HORSEMANSHIP It worth while going to the Horse Show to see the high-class saddle horses perform at the jumps; and at least of equal interest to see the good horsemen sit their horses. And horse and ider look their best in procession at the walk after they get these around the ring. The greatest picture of men on horses at the walk is the Athenian marbles that were on the temple : but no one neel look at any better than Hamilton and Wilson as professionals or Mr. Gordon Myles or Mr. Allan Care as amateurs. No one has been able to show Hamilton (a Canadias) anything in sitting and handling a borse either at New York or at Olympia. How he sits into his mount, how his hands and hold of the eps his horse's head just where he wants it. keeps his horse's head just where he wants it, and gives him a little or a lot of it when he has to. They, are all together—horse, man, hands and horse's head. And not an ounce of energy wasted by either. Finished horse, finished man, finished performance! And the good horses all go at the work of jumping, knowing exactly what they have to do. And the good horse and the good rider make all the adjustments in the flash of a second that they have to make to do have the disher to make to do the trick-for no two flights are exactly the same. And the faces of rider and of horse are the
