ISO YONGE ST., TORONTO SERVICES SERVICES SERVIC	Lake Erie near its bigh water stage during the season of navigation by constructing a dam across Niagara River below Buffalo harbor. The water lost by evaporation in summer, says The National Geographic, Magazine, could be partially replaced by accumulating the surplus-water during the closed season and releasing it when most necessary in the open season. The best lo- cation for a dam is, according to the board, at the foot of the lake, just below Buffalo harbor. A canal with a lock is provided on the American side around the end of the dam and the rapids at the head of the river. The cost of the regulating works is estimated at \$706,923, and of the lock and canal at \$2,325,967. The changes would raise the low-water stage about three feet in Lake Erie, two feet in Lake St. Clair and one foot in Lake Huron. MILITARY TRAINING AND THE	Monday, wednesday and Finday evenings, and now is the time to join, to be on par- ade at the beginning of the spring drills of the regiment, Amongst those who received medals on Wednesday evening list, presented by Miss- Mowat, the name of Mr. Edward Medcalf was onitted. Mr. Medcalf was a member of the Naval Brigade, and served under Capt. McMaster at Sarnfa. Notice of appeal has been entered by Henry Leach against a decision of Judge McDougail, which compels him to pay local improvement rates for a sidewalk on Col- lege-street. He claims that as the sidewilk is University property it is exempt from taxation. Miss Jean Wallace, nurse at the General Hospital, who is going to the Isolation Hospital, who is going to the Isolation Hospital to act in a similar capacity, has been presented with a handsome packet book and address by the patients in the ward over which she had charge. At 10 o'clock this morning Suckling & Co. Will sell in detail, at their warerooms, the time tafloring stock of Manchester & Co., Ottawa. This stock comprises an excellent assortment of tailoring cloths, 'clothing,' gents' furnishings, linings, trimmings, etc. They have received instructions from Mr.	Africa, will be presented during the even- ing. SIMPSON'S MILLINERY OPENING. The World's Young Man Was Bewil- dered, but Here Is How It Struck Him Yesterday. To the ladies who spend a happy hour in the millinery department of the Robert Simpson Company, Limited, heaven does not seem so far away, after all. To the male visitor the sight is enchanting from a spectaeular standpoint, but it conjures up thoughts of how much of it he will have to sign a cheque for. Hundreds of ladies attended Simpson's millinery opening ves- terday, and were carried away with the display, which is the largest, pretitest and most complete ever shown at the big store. Most wonderful thoughts in hats have bean put together, and the result is simply so ue- ting to marvel at. Corns of Expert Milliners.	New York. The course these works of millinery wo derment are high-priced, but the creation of the Robert Simpson Company's ow workspeeple give the same effects throug and, while much more moderate in price include all the dainty morsels in tho from the fashion centres. The effect is a there, and any lady can spend a delight thour looking over wonders in hats, shape ribbons and other trimmings. <b>Cheaper Sugar</b> . New York, March 6The Americe Sugar Refining Company has reduced to protee of all its sugars 10 cents per hi pounds. The usual reduction is 5 cents a time. This double reduction brings to prote 5.10 cents a pound. <b>Ecceeding</b> <b>Tortuged</b> <b>A Child</b>	B         B <t< td=""><td>go that take every movem leorned of II Tablets, and druggist, for his house and "I found I Tablets all r treme lamen the continu- loins, I had Off K, BU do y do</td></t<>	go that take every movem leorned of II Tablets, and druggist, for his house and "I found I Tablets all r treme lamen the continu- loins, I had Off K, BU do y do
<text><text><text><text><text></text></text></text></text></text>	Lake Erie near its bigh water stage during the season of navigation by constructing a dam across Niagara River below Buffalo harbor. The water lost by evaporation in summer, says The National Geographic. Magazine, could be partially replaced by accumulating the surplus-water during the closed season and releasing it when ńost necessary in the open season. The best lo- cation for a dam is, according to the board, at the foot of the lake, just below Buffalo harbor. A canal with a lock is provided on the American side around the end of the dam and the rapids at the head of the river. The cost of the regulating works is estimated at \$706,923, and of the lock and canal at \$2,325,967. The changes would raise the low-water stage about three feet in Lake Erie, two feet in Lake St. Clair and one foot in Lake Huron. MILITARY TRAINING AND THE SCHOOLS. The military system of Germany is no such great evil to the country as has been Wou've tried almost every- thing for it, haven't youi And we presume you are about discouraged. The water lost by evaporation in summer, says The National Geographic, Magazine, could be partially replaced by accumulating the surplus-water during the closed senson and releasing it when most necessary in the open season. The best lo- cation for a dam is, according to the board, at the foot of the lake, just below Buffalo harbor. A caual with a lock is provided on the American side around the end of the dam and the rapids at the head of the river. The cost of the regulating works is estimated at \$706,923, and of the lock and canal at \$2,325,067. The changes would raise the low-water stage about three feet in Lake Erie, two feet In Lake St. Clair and one foot in Lake Huron. MILITARY TRAINING AND THE SCHOOLS. The military system of Germany is no such great evil to the country as has been Made we presume you are about discouraged. Now what do you think of our what do you think of our idea of breathing-in the medicine, bringing it righ up to the diseased part it looks reasonable, doesn't it ? Anc is successful, too. When you inhale Vapo-Cresolene your breathing becomes easy, the wheezing ceases, and you drop to sleep. For croup and whooping cough it's a quick cure.	<text><text><text><text><text></text></text></text></text></text>	Africa, will be presented during the even- ing. MRRS. R. J. ARNOLD A Well-known Lady of Wood- štock, N. B. Cured of Nervous Prostration and General Weakness by the use of Milburn's Heart and Nerve Pills. Nervous prostration, more than any other disease, is rendering invalid many of the fairest and best women of the land. Dozons of remedies have been suggested and offer- ed as a cure for this disease, but none has proved of such positive value as Milburn's Heart and Nerve Pills. The proofs of the efficacy of this remedy for nervous dis- orders are abundant. Here is the statement of Mrs. R. J. Arnoid. Woodstock, N.B.: — "Thave been troubled for some time with nervous prostration and general weakness, isening irritable, debilitated and sieeplese menty all the time. — "My entire system became run down trom the effects of this nerve and physical merves. Every dose seemed to help the mer on the effects of this nerve and physical man definition and general weathness, isening irritable, debilitated and sieeplese mery and gave tone to my entite, sys- ind a calming, soothing infuence upon the merves. Every dose seemed to help the mer of the discuss of this nerve and findence ind chertruly recommend them to every mere ruling a heart and nerve tonic. — Now, if every nervous, veak, run down worn-out woman would take Mrs. Araoid's of this province. — Weatness would be in the mes of this province. — Weatness would be in the	<ul> <li>The fact that we have also declared dividends to Policyholders amounting to \$36,652,95, our experience must be considered phenomenal.</li> <li>The Report was adopted, the retiring Directors, Jas.
