# SUE BOARD OF HEALTH

Garbage Dumps Are Offensive-Site for Consumptive Hospital Refused.

HAMILTON, July 19 .- (Special.)-The board of health found itself in the odd position this evening of being threatened with a law suit becaue it was maintaining a nussance in connection with garbage dumps in the west end of the city, which have such an evil odor that the residents in the district are much annoyed. It was suggested that the garbage collection should be turned over to the board of works, or that an incinerator should be erected. Aspecial committee was named to find places where

garbage may be cumped without causing trouble. The board, by a vote of three to two, refused to allow the \$10,000 hospital for advanced cases of consumption that Wm. Southam has offered to give the city to be erected on the city hospital grounds, and a commit-tee was named to find out if the Hamilton Health Association would allow the hospital to be erected in

connection with the mountain consumption sanitarium. So Soon! The Hamilton Times is booming Col. J. M. Gibson for appointment as the next lieutenant-governor of Ontario. Jake Sunfield, the man held on the charge of shooting Andrew Rodzyk,
