# NOMINATIONS FOR

There was a large attendance and much merriment at the aldermanic nonmanton for Ward 6 in Brockton Hall on Saturday.

The sentiment of the meeting was strongly in favor of J. W. Gowanlock, and out of nine nominations only J. Harvey Hall remained to contest the field with the "People's Jim." During the noon hour Returning Officer Samuel Hobbs received the following nominations: J. Harvey Hall, J. A. S. Stewart, Hugh McMath, Alex. Asher, Joseph Pocock, R. B. Noble, Thos. Hurst, James Gowanloek, J. H. Knox.

Mr. Hobbs read a notice furnished him by Mr. Hall, stating that Mr. Gowanlock was not qualified, and that votes polled for him would be wasted.

Mr. James Hunter was called to the chair, and managed the gathering admirably. All the nominees spoke briefly, most of them favoring Mr. Gowanlock.

Mr. Asher accused Mr. Pocock of having been madae a tool of in the unseating of Mr. Gowanlock. This Mr. Pocock strenulously denied. He was received with groans.

Mr. Noble slated law and lawyers as Stephanle took a marked Crown Princess Stephanle took a marked Crown Princes Stephanle took a marked Crown Princess Stephanle took a marked

Mr. Knox denied that he had had anything to do with the unscating of Ald. Gowanlock.

Mr. Gowanlock asserted that the returning officer had exceeded his duty in reading Mr. Hall's notice. There were 11 other aldermen whose qualifications were no better than his, but he had been selected because he would not be made a tool of.

Mr. Gowanlock said the city was run not by the aldermen but by the reporters and the city officials. He critueised Mr. Keating and Mr. Jones and stated his position on some municipal questions.

Mr. Hall defended his candidature on the ground that Mr. Gowanlock had not qualified and the people did not want any more bye-elections. He asserted that he had nothing whatever to do with unseating Mr. Gowanlock.

Mr. Stewart and Mr. McMath urged Mr. Hall to retire if Mr. Gowanlock could cualify. At the close of the meeting Mr. Hall stated that if Mr. Gowanlock could satisfy him by 10 o'clock on Monday that he could qualify, he (the speaker) would be out of the field.

Bradstreet's of Saturday says: The silver market this week had another of those starp declines which have become rather frequent of late. In this instance the unfavorable news took the form of a report that the Indian Government would impose an increased import duty on silver. It is also stated that New York has been selling very freely, and this is borne out by the fact that the market here broke rather tolently from 55½ per ounce to 54c. while the decline in London was only from 25½ d to 25½ d, though it ditailly simpled to 25d.

Dyspepsia or Indigestion is occasioned by the want of action in the biliary ducts, loss of vitality in the stomach to secrete the gastric juices, without which digestion cannot go on: also being the principal cause of headache. Parmalee's Vegetable Pills, taken before going to bed for a while, never fail to give relief, and effect a cure, Mr. F. W. Ashdown, Ont., writes:
"Parmalee's Pills are taking the lead against ten other makes which I have in stock."

## The Great Fresh Water System of Canada

And the Presence of Immense Quantities of Damp Snow Make the Winds of Winter Laden With a Chilling Moisture.

Anyone exposed to these winds in a weakened condition of the system is liable to heavy colds and an attack of la grippe, with its various dangerous local manifestations. It is exceedingly important to break up la grippe in its inception, in order to avoid after consequences, because this terrible disorder, if allowed to progress, invariably searches out your weak point and does its deadly worst there. Any cold may develop into la grippe, or the la grippe itself into consumption, so break it up at once.

You need not fear consumption if you keep your digestive system in good order and your health up to the normal standard. To do this latter, live and dress hygienically and avoid taking cold. Read this letter from Mrs. Lydia Armstrong, New Utrecht, Long Island, New York:

Roy, N. V. DEAR SIRS:—I cannot say too much in favor of a medicine that works such wonders as Shiloh's Consump.

stand how any human being who is endowed with common sense dares to let a cold have its own way unchecked. Nothing but ignorance of one's own anatomy can account for it. I should like to tell them how I proceed in my own family. If any of them take a cold, I prepare a hot mustard foot-bath, make the sufferer go to bed, put the foot-bath under the blankets, so there will be no chance of taking more cold, and get my patient into a fine sweat. A drink of hot lemonade helps on the perspiration. I then give a dose of Shiloh's Cure and leave my patient under its influence, repeating it when necessary. This is taking old la grippe by the forelock, a proceeding he does not relish, for he always takes leave at once. There are only two methods to accomplish anything through action on the part of the Government. One is for the insurgents to buy Cuba and pay therefor by an issue of bonds to be guaranteed by the United States Government. The other is through a friendly intervention on the part of our Government to obtain the most liberal measures possible from the Spanish Government in behalf of Cuba.
