great Britain. She has no religious prejudices or racial antipathies.
No declared Rabbi Jacobs yesterday at the Holy Blossom Synagogue. "England has Jewish cabinet ministers, poets, officers, churches and even now a Jewish lord chief justice. An English colony has had a Jewish governor. Unparalleled protection, unswerving progress. There are now 10,000 Jews in the British army. One can see therefore that the allies, and not the British and her Jewish children should take their share in the glory of God. It is the sure defence of all who sustain the cause of justice and righteousness. The Roman Catholic Church were the greatest of warriors, but no country gave them more trouble to subjugate than did Judea."

WINNIPEG OPINION ON NICKEL

From Winnipeg Telegram Dec. 29: Any fear that Canadian nickel might reach our enemies must be removed by the recently enacted nickel act of the International Nickel Company, which refines all the ore, except those that go to Britain, from the mines of the Sudbury, the source of 80 per cent. of the world's nickel supply. Ever since the outbreak of the war there has been a demand that the government should prohibit the export of nickel ore. This demand arose from a desire to prevent the product of the nickel industry from being used in the manufacture of munitions, both defensive and offensive.

RUSSIAN

"On the road to Wilosowa in the Kiese region, at the Village of Louzou, on Dec. 31, the Russian army, a stubborn battle, took possession of a position which was held by the enemy. The Russian troops, but a later counter-attack forced the enemy to abandon all the trenches previously occupied. During the night the Russian army captured 100 prisoners and six machine guns. In western Galicia fighting continued in the region of Gorlice, in the region of Colokuj we occupied Austrian positions, where we took as many as a thousand prisoners."

AUSTRIAN

"Repeated attempts by the enemy to break our front west and northwest of Gorlice, failed miserably. The enemy lost heavily. During the fighting, which lasted the whole of the day, our troops were successful in capturing 1000 prisoners and six machine guns."

WESTERN THEATRE

"Western theatre: Some of the enemy's ships, accompanied by torpedo boats, appeared off Westende, Belgium, yesterday afternoon without firing."

GERMAN

"On the whole of the western front artillery fights took place. An infantry attack by the enemy followed to the north of Saint Meneshold (in the Argonne forests). It was beaten off with severe losses the French."

RUSSIAN

"In East Prussia and in north Poland there is no change in the situation. To the west of the Vistula River our troops succeeded in taking a specially strengthened point d'appui of the Russians at Borjilow after several days of very hard fighting in which we captured 100 prisoners and six machine guns. In three night attacks the Russians attempted to retake Borjilow, but they were all driven off with heavy losses."

RUSSIAN

"The situation in the east is considered by the military critics to be steadily improving. They believe that the Russian counter-offensive in Galicia has been utterly shattered for the time being. They are brought surprises that pretensions as to the situation there, generally speaking, are made."

RUSSIAN

"A small amount of space given by the newspapers to the western theatre apparently is indicative of a feeling that the central point of interest still is in Poland, and that the struggle in the west has settled down into a monotonous endgame."
