

the kind referred to, and they are agreed that in the circumstances as they exist today such periods should be extended.

Concerning Germany

Concerning Germany, the memorandum says: "It is most desirable in the interests of the allied countries no less than of Germany that at the earliest possible moment the total of repayments to be made by Germany under the treaty of Versailles should be fixed and that in accordance with the terms of the treaty and the reply of the powers to the German delegates, dated June 15, 1919, she should be enabled to obtain essential foodstuffs and raw materials, and, if necessary in the opinion of the reparations commission, should be allowed to raise abroad a loan to meet her immediate needs of such amount and with such priority as the reparations commission may deem essential."

"In the case of Austria the powers recognize that even more active assistance may be required to be given."

The memorandum makes the following general observations: "The process of recovery of Europe must necessarily be slow and which cannot be expedited by short cuts of any description. It can be most seriously hampered by the dislocation of production, by strikes, lockout and interruptions of work of all kinds."

"The civilization of Europe has indeed been shaken and set back, but it is far from being irretrievably ruined, by the tremendous struggle of which she has passed. The restoration of her vitality now depends on the whole-hearted co-operation of all her children, who have it in their own hands to delay or accelerate the process of reconstruction."

"It is the hope of every government that improved conditions of livelihood and employment may be assured to workers. Taking the allied countries as a whole the recovery of the normal conditions of life is now being followed by the tense strain of war is gradually passing since hostilities terminated, and the citizens of every country are once again resuming their normal occupations of home life in their renewed labors the conference sees a clear sign of renewed prosperity."

Conditions Reviewed

The memorandum reviews conditions in Europe at length, estimating the increased cost of living in the United States at 120 per cent, Great Britain 170, France, Italy and Belgium at 200 per cent. It estimates the men under arms in Russia at 1,500,000; Poland, Rumania and the former Austro-Hungarian empire at 1,000,000; wheat sown in Rumania on December 1, 1919, 5,800,000 hectares, against an average before the war of 1,900,000 hectares. It compares the coal production in millions of metric tons in 1913 and 1919 as follows: Great Britain 292, against 234; France, including Lorraine, 24, against 22; Germany, excluding the Ruhr region and Lorraine, 137, against 109; the United States, 517, against 485.

BUILDING MEN WILL CONFER ON NEW SCALE

Hamilton, March 9.—To the District Building Trades Council, the business agent, Samuel Lawrence, has reported that arrangements have been made for a conference between the representatives of the Master Builders' Association and the business agents of the various building trades unions, in regard to a new agreement as to wages and working conditions. It will be held within two weeks.

Flies Cured in 6 to 14 Days

Druggists refund money if PAXO OINTMENT fails to cure Itching, Blind, Bleeding or Protruding Piles, Swollen Hemorrhoids and Heals. You can get PAXO OINTMENT at the first application. Price 60c.

BRIDGE OVER THE DON.

Tenders for the construction of a new bridge across the River at the Don Mills road are in the hands of Engineer James of the Toronto and York Roads Commission by Friday of this week, and construction will begin in the spring. The new bridge will be a great improvement over the present one. It will be built about 50 feet down stream from the one now in use. The new bridge will be a great improvement over the present one. It will be built about 50 feet down stream from the one now in use.

Norway Residents Find Small's Pond Nuisance

Considerable dissatisfaction is expressed by the residents of Edgewood avenue regarding the unsatisfactory manner in which the sewage works department has filled in the area of Small's pond which crosses the roadway in their neighborhood. A small culvert was put in prior to the filling in of the section of the pond last fall which has now been found insufficient to carry off the water from the ravine close by. A new culvert is being formed by reason of the water backing up and spreading to a depth of about six inches over the land of the residents in the vicinity.

Simpson Avenue Methodists Elect Officers for Year

The annual meeting and election of officers in connection with Simpson Avenue Methodist Young Men's Progressive Bible Class was held recently in the church and the following officers elected: Fred C. Hill, president; Gordon Young, first vice-president; J. Myrae, secretary; and Dr. E. W. L. Addison, teacher. After the business proceedings, an enjoyable supper was served and a musical and literary program contributed. Miss Stocks rendered several pleasing solos. Moving pictures by the Pathoscope were also shown, and a well-contested game of basketball was played by the junior and senior teams, resulting in a win for the juniors. Dr. E. W. L. Addison, the speaker of the evening, gave an appropriate address on the work of the organization. Rev. J. R. Patterson, pastor, was present.

EARLSCOURT B.I.A. FOR INVESTIGATION

Earlscourt won a notable victory over the Toronto Ferry Co. two years ago when they attempted to raise the fare to 15 cents. It will be remembered that the fight was taken up vigorously by various deputations that waited upon the board of control, condemning the proposed increase. With a view to preventing another effort on the part of the ferry company to raise the fares again this year the British Empire Association passed the following resolution, which was moved by J. R. MacNicol at a meeting held in "That it is only just to the citizens of Toronto that an impartial investigation be afforded to all the ferry company's books, pertaining to Hamilton Point with a view to determining whether the ferry fares should be raised or less than the present price or raised to more than a ten cent fare. President Geo. Wills occupied the chair.

YORK COUNTY AND SUBURBS DANFORTH OBJECTS FARMERS WHO WANT TO ONE MILL RATE NEW MUNICIPALITY

Ratepayers Oppose Park Purposes Levy Except With People's Mandate.

The housing situation, the question of the city's proposed application to the Ontario government for legislation for a one mill rate for park purposes, the H. C. of L. Pape avenue car line and local school matters were chief questions discussed at the regular monthly meeting of Danforth Ratepayers' Association, held in Franklin School, 1000 Pape avenue, last night. H. Luxton, president, occupied the chair.

The following resolution was adopted, moved by J. Sutherland: "That the association is opposed to the city council asking for legislation to increase the mill rate on the citizens for park purposes, exclusive of maintenance, without first applying for a mandate from the people."

"There are more urgent needs of the citizens than parks," said Albert Hanna, secretary, who added that the matters of transportation, education and police were live subjects and considerable sums would be requested for these purposes. Mr. Hanna thought that the citizens would not object to an extra half mill rate, exclusive of the Canadian National Exhibition, from which a fair revenue is returned to the city. He urged the council in applying for legislation without consulting the people is vicious in the extreme. He said the parks committee of the parks commission is not to save money, and is ready to challenge any one who had the Greenwood property been secured \$70,000 would have been saved to the city, an instance, said Mr. Hanna, of the parks commission's extravagance. "There is a right way to spend the citizen's money," he said, "and that is to prevent the attempted reroading of the Rosedale station, the acquisition of the Home Smith lands, and the proposed expenditure of \$15,000 for park policeman who would be on the farms to produce food," declared Mr. Hanna.

People's Will Consent. A. J. Smith, president of Riverdale Horticultural Society, said: "While in agreement with a fair sum of money being expended for parks, he was opposed to the purchase of parks without first obtaining the consent of the people. He also did not agree with police control of parks, but thought that there should be one or two men complete parks to prevent the trees, shrubs and plants from being destroyed by children and vandals. The trees would be saved in one season," said Mr. Smith, who pointed out that four trees were barked recently in the Windsor park, and the trees are now dead.

Objection was raised to the automatic raising of signs which should be substituted for signs with the word 'This is your property, help to protect your trees, shrubs and shrubs, which notice is displayed in parks in New Brunswick.

Complaint was made that the children of Pauline school are sent to Kinberley school for manual training. It was decided to write the board of education regarding the matter. Alderman Honeyford reported having been in communication with R. J. Fleming, secretary of the Toronto Recreation C. Harris, works commissioner, and Chairman McIntyre of the Ontario Railway Board regarding the carrying out of the railway board's order to commence operations on the Pape avenue civic car line on Apr. 15.

No Zeal Shown.

The aldermen was of the opinion that the various officials did not show any great zeal in displaying special enthusiasm in connection with the matter from the tone of their various communications which the alderman read to the meeting.

METHODIST GIRLS' CLUB BANQUET.

Under the auspices of Riverdale Methodist Church, a mother's and daughters banquet was held in the church, corner of East Gerrard and Bloor street, last evening. Miss E. Short presided, and 75 of the girls were seated down to an enjoyable repast. The tables were tastefully decorated with the club colors, blue and green. The guests were waited upon by the teachers of the girls' department. Mrs. Olive Ziegler, secretary of the girls' department, gave an interesting talk on "What a Mother Means to a Girl's Department." Musical numbers were given by several members of the class and a short talk on the club's activities by Miss Isabel Gould of the Older Girls' Council. A very enjoyable time was spent by all present.

G.W.V.A. HARD-TIME BALL.

To raise funds for the distress fund of the Earlscourt branch of the G. W. V. A. a hard-time ball is to be given on Friday evening at the headquarters, Belmont Hall. The executive committee of the ladies' auxiliary have arranged some novel features in connection with it. The returned men are working in conjunction with the ladies to fill the hall with one hundred couples, its full capacity.

NEW PASTOR'S INDUCTIO.

Rev. W. S. Karas, pastor of North Broadway Presbyterian Church will be inducted into his new pastorate at St. John's Church, Hamilton, on Thursday evening next. A reception will be held at the ceremony. The former pastor of St. John's, the late Rev. (Capt.) MacGillivray, who died last November, served as a chaplain with the Canadian troops overseas and died on his return to Hamilton.

A comradely man

THEY deal in human nature stripped of its veneer. They see it at the pinnacle of its joys, and in the depths of its sorrow or degradation.

RECENTLY one of the leading officers in the Men's Social work of the organization after twenty years of devoted work on the altar of sacrifice and service, was "promoted to glory." One testimony described him as "a comradely man."

THAT graphic phrase illustrates the spirit in which their officers endeavor to interpret Christ's teaching to those whom they serve.

TODMORDEN ASKS REPORT ON SEWERS

Telephone Service Also Subject of Dissatisfaction—Poles Too Costly.

It was decided to write York township engineer asking him to visit the Todmorden Ratepayers' Association at a future meeting and report the progress being made regarding the water and sewerage system for the district at meeting of the organization, held in Torrens Avenue School last night. P. T. Cooper, president, occupied the chair. Among those present was Deputy Reeve J. A. MacGregor.

The lack of a sufficient telephone service in Todmorden was discussed at some length and complaints were made regarding the rates claimed the extortionate rates demanded by the company for installation. It was pointed out that where new wires were required to be erected, a price out of all reason was quoted, in comparison with the rates charged by the company for a comparatively short distance away. It was decided to appoint a committee to wait upon the Bell Telephone Company and request consideration in telephone installation for the residents of the district. Many complaints were recorded regarding the dumping of ashes in the public roadways by residents. Deputy-Measurer MacGregor stated that the commissioner has been instructed by council to prosecute offenders in the future and that this effect will be displayed in the district.

FEW EARLSCOURT HOUSES AVAILABLE.

Altho a large number of immigrants are expected to arrive in Toronto, beginning next month, many of whom will locate in the Earlscourt district, there are quite a number of out-of-country people who are making a trip overseas to relatives in England. Reports from the local consular agents indicate a larger number of outgoing passengers this year than last. Despite the fact that few if any houses are to be rented, repairs and changes are being made daily and weekly in this district. About 300 people were after a single house on Ashbury avenue yesterday, there being quite a dispute as to which was the first applicant, according to the agent. He said that the house was changed yesterday for \$3,000. It was changed hands yesterday for \$4,000; and two hundred more could be sold in a week if they were available.

NORTH EARLSCOURT GETS TONSILLITIS.

Tonsillitis has broken out in the north Earlscourt district and is claiming many victims, scores of residents being down with it. Not only have grown-ups contracted it, but children also, and many are absent from school in consequence. This complaint seems to have followed hard on the heels of the influenza which kept the doctors so busy recently.

Thieves broke into St. Chad's Anglican Church, north Dufferin street, and stole articles of value. The thieves have not been traced. The church is undergoing repairs and the thieves took advantage of this in making the break. Rev. A. J. Reid is the rector.

UXBRIDGE I.O.D.E.

At the annual meeting of the John Peel Chapter, I.O.D.E., Uxbridge, a successful year was reported. Donations have been made to the extent of \$455. The total receipts were \$945.63 for the year.

Officers elected for the ensuing year are: Hon. regent, Mrs. W. Hamilton; hon. vice-regents, Mrs. C. Gould, Mrs. M. Jarvine; regent, Mrs. D. Hepburn; first vice-regent, Mrs. E. R. Sharp; second vice-regent, Mrs. G. Gould; secretary, Mrs. W. T. Ryan; assistant secretary, Mrs. J. C. MacNicol; treasurer, Mrs. J. Littlejohn; Echo secretary, Mrs. G. Crosby; standard bearer, Mrs. C. C. Reid.

ALDERMAN BEAMISH IN VERY HOT WATER

Mount Pleasant Ratepayers Vow Vengeance—Ball Still Fighting.

Had Ald. Beamish been present last night at the meeting of the Mount Pleasant Ratepayers' Association, there is a slight possibility that this might have been a very hot affair, containing big "wasp" headlines announcing that gentlemen's sudden and violent departure from this vale of tears. However, this may be, it is a decided fact that the ill-effects were handed to him for his attitude in opposing the construction of the civic car line on Mount Pleasant road at the recent council meeting on Monday. One speaker, W. Webb, went as far as accusing the worthy alderman of possessing all the characteristics of the late unimpaired Judas Iscariot. "In fact, it might have been a good thing if he had followed Judas' example and gone out and hung himself," concluded the speaker. Towards the end of the meeting a vote was carried, condemning the stand taken by the alderman, in view of the fact that he had pledged his word at the last municipal election to support the civic line project.

The Mount Pleasant Ratepayers held their regular weekly meeting in Hodgson School, Daville avenue, last night, and in the natural course of events the defeat by council of the civic car line was the one topic of discussion. The killing of this project, which is undeniably a dire necessity in that end of the city, was a sore subject, and many forcible expressions of opinion were heard on Monday. A deputation from the association, headed by ex-Ald. Ball, would wait on the board of control today to urge certain amendments favorable to the line with further action should be taken.

M. H. Ball Champion.

Ex-Ald. M. H. Ball, who has been the champion of this line since it became a vital necessity, was cheered to the echo when he rose to speak. "We are going to act as a stimulant. We are going to resent the action taken by certain members of council, even if we have to wait until the next election to show it. We want some body to represent this ward who will give us a better deal than two of the aldermen whom we elected."

"Don't forget Ald. Winnett," shouted a member. "He stood by us like a man." "No," replied another. "Good old John Winnett is sound on this matter. He won't fall us."

"We must not delay in pressing this matter," continued Mr. Ball, "for delay is dangerous. He suggested three ways in which action could be taken to have the line built. The recommendation of the board of control favoring the line could not be introduced, he said, but a new recommendation could be brought in that the work be proceeded with by a vote and sanction of the legislature. Another way would be to go to the transportation commission when it was appointed, altho Mr. Ball himself stated that he did not favor this suggestion. The third way would be to have the necessary expenditure included in this year's estimates, which would mean approximately only one and a half mills on the dollar.

"We will ask the board of control if they can suggest a remedy when we appear before them tomorrow," concluded Mr. Ball. "Perhaps a mandamus would remind the council that they have to recognize a vote of the people."

North Toronto Influence. Chairman F. Bell also took a metropolitan whack at the Board. "The North Toronto Ratepayers' Association has opposed the Mount Pleasant line all along," he said, "and we know that Ald. Beamish has been a executive conference with their officials. His influence is apparent."

H. Tweedy, of the Central Citizens' Association, stated that the excuse given for the building of the line would cause a deficit, was untrue. He said that as soon as the line was built, the added revenue in increased taxes in that locality would more than account for any deficit.

He declared that he was not a secessionist, but that if the city would not grant them necessary improvements then it was only fair that they should be treated and allow them to do something for themselves. "The town of Leaside would be only too glad to take us in," he said.

"Well, the city took us in, too," interjected a member. (Laughter.)

Distinctive Overcoats

All the charm and exclusiveness of English cloths and expert tailoring are found in the new spring overcoats at Dineen's. The overcoats are different; they express the ideal in coats for young and middle aged men—not extreme in style, but yet convey the feeling that they are in advance and are smarter than you will find elsewhere. The choice is not confined to a few lines, but is so varied that any man can make a selection—Tweed, Vicunas and Bannockburn Homespun—Meltons—slip on, tight and loose-fitting styles, \$22.50 to \$55.00.

HAMILTON

Hamilton, March 9.—An order to proceed with the construction of the Main Street bridge was given by the board of control today. The master builders and tradesmen will continue to discuss a wage rate of 1820. The electrical workers have postponed assessment and the Hamilton Hydro Commission regarding their wage schedule. At the board of control enquiry today into certain housing commission matters it was stated that Hamilton still retained a union of 100 men. The stove mounters met today and organized a union with the International Association of Machinists was organized by the motor mechanics of this city.

DEATH OF EDWARD SPARKS.

Edward Sparks, who died at the residence of his daughter, Mrs. H. Persall, 158 Victor avenue, was a retired business man and for 45 years conducted a tailoring establishment on East King street. He was a native of Leighton Buzzard, England, and was a member of St. Matthew's Anglican Church, First avenue, and of the C.O. St. Paul's. He is survived by three daughters and one son. The late Mr. Sparks was blind for the last two years.

FUNERAL SERVICE TONIGHT

The funeral service in connection with the late Rev. Richard Strachan, who died Saturday last after a short illness in his 77th year, at his residence, 18 Lyall avenue, took place last evening in Beech Avenue Methodist Church, Dr. Long's pastor, Riverdale Methodist Church, will officiate.

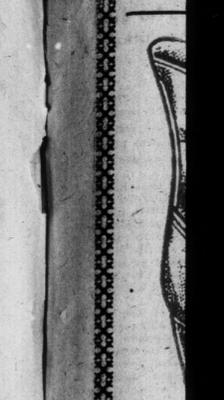

NOEL MARSHALL RECEIVES HONOR FROM ITALY

London, March 9.—President Noel Marshall, of the Royal Household and Blacklock of the Red Cross, was gazetted commander of the Order of the Crown of Italy.

Making Merry At Mealtime, Means Good Appetite, Good Digestion, Good Cheer and Stuart's Dyspepsia Tablets.

Do You Use Them? If Not, Why? To sit back after a good meal and know there is not going to be any risings, gas, drowsiness and discomfort is the logical result of using Stuart's Dyspepsia Tablets immediately after eating. Most people believe they can trace each attack of indigestion to the something they ate and can still "taste" it. And it surprises them, invariably, to note how quickly relief comes after using one or two of these tablets. Whether it is highly-seasoned food, rich pastry, the heavy hearty "feast" or some one particular offending "relief" food, the relief is the same. Those who are susceptible to attacks of indigestion or dyspepsia should try Stuart's Dyspepsia Tablets, as they supply the stomach with an alkaline effect just as it does naturally when it is working in a perfectly healthy condition. A glance around the table will likely indicate one or more who plainly look as if they anticipated the dyspeptic's mournful assemblage of distresses. Many a bon vivant, however, has learned how to leave the table in a happy frame of mind by the use of Stuart's Dyspepsia Tablets immediately after eating. And whether it was rich soup, pastry, cheese, or dishes usually rated as "heavy," these tablets contain ingredients that digest food, assist the stomach in the work of digestion and supply the alkaline effect that the stomach requires. Thus before you conjure up the troubles that ordinarily would follow eating some favorite dish, try this plan of avoidance. Or, if the trouble is already doing its worst, get a 50-cent box of Stuart's Dyspepsia Tablets of any drug-gist and note how gently and smoothly your stomach settles down to good behavior.

Soft green and in many prices.
