Victoria Industrial School Wants to Borrow \$25,000.

That it is imperative that some steps be taken to relieve the overcrowding of the cottages at Victoria Industrial School, and that \$25,000 be borrowed from the Ontario Government for this means on security issued by the institution, was a motion passed at the meeting of the board of management of the Industrial School yesterday.

Treasurer Beverley Jones said that all cottages of the institution were crowded to their greatest capacity, in fact so much that it greatly hindered the progress of the pupils. This situation was largely due to the fact that a few years ago the Ontario Govern-ment closed the school of correction at enetanguishene and moved the pupils There are 248 boys in the school,

For the Woman Who Has Beautiful Hair

(New York Theatrical News.) The beauties in the Anna. chorus are famous for their pulchri-tude. Their coiffures add a great deal to their charms. How they can "manage," such abundance of beautiful tresses day in and day out, keeping always the same well-groomed appearance, is beyond the ken of the average woman. But, listen while I whisper, these girls depend altogether upon dry shampooing to keep their hair fine and glossy.

They mix 4 ounces of powdered orris -root with 4 ounces of therox, and they are prepared for a season's shampooing. Once or twice a week they sprinkle a tablespoonful of this mixture on the head and then brush the powder well through the hair. That is all there is to it, and they have escaped the bother and discomfort that accompany washing, rinsing and
