Eyes Weak?
If your eyes are weak and weary, strained, your vision blurred, if you find it difficult to read and must wear glasses, go to your druggist and get a bottle of Bon-Opto tablets. Drop one in a fourth of a glass of water and bathe the eyes two to four times a day. Stronger eyes, clearer vision, and sweet relief will make you tell your friends about Bon-Opto.
Note: Doctors say Bon-Opto strengthens eyesight 80% in a week's time in many instances. Agents—Standard Drug Company, Strong's Drug Store.

Miss Lillian Hurd of Glendale was the recipient of a club bag and traveling companion last evening, in recognition of her services as organist of the Glendale Methodist Church for the past eight years. An address was

read by Miss May Caldwell and the presentation made by Ezekiel Dale. Miss Hurd was surprised at this token and replied suitably.

S. H. Gilbert and Russell Gilbert, Maple street, are in New York, and will be absent from the city for several months.
Miss Gertrude Moorehouse is visiting in Buffalo, Hamilton and Brantford.

Lemon juice. Pour it over the fruit, and mix lightly. Serve when quite cold. The dressing will be found to have spread a delicate glaze over the fruit. Where has "Margaret Landley" gone to? I would like to hear what she has to say on "voice for women" and great men, while they allow the production of liquor, the curse of the human race, to continue.

Now, I hope some of the readers will favor me with the pieces I asked for, and let this find its way to the W.B. The dress will be found to have spread a delicate glaze over the fruit. Where has "Margaret Landley" gone to? I would like to hear what she has to say on "voice for women" and great men, while they allow the production of liquor, the curse of the human race, to continue.

Save Food and Send Food. We women who are talking about the conservation of food, and trying to cut down the expenses of our households, might profit by a glance at this bill of fare for a day.
Breakfast: 4:30 a.m.—Thin soup or porridge, slightly sweetened.
Dinner: 12 o'clock (noon)—Soup of coarse beans and potato peelings and Indian corn (often rancid).
Supper: 6 p.m.—Raw herring (generally high) and three potatoes, only partially sweetened.
Dinner: A ration of about three slices of Black Bread.
Once a week—Rice and prunes.
Not a very tempting array, is it? Not very nourishing. And yet it is copied word for word from the report of a returned prisoner from the Red Cross Society. This man also stated that these who received Canadian Red Cross parcels left the prison fare untouched and gave it to the Russian prisoners, many of whom died of starvation. We are thankful to remember that as far as lies in our power we Canadian people are striving to make the hard lot of the prisoners in Germany bearable. We are sending them regularly food parcels through the Red Cross Society from England. As long as these are sent regularly we have

every reason to believe that our boys in captivity are not suffering. But, no one needs to be told that the price of food is going up steadily. When the cost of bread and meat is so high in Canada, what must it be in England? Yet these prisoners must be fed from the food that we have. It is a terrible thought, but it is a fact. If our imprisoned soldiers in Germany are not left to starve, rather than starve, on the above menu, we Canadian people must supply the food. And the only way to do it is by supplying the money to buy that food. There is a Frisbees Club in connection with the Red Cross Society. Its needs are constantly growing, and the money to supply the money to buy that food. There is a Frisbees Club in connection with the Red Cross Society. and your hat looks like new. To remove perspiration stains on white clothes and under garments, simply dampen the article with a little lemon juice before it is put into soap and water.
A sample will be found excellent to put on to take out all fruit stains. Also spritz camphor wherever mice are and they will leave instantly.
If an unpeeled lemon is cut in slices and put in the boiler with the clothes to be washed, the lemon will remove the stains and make the clothes beautifully white. Wash in close with best soap for all, Miss Grey, of course, included.
