Following the Public School

Or the Collegiate Courses of Study, and preceding the University Preparation for any of the Professions, a few months can be spent with great profit and advantage by every young man and woman in a reliable Business School. The leading institution of this kind in Canada is undoubtedly the

CENTRAL BUSINESS COLLEGE OF TORONTO,

Which employs a large staff of **Teachers** and **Lecturers**, possesses excellent facilities in its several **Departments**, and gives thorough and modern courses of training in

Telegraphy,
Shorthand,
Typewriting,
And All Commercial Subjects.

Several of the **Successful** Candidates in the **Commercial Specialists Examination** for '95, '96 and '97 have spent from three to six months in this College with satisfactory results.

Scores of **Young Men** and **Women** have graduated from its **Business** or **Shorthand** Departments, and have secured responsible and lucrative positions in the business field without any delay or difficulty.

Many Public School Teachers have found a six months' session in the School a passport into situations where they have doubled former salaries, and not a few have pursued this course to lay a financial foundation for five or six years' training for a Profession.

This College invites investigation and comparison, and all persons interested will receive full information by addressing a request to

W. H. SHAW, Principal,
Yonge and Gerrard Sts.,
TORONTO.
