John Macdonald & Co. Wellington and Front Sts. East,

That is the Question That Was Discussed by the Island Association Yesterday.

PEARSON SAID PLANT OR NOTHING,

Mr. Pearson spoke from the Gas Company's stanupoint. He was against the suggested double-pipe system. If the outside pipe was big enough to admit a man, the pipe was big enough to admit a man, the pipe was been one than all life was worth.

they couldn't and the leak. It was a case of of plant or nothing.

Foreman Laxton, the expert of the Gas Company, declared the pipe scheme perfectly leasible, and the association thought it queer that the man the company has employed in all its works should recommend the project while the company took the other side.

The Petroleum Idea,

The Petroleum idea,
Petroleum is not a new or uncried remedy.
As a remedial agent it was known to the
ancients, by whom it was considered a
sovereign specific. We find records of its
use in the early historical periods of the
Persians, Assyrians and Egyptians; while
the indians and pioneer settlers of America
were fully aware of its remarkable curative
properties.

were fully aware of its remarkable curative properties.

More lately it has been used by the medical profession and the laity in the regions of its production, and within a few years the medical profession at large has come to recognize its great therapeutic value. It has only been within recent years that the properties of Petroleum have been discussed through the columns of medical journals and text-books on Therapeutics. What has been written on the subject, however, gives, in very positive language, the What has been written on the subject, however, gives, in very positive language, the most gratifying results from its use when properly purified, both as a medicine and as a reconstructive. Articles have appeared in journals and reports have been received from physicians in all parts of Great Britain and the United States attributing great value to Petroleum as found in Angier's Petroleum Emulsion in the treatment of Consumption, Bronchitis, Influenza, Catarrih, Asthma, Diseases of the Digestive Apparatus and of the Kidneys and Bladder, as well as in Wasting Diseases. It appears to have especial value in all pulmonary complaints.

See advertisement elsewhere in this issue, and if interested call at the office of the Angier Chemical Company, in the Confederation Life Building.

What It Costs to Care for Patients Who Are Sent Up by the Medical Health Officer.

ready increased. If you Against Deputy Fire Chief Davis-Was His Talk Simply Wind ?-Clarke a Mayoralty Candidate,

> admitted at various seasons of the year, Dr. neard, in his usual monthly report to the nent of the monthly payments from the spital appropriation for hospital patients, and also of the number admitted.

The total amount expended for the maintenance of hospital patients in the various city hospitals, for the years 1894 to 1899 inclusive, was as follows: 1894, \$24,714.35; 1895, \$28,163.30; 1896, \$32,858.75; 1897, \$36,428.60; 1898, \$34,816.50; 1899 (nine months), \$26,969.50. These sums-were divided among the following hospitals: Toronto General Hospital, \$103,809; St. Michael's Hospital, \$43,164; Grace Hospital, \$25,841; St. John's Hospital, \$3270; Convalescent Home, \$5875; Western Hospital, \$3686.

The Average Cost,
Further on in the report, Dr. Sheard gives the average cost of patients as follows: General, 1895, \$14.48; 1896, \$13.81; 1897, \$13.56; 1898, \$14.49; 1899 (nine months), \$13.54. St. Michael's, 1896, \$13.41; 1897, \$12.92; 1898, \$14.40; 1896, \$13.92; 1898, \$15.14; 1899 (nine months), \$15.67 acc, 1895, \$14.40; 1896, \$13.92; 1898, \$15.14; 1899 (nine months), \$13.49. Western, 1897, \$14.34; 1898, \$22.91; 1899, (nine months), \$13.49. Western, 1897, \$14.34; 1898, \$22.91; 1899, (nine months), \$13.49. enance of hospital patients in the various

But a Committee Was Appointed to Talk Him Over to Pipes.

The Island Association met at the Rossin House yesterday afternoon to decide what it would do with the gas question. President Wade occupied the chair, and there were present: J. T. Small, N. Weatherston, A. L. Goldman, F. O. Cayley, H. C. Mac. Referring to the general health of the finite words and the general control of the section, and there were present: J. T. Small, N. Weatherston, A. L. Goldman, F. O. Cayley, H. C. Mac. Referring to the general health of the

dent Wade occupied the chair, and there were present: J. T. Small, N. Weatherston, A. L. Goldman, F. O. Cayley, H. C. Maclean, R. O. Martin, J. Pearson, R. N. Gooch, Lockhart Gordon, R. Dennis, L. Basimure, W. K. McNaught, R. Donald, B. Robins, W. Galt, Ald. Hanian, Burns, Hubbard and others.

The members sat round the walls of the room with Christie hats perched on one knee, and conducted the discussion in the most harmonious tashion, in spite of the lact that one taction wanted the gas piped to the Island and the other would agree to nothing out a plant at the south end of the laintents.

Lawyer Small, who represented the pipe Islanders, and it want to go past a pant where he had to hold his bose. He wanted to see the pipe one of a double arrangen.e.d., so that in case of reak no water would mind the way in their light or cooking apparatus, Lockhart Gordon wanted gas in any shape, and Prof. shuttleworth quoted science to show what remedies it could provide against nealth-kinling smelfs.

A vigorous Speech, Perhaps the most vigorous speech was made by Contractor k. Dennis, who center to show what remedies it could provide against nealth-kinling smelfs.

A vigorous speech, Perhaps the most vigorous speech was made by Contractor k. Dennis, who centered to put up a gas plant at the Island on the chaptes fraces, air, Jennis switched around and said he would like a chance to tender

Mr. Pearson spoke from the Gas Company's stanupoint. He was against the outside propers and provide and

it wound be more than his life was worth, it gas was leasing, and in a smaller pipe they couldn't and the leak. It was a case of plant or nothing.

Foreman Laxton, the expert of the Gas Company, declared the pipe scheme perfectly leasible, and the association thought it queer that the man the company has employed in all its works should recommend.

Unbelief will be saved if there be even one member of the Ministerial Association who is prepared to admit over his signature that, in regard to that Pavilion entertainment, he practised in private what he preached in public; in other words, that he did not even take a peep at the paper to see who the victor at that boxing match was."

The letter was received as so much wind.

A Bylaw is Necessary. ployed in all its works should recommend the project while the company took the other side.

A Committee's Work.

It was finally decided that a committee wait on Superintendent Pearson of the Gas Company until he agreed to pipes, and the members chosen, who whi report at the next meeting, Dec. 18, 4.30, are: Messrs. J. 1. Small, R. N. Gooch, Lockhart Gordon, R. Donaid, R. Dennis, H. Wade.

A Bylaw is Necessary.

The Mayor received a letter yesterday from Mr. S. H. Janes, protesting against the hauling of dead horses, etc., through thours of the day. Dr. Sheard, to whom the letter was handed, recommended that the City Solietor be instructed to prepare a bylaw to secure the necessary legismail, R. N. Gooch, Lockhart Gordon, R. Grace Church Objects.

On behalf of Grace Church. Messrs.

Grace Church Objects.

On behalf of Grace Church, Messrs. Carscallen, Hall & Payne wrote to the Mayor objecting to the church being assessed for a sidewalk. They claim the church authorities were not notified about the matter, and as the act says notice must be given, they, therefore, argue that they are not responsible. An interview is requested with the Board of Control.

Building Permits.

The City Commissioner issued the following building permits yesterday: S. J. Graydon, 79 Madison-avenue, two-storey and attic brick residence, 51 Madison-avenue, near Lowther, \$8000; O. Newcomie, one-storey brick and roughcast addition to kiln on Bellwoods-avenue, \$2090.

The Chief replied that he would have one work arms we discovered to the following and before the next meeting?

The Chief replied that he would have one work arms.

Another Secret Conference.

In the Mayor's office yesterday a private conference was held between Mayor Shaw, Architect Lennox, Ald. Woods and the City Commissioner. It is understood that the four talked over the appointment of a permanent staff.

permanent staff.
Clarke in the Field. It is now almost an assured fact that E. F. Clarke, M.P., will be a candidate for the mayoralty. In all probability he will publicly proclaim his intention of entering the fight to-day.

the mayoralty. In all probability he will publicly proclaim his intention of entering the fight to-day.

The Chief's First Recommendation. The first recommendation from Chief Thompson was made to the Fire and Light Committee at their meeting yesterday afternoon. It was that a relief engineer be appointed to take the place of the men on their days off. The Chief pointed out that it was absolutely necessary to always have a competent man in charge of the engine. As it now is, when the engineers go to their meals, the engines are left in the hands of the stokers, and he thought that it would be a great deal better to have a fully qualified man in charge, who thoroughly understood his business.

The recommendation from Chief to the west and southwest, the great winter tourist line to California, Mexico, Texas and all southwestern points.

Every Wednesday at 9 p.m., a personally conducted tourist sleeping car will leave St. Louis for Los Angeles and San Francisco. Passenger arch St. Louis next day at 2 p.m., Kansas City 9.30 same evening, Den. As it now is, when the engineers go to their meals, the engines are left in the hands of the stokers, and he thought that it would be a great deal better to have a from any railroad agent, or J. A. Richardson, District Passenger Agent, northeast from and yonge-streets, Toronto, and St. Thomas, Ont.

Demanded an Investigation.
