The Pure Food Movement

is very strong in Canada to-day. In no article of diet is purity so important as in flour, for flour is the basis of more than half your food. It is your duty, therefore, to see to it that the flour you use is pure.

"FIVE ROSES" FLOUR is made by a process which insures absolute purity, in so tar as it can be secured by the most scientific milling methods. From the time the wheat enters the mill until the flour reaches the cook it is untouched by human hands. The grain itself is thoroughly cleansed before grinding, whilst the flour is sifted, time after time, through the finest silk cloth, in order to remove the smallest impurities.

These processes render "FIVE ROSES" an easy and satisfactory flour to use, and insure better results on baking day than can be obtained with any ordinary brands.

Ask your grocer for it.
