STILL TALKING ON BUDGET

DR. SPROULE DELIVERED A GOOD SPEECH TO THE HOUSE.

at the middle. But they have basques at the back. The ripple back is said to be going out, and in its place we are to have tabs, two long ones and two short ones, but we are still free to choose, thank fortune! Belero effects are to be mystured. A belero tacket - What the National Policy Mas Bone are to be much used. A bolero jacket with Persian trimming over a Persian silk waist is all that a reasonable woman ought to expect. Nothing is never able thinning out of disgusted sports to the preliminary proceedings of the armore articles.

in the preliminary proceedings of the House to-day calling for special comment. By 3.30 p.m. the Budget debate

The Chine was on the way again, Dr. Sproule leading on and making an excellent speech. He held that Canada's taxes were low compared with those of the United States and Great Britain and be true, for, once having caught the sew of measure were low compared with those of the turited States and Great stritain and said and instead of reducing the published and social nuisance. Women's clubs have be considered by the authorities as a social nuisance. Women's clubs have been officially prohibited, one of the theorem of the country and give by other countries. This would mean an increase in population and an increase in population and an increase in all lines of prosperity. Reference of the country and give by other countries. This would mean an increase in all lines of prosperity, the time of the country and street of their spouses. The work of the crease in all lines of prosperity, the said that if the Government had not reduced the time of the crease in all lines of prosperity. The problem of the crease in the savings of the country and street of the depression were over and that there were but few unemployed and scarcely any needs that there were but few unemployed charity. The people as a whole were try a baked stew?

Well, it's very toothsome for a luncheon of the country, he called attention to the case of the country, he called attention to the case of the country, he called attention to the case of the country, he called attention to the case of the country, he called attention to the case of the country, he called attention to the case of the country, he called attention to the case of the country, he called attention to the case of the country, he called attention to the case of the country, he called attention to the case of the country, he called attention to the case of the country, he called attention to the case of the country, he called attention to the case of the country, he called attention to the case of the country, he called attention to the case of the country, he called attention to the case of the country, he called attention to the case of the country, he called attention to the case of the country to get employe of industries of the country to get employe of the country to

He also showed how the N.P. had stoured a home market for the Canadian farmer by shutting out the U.S. competitor, who, before the imposition of the N.P. duties, had exported millions worth of produce to Canada, but who could now sell the Dominion very few agricultural products.

He concluded by expressing the belief that the people would in the approaching election stand by their best interests by returning the Conscrvatives to power. (Cheers.)

Mr. Lister denied that the N.P. had been of benefit to the Dominion, and said the empty factories, the silent machinery and the idle workmen were proof. Moreover, the registry offices showed that three-fourths of the farms of the industrious farmers of Ontario were mortgaged.

After recess the debate was continued by Messrs. Lister, Rider and Cameron (Inverness) and the House adjourned at midnight,

fuls of flour. Can drop on greased tins or roll out and cut in round shope Toronto, Feb. 14, 1896. The Smith Remedy Company are daily receiving letters from all over the Dominion of wonderful cures. One gentleman writes to-day from Victoria Harbor, Ont.: The salve you sent me a week ago for a sore on my leg is helping me more than anything I got yet, and I have tried several different remedies in the past.

A lady in this city writes: My little girl, aged 5 years, had a bad attack we girl, aged 5 years, had a bad attack we night and in two hours after it relieved her cough and heavy breathing very much. The next day she was playing around the house with no sign of croup. degrees. The room must be so con-structed that the outside temperature will have no effect upon it.
