London, Wednesday, Oct. 2.

Hay was in small supply and the demand was good, at $16 to $16 50 per ton.
Straw sold at $7 per ton.
Oats sold at $1 54 to $1 56 per cwt.

WEEKLY REVIEW.

The markets the past week were well attended by the farmers and buyers. Trade was brisk in nearly every line, and the prices obtained by the farmers should have been satisfactory to them, as they were considered high by those who had to make purchases.

Grain—The supply of oats is about equal to the demand; prices are steady, at $1 55 to $1 57 per cwt for new and $1 60 for old oates. Wheat is selling at 90c per bu. Barley, $1 32 to $1 35 per cwt. A nice lot of beans sold at $1 25 per bu.

Hay and Straw—Hay continues to be a brisk sale, and there is no indication of lower prices at present; sales are made in nearly every case at $16 per ton. Straw is scarce and higher in price, at $7 per ton.

Butter and Eggs—Butter is exceedingly scarce; prices are 23c to 24c for crocks, and 25c for pound rolls; creamery, 26½c to 27c. Eggs are in excellent demand and prices are higher than a week ago; sales are made at 22c to 25c for crates and basket lots, and 25c by the single dozen.

Potatoes—The demand is fairly brisk, at 80c to $1 per bag; most of the sales are made at 90c.

Apples—Not many are being bought for winter yet; most of those offered are of inferior quality; sales are made at 40c to 60c per bu; winter apples are selling at $2 50 per barrel, and they will be higher.

Poultry—The dealers are offering 8c per lb for spring chickens which are of large size, and 10c per lb, live weight, for birds which weigh about 5 lbs to the pair; old fowl are dull, at 6c per lb alive and 7c to 7½c dressed; ducks are in fair demand, at 8c to 9c per lb, alive and dressed; turkeys, 11c to 12c per lb.

Dressed Hogs—Most of the sales are made at $8 50 per cwt; the demand is good.

Live Hogs—The buyers are looking for lower prices; for last Monday's shipment $6 per cwt was paid; the price for next Monday will be about the same.

Butchers' Meats—Beef sells at $4 50 to $6 50 per cwt; veal, $8 to $9 per cwt; lamb, 11c to 12c per lb; mutton, $6 50 to $9 per cwt.

Hides—Prices are 1c per lb lower, at 6½c for No. 1, 5½c for No. 2, and 4½c for No. 3.

DAIRY MARKET.

LIVERPOOL DAIRY REPORT, WEEK ENDING SEPT. 20.

[Hodgson Bros.' Letter.]

Cheese—The demand has been fair, but the inquiry is not so active as last week, and there is no material alteration to advise in prices. The general position is about unchanged, except that there are freer offerings of stored goods, which compete with choicest latest arrivals. We quote today: Finest western Canadian, colored, 59s to 60s per cwt; do, white, 58s to 59s; finest Townships, colored, 59s to 59s 6d; do, white, 57s 6d to 58s 6d; a few Quebecs, chiefly white, selling at about 58s.

Butter—With the small supply and the higher c. i. f. quotations, the market has further advanced, though the general demand is limited. Copenhagen, u[nder] the influence chiefly of German demand, has advanced a further 2 kroner for next week. Irish butters are in diminishing supply, but with Siberians, which are still plentiful, they are the best value obtainable. Today's quotations are as follows: Choicest Canadian creamery, in 56-lb boxes, 108s to 110s per cwt; choicest Danish, in Kiel casks, 113s to 116s; choicest Russian and Siberian, as to quality, 80s to 100s; choicest Australian and New Zealand, 100s to 108s; secondary qualities, chiefly Australians, 84s to 94s; choicest Irish creamery, 105s to 110s; choicest States creamery, States process creamery, States ladles, imitation creameries and Canadian dairies, none.

LICENSE HOLDERS STIRRED

Talk of an Aggressive Campaign To Head Off Temperance Party.

Toronto, Oct. 2.—At a meeting of the executive of the Ontario License Holders' Association held here yesterday it was decided to call a convention to meet in Toronto on Oct. 22, when from 500 to 800 members will be present.

Reorganization is in the air. It appears that there has been considerable friction between the local branches and the provincial organization, and it is hoped to put an end to this, and have the local organizations act as subcommittees of the main society.

Active work will be commenced, if plans mature, to conduct an aggressive opposition to the temperance party in the Province, who are regarded as making too much headway.

Secretary Edwin Dickie resigned after thirteen years of service.

THAW'S SECOND TRIAL

Likely to Begin Early in December and Be Short.

New York, Oct. 2—Harry K. Thaw's second trial is likely to commence in the early part of December. It may be, nevertheless, that Mr. Jerome wants to wait until after the holidays. He is of the opinion that the second hearing will be shorter than the first, and that only a few experts will be introduced by the defense.

The experts will claim, as they did at the first hearing, that Thaw was insane at the time he killed Mr. White, but that since his confinement in the Tombs he has regained his lost mind, and that today he is perfectly sane.

After years of waiting a young woman admirer of Kipling at last met the man of the "Plain Tales." "You!" she cried, staring at the author. "You, you are Rudyard Kipling!" Naturally Kipling felt embarrassed. "Yes——" he mummured modestly. The lady continued to marvel. "But I thought," she finally explained, "I thought you were—oh, how shall I say it?—something quite, quite different!" "Oh, I am," Kipling hastened to tell her in a very confidential tone," I am, madam. Only, you see, this is my day off."

THE THAMESVILLE OLD BOYS' REUNION

Largest Crowd Ever Seen in the Place—Hon. George P. Graham Present.

Thamesville, Oct. 2.—The Old Boys' reunion here was a very splendid affair, the weather being perfect. There was a very large crowd present, and the utmost enthusiasm prevailed. In fact, it must be said that the largest crowd ever seen in Thamesville was here yesterday. Every train brought in a large number of home-comers. The Detroit and Windsor Old Boys came home on a special train over 200 strong. They were met at the depot by a committee of the town and escorted to Sherman Park, where the exercises were held. Mr. John Howatt, Thamesville, was chairman.

Reeve Ferguson was the first speaker, and he welcomed the Old Boys to Thamesville on behalf of the home guard. Mr. T. W. Sims, president of the Old Boys' Association, welcomed the Kent delegation and the Detroit boys on behalf of the association. He considered the reunion a great success, and was more than honored in having had the privilege of addressing them. He tendered them a thousand welcomes. Mr. Sturgis also spoke briefly on behalf of the home guard.

The Detroit delegation then took charge of the programme. Mr. J. Winters, president of the Detroit-East Kent Association, took the chair, and told them how great was their pleasure in coming home again. They lived under another flag, most of them, but they were still loyal to their old home and their old flag. Mr. J. Bedford, Windsor, Mr. W. C. Stevens, Detroit, and Rev. Mr. Hazzard also spoke briefly.

In the afternoon, another demonstration was held at Sherman Park, at which Hon. George P. Graham, minister of railways, and Mr. Phil Bowyer, of West Kent, delivered addresses. Mr. Graham spoke of the greatness of Canada, its infinite resources, and its material prosperity. There were greater things than all these, he declared, and men must recognize their moral obligations if a nation is to be truly great. He touched on the Jap trouble, and said that it was a question that must be settled rationally, and that there must be no panic.

Thamesville defeated Dresden in a game of ball for the $50 trophy by a score of 8 to 2.

The Home Boys and the Old Boys played a game of ball, the home guard winning by a score of 7 to 6. J. W. Dulong umpired both games in good style.

The councilors' ball was to have been held last night, but it did not come off. It will be held Jan. 1.

SARNIA MAN KILLED

C. P. R. Yard Foreman, Charles Nelson Crushed at Regina.

Regina, Sask., Oct. 1.—Charles Nelson, a C. P. R. yard foreman, while working on the Arcola switch yesterday coupling coaches, gave the signal to the brakeman, but evidently got caught between the coaches when the train started to move. No one knew of the accident, and the engine was uncoupled and taken away, but immediately after the car inspector found Nelson in a terribly crushed condition, jammed between two coaches. The engine was immediately rushed back and Nelson removed, but life was extinct. He was 28 years of age, and has a brother in Regina. His parents reside in Sarnia.

Galt, Oct. 2.—The great Galt Fair opened yesterday afternoon under favorable auspices, the weather being perfect, and the entries ahead of any exhibition in the annals of the society.

At the park speeding events were on, and a fair-sized crowd witnessed them. At night the exhibition was the scene of a promenade concert. The track events were:

All mechanics in France are obliged to serve an apprenticeship of from two to three years, during half of which period, at least, they receive no wages and must board themselves. In addition to this each one must give up two years of his life for military service, for which he receives 1 cent a day and board and clothes. It will be seen that every mechanic in France must expend four or five years of his life without wages before he is prepared to earn from 97 cents to $1 17 a day.

OREGON SHERIFF KILLED BY BOMB

Men Connected With Western Federation of Miners Are Blamed.

Baker City, Oregon, Oct. 2.—The western faction of the miners was accused of instigating the death of Harvey K. Brown, formerly sheriff of this county, in an anti-mortem statement made by the victim yesterday afternoon.

Brown was blown up by a bomb as he was entering his front gate late on Monday evening, the outrage being in many respects similar to that which destroyed former Governor Stunenberg of Idaho. The anti-mortem statement reads:

"I was on my way home from uptown last night, when I met a man in front of a residence about a block from my house, and spoke. The man made no reply. This man was about 5 feet 10 inches tall, his weight was 165 pounds. He wore a brown suit and a celluloid collar, and was clean shaven. I have been conscious of having been followed for three weeks, and I have no doubt been closely watched by persons connected with the Western Federation of Miners, and that I was marked for death on account of my connection with the Stunenberg case."

Brown died soon after making the statement.

The town is wrought up at the deed. Practically no business is transacted, and the people are gathering in public places to discuss the crime.

Brown arrested Steve Adams at Haines, where the latter was wanted as a witness in the Stunenberg case, and he testified at the trial of Adams in Wallace, when the latter faced a jury on the charge of having murdered a claim-jumper.

Friends of the former sheriff assert that he frequently mentioned the threats made against him.

BABY DROPPED OFF TRAIN

It Fell From Soo Express—Picked Up Without a Scratch.

Ottawa, Oct. 2.—A woman on the Soo train discovered, when about a mile west of Almonte, that her little child, which had been wandering up and down the car, was missing. A search was made through the train, but the babe could not be found.

Then there was only one conclusion to come to: the child had fallen off the train and was possibly badly mangled, if not killed.

The mother was frantic, anticipating the worst. To her great joy it was found, on wiring from Arnprior, that the baby had been picked up all right, without a scratch, at a point along the road where the Soo train travels about thirty miles per hour, and was awaiting a claimant at Almonte.
