

CREDIT MAN HAS CHEERFUL WORD

Henry Detchon, Head of Canadian Association, Comes to City.

Says That Canada is Steadily Coming Back to Good Situation.

Henry Detchon, of Winnipeg, national general manager of the Canadian Credit Men's Association, arrived in the city at noon on route to Halifax via the Bay. He said Canada is surely and steadily coming back to a sound state of trade, commerce and industry.

The abundant crops assured in the west and the consensus of reports from all over the Dominion that Nature was proving unusually bounteous in this harvest, were great factors in re-establishing good times and giving hope and encouragement for the immediate future.

Mr. Detchon felt that the great grain industry of the west stretches would bring enough money into the country to loosen financial ties. After all it was the land and its productions from which Canada gleaned its strength. The Maritime Provinces, he said, would benefit from western success quite directly.

Everywhere, he said, the facts pointed to a steady betterment. There was no despair, he said, no disheartened expressions. People in all provinces were spending steadily but without the abandon which marked pre-war times. The war had taught economy. As for the automobile being a leech on wealth, this was considered by economists as merely an evolution of work-day conditions and family living and could not be justly blamed for any hard times that had existed.

Mr. Detchon will spend tonight in the city. He will cross by the steamer Empress tomorrow and will see the Annapolis Valley for the first time. He will return next week. He is a Rotarian.

\$20,000 Display Of Monuments

In addition to the choice examples of very moderately priced monuments in the modern-Saint John exhibit, M. T. Kane & Co., Ltd., keep a car in attendance, which is at the service of all who would like to see their greater exhibit at Fernhill cemetery gates. This display of monuments could find no room at the Exhibition and small wonder, for it consists of no less than seventy-five made-up stones. Nothing in all the Maritimes compares with its extent or the lowness of prices. This is due to this firm's ability to keep production costs below competitors, the result of machinery as against slower and more costly hand work. In its earlier years this firm supplied the local demand, but its business has grown to such an extent that most of their orders now come from all over the Maritimes.

BUSINESS LOCALS

MID-WEEK SERVICE
At 8 o'clock in Central Baptist church school room.

Dance tonight, Grand Bay Outing Association. Members and friends invited.

FLORAL REMEMBRANCES.
The flowers at the funeral of R. W. Carson, who was buried yesterday afternoon, were as follows: Pillows, from wife and mother; bush, from nephews and from R. G. Carson, also from Mrs. MacRae and Mrs. and Mrs. Lorne; wreaths, from Elizabeth Lodge, N. E. F. and A. M. T. Mr. and Mrs. E. F. Harrington, Mrs. J. J. Ferris, and spray from Mr. and Mrs. H. Robson.

WIFE AND FAMILY.

CARD OF THANKS

Mrs. Jennie Earle and family wish to thank the doctors and nurses of the General Public Hospital for their kindness and sympathy in their recent and benevolent aid, also their many friends for floral tributes.

Local News

TWO NAMED TODAY.

One man charged with drunkenness failed to appear this morning in the police court and he forfeited his deposit of \$8, while another man was fined \$8 on the same charge.

ROBBED OF \$30.

The head of a department in one of the large stores of the city had the misfortune to have his pocket picked to the extent of \$30 on Labor Day. He arrived at his home in the North End of the city with five cents of his money remaining.

LAST SAILING FOR SOUTH FOR PRESENT

Statement Made Relative to West Indies Service and Contract Matter.

The R. M. S. P. Chignecto, now in port, will be the last passenger steamer of the line sailing south on the present West Indies service unless new arrangements are made by the Canadian Government with the company. It is understood that negotiations regarding an extension of this service for another six months is pending, but as this is carried on with the head office in England, no definite word is available.

D. W. Ledingham, manager of the William Thomson Co., agents for the R. M. S. P. steamers, said this afternoon that the departure of the Chignecto from this port on Saturday, and her subsequent sailing from Halifax on Sept. 25, this passenger service south would be the last of the line. The service would be continued for a slightly longer period, as the Chignecto, Chalmers and Chignecto will all return to Saint John before the West Indies service. This would mean that the entire service will be completed with the arrival back here of the Chignecto on Nov. 2 or 3. Mr. Ledingham was unable to say whether or not the company will agree to the further extension of the present contract.

DECLARES STOCK WAS OVERINSURED

Further Evidence Taken in Probe Into Fredericton Store Fire.

SPECIAL TO THE TIMES-STAR.
FREDERICTON, N. B., Sept. 8.—Evidence was taken in private this morning in the investigation of the fire which occurred recently here in the grocery store of Frank C. Jewett. Fire Marshall H. H. McLellan said that the store was given that showed the stock was over insured. It is understood that there was \$4,000 insurance on stock and more than \$4,000 worth in the store. The underwriters are Kitchen Bros. of Fredericton.

The testimony of an electrical expert showed that the alarm clock found on the premises set to ring at 1 o'clock and had stopped at that hour was not responsible for the fire.

The back door was bolted on the inside the night before but was found open after the fire and a theory was advanced, it was said, the fire was set by a person who climbed through the window and escaped by way of the door as the flash of flames from the oil cut off escape from the window.

By this city. The playing of this morning said it would be worth \$10,000 to the city to find out who was setting the fire. No reward is being offered at present.

Woman's Poisoning Case Is Adjourned

Canadian Press Despatch.
HULL, Q., Sept. 8.—Mrs. Dora Paquette appeared in police court today on a coroner's warrant holding her criminally responsible for the death of William H. Martel on Thursday last by Paris green poisoning, and the case was adjourned until Sept. 15 for preliminary hearing.

The papers necessary for the charge of murder, which it was expected would be preferred against her this morning, owing to unexpected difficulties which have arisen, were not signed this morning and are being held until instructions are received from the Attorney-General of Quebec.

PERSONALS

Mrs. Kenneth A. Olson, of Kane's Corner, has returned home after spending the summer in Boston and other U. S. cities. On the way home she visited her grandmother, Mrs. J. Craig, in Bangor, Me.

Mrs. H. H. Hoar, of Hopewell Cape, N. B., and her daughter, Mrs. F. H. Barnett, of Hillsboro, have been guests of relatives, Mr. and Mrs. Geo. Stackhouse, 25 Stanley street.

Prince Arthur from Boston, after spending two weeks vacation with relatives and friends in New Bedford, Newton, Mass., accompanied her to spend a vacation with her mother, Mrs. H. F. Heenan, 16 Elliott row.

William Hart, son of Mrs. J. William Hart, of Lancaster avenue, West Saint John, has returned to his duties as teacher in the public school in Sussex.

Miss Ursula MacDonald, daughter of J. MacDonald, who has been spending her vacation at Duck Cove, has gone to Montreal for a short visit, before resuming her duties at the New York Hospital, New York.

James L. Lord, M. L. A.-elect of Charlotte county, arrived in the city today.

Miss S. Kelly, of Fredericton, accompanied by her nephew, Jack Limerick, is in the city for the exhibition.

Mrs. Edward McDowd and her young son, Victor, are visiting in Chipman, the guests of Mrs. Gertrude Craig.

Mr. and Mrs. Archibald Walker, of Scotland, who have been the guests of Mr. and Mrs. E. Storey, of Victoria street, will leave this evening for Montreal to sail on the Athens for their home.

FOR COUNCILLOR.
Friends of Frank Frauley, barrister, are asking him to be a candidate for councillor in Simonds.

EXPECT MANY AT FAIR TONIGHT

Judging Continued Today—Various Departments of Exhibition.

Choir Singing Enjoyed Last Evening—Other Features Draw Comment.

Unfavorable early weather conditions kept attendance at the Exhibition yesterday down to the 4,000 mark but another big crowd was expected today with the bright sunshine. Soon after noon today, the crowds started flowing to the grounds and by nightfall those in charge believed another large attendance would be recorded. Judging of the various exhibits continued this morning. Tomorrow at the floral exhibit site, the dolls display will open.

The author's hope that the dairy exhibit will be in operation tomorrow. The machinery for this, similar to the complete plant that was in operation last year, has been shipped here from Sherbrooke but has not arrived and efforts also are being made to secure a free attraction to take the place of the bicycle club, which nothing has been heard since the show opened. Word is being awaited from Boston on this matter.

CHOIR SINGING

One of the pleasing features of last evening's programme at the Exhibition was the rendition of Mozart's "Gloria" by a large Catholic choir under the direction of Rev. James Cloran, C. S. R., rector of St. Peter's, who is taking keen interest in the advancement of music in Saint John. The grand music was sung with excellent effect and won the commendation of the large number gathered to listen.

WOMEN'S MEETING

This morning at the general offices members of the executive of the Women's Institutes for New Brunswick met and discussed matters pertaining to the organization. There are about eight members attending including Miss Elizabeth Nutter, general organizer, who spoke of plans for the year.

POPULAR SPOTS

Machinery hall in the main building is one of the popular places for practical-minded people and the ubiquitous Mr. The Made in Saint John section is an attraction much frequented. The art gallery gets its special quota of enthusiasts and in that department too, followers of sporting games see a splendid display of local trophies.

GOOD MUSIC

The musical attractions inside the building as well as in front of the grandstand are exceptionally fine, composed of local band programmes and concerts by the famous Padettes Orchestra of Boston. The Padettes under the veteran orchestra mistress, Caroline B. Nichols, is a musical attraction known all over the continent and has played in Saint John before. Mrs. Nichols is a special purveyor of musical attractions for the Keith-Albee circuit and is well acquainted with Saint John show conditions. She chats very interestingly of her work and lady players and hopes to make more visits to this city. The playing of these musicians has been a source of great pleasure. The local bands are presenting excellent programmes.

THE FUNNY GEES

Skipping roundabout the whole Exhibition plant thorough-going visitors take a lot of fun out of watching the antics of the fowl in the pool of the poultry house, also the quizzing old men, who their swivel heads the pet stock in the dog show department, baby pigs, calves and lambs and their prize parents. To stop in front of the living quarters of cattle handlers and horse groomers on the outer edges of the live stock area and ask these experts about their exhibits is one of the special joys of the quizzical visitor.

GREATEST SENSATION IN EXHIBITION BLDG.

Crowds Thunderstruck by Local Firm's Unique Method of Displaying Millinery.

Visitors to the Exhibition were greatly amazed yesterday to see large crowds almost fighting for a position in front of the exhibit of The Spear Millinery Company, on the second floor of the building, near the King Cole Tea booth. Just as soon as the demonstration commenced there was simply one big rush from all quarters of the building, and the wrestling for positions in the front row at times nearly a riot. And what was to be seen was well worth the effort made to see it. In a most attractively decorated booth, the latest exclusive millinery house in the Maritime Provinces were showing their interesting spectacles that during Exhibition week a little of New York and Paris, so far as millinery goes, and the methods of demonstration. Before a highly appreciative crowd, live models were showing the very latest in exclusive millinery, fashionable and modern and fashions for the Fall and Winter season. Compliments have been pouring in to the manager of the company, Kenneth D. Spear, and his exhibit has been widely announced as the sensation of the Exhibition. It is the first time that such an exhibit has been made at a Saint John Exhibition, and ladies will be interested to know that the fashion showing is to take place each afternoon and evening.

The Spear Millinery store is located in Union street, number 17-19, and is simply aglow with the most beautiful creations. In millinery, and should be visited by every lady in Saint John. A trip to this store will make the visit to this city well worth while.

TOBACCO TESTS IN PROVINCE SUCCEED

Expert Finds Excellent Result and Says Province Can Do Well.

That the Province of New Brunswick had a splendid opportunity to add to its wealth by the growing of tobacco, and that it could grow as good tobacco as any other part of Canada, was the opinion expressed by H. A. Freeman, expert of the Central Experimental Farm, Ottawa, yesterday, after looking over the crop being grown this year by Arthur T. Thorne.

The experiment in the growing of tobacco on several farms in New Brunswick is the result of a suggestion by F. MacLure Selanders, Commissioner of the Board of Trade, who had plants sent down from Ottawa this spring.

Yesterday Mr. Freeman visited the home of Mr. Thorne, and he reports that the tobacco grown there was the equal of anything he had seen in Canada, including Essex county, and he saw no reason why New Brunswick should not add this to her crops and grow it successfully. The tobacco grown by Mr. Thorne this year would weigh about 100 pounds when dried. This morning Mr. Freeman left for Fredericton to look over other experimental crops of tobacco.

NATURAL HISTORY DISPLAY GOOD ONE

Collection in Gallery at Exhibition Varied and of Much Interest.

The Natural History Society's gallery at the Saint John Exhibition this year has interesting collections of wild flowers, specimens of native plants and a complete collection of fossils. The society has also included in its exhibit collections of war relics and footgear of many nations and a complete collection of the small arms used by the British Army during the last 250 years as well as 40 pictures of old Saint John at various dates.

Dr. William MacIntosh, the curator, has arranged the exhibit, considered to be one of exceptional attractiveness. Spaces in the natural history gallery have been reserved for three cases to display an exhibit by the local office of the Dominion Archives and these cases contain some rare documents.

BIRDS AND FLOWERS

The wild flower collection of the Natural History Society consists of actual specimens of the native flowers freshly gathered. The bird pictures and in the actual colors and present on birds in characteristic poses in their natural haunts. The collection of fossils has included some nicely mounted specimens and a splendid display of photographs of extinctions of pre-historic animals. Among the fossils has been shown one of the museum's special treasures in the tiny carved figure of a mammoth taken from the Grinnell grottoes of Montana. This is a relic of the stone age and would, it is said, probably date back to 16,000 B. C.

SAINT JOHN PICTURES

The pictures of old Saint John are expected to prove one of the greatest attractions of the exhibit. Placed in their proper sequence they may be said to give a picture of the city's history from the time of the first settlement through which Saint John has passed. There are 40 different pictures in the collection and many of them are rare.

The collection of small arms of the British Army during the last 250 years has also been a feature of the exhibit. This is a relic of the stone age and would, it is said, probably date back to 16,000 B. C.

Case Dismissed In Appeal Court

SPECIAL TO THE TIMES-STAR.
FREDERICTON, Sept. 8.—In the appeal court, Sept. 8, the case of Brown vs. Straight and Jenkins. The ground for dismissal was that the appeal had been given to the judge of the county court whereby record would be available to the court of appeal. Miles B. Innis appeared for the appellant and Adrian Gilbert for the respondent.

In the case of the King vs. McLatchey, ex parte Stewart certiorari on writ of review made by the county court judge on the ground that the order was made without jurisdiction and was incomplete and wrong, G. T. Hebert showed cause and A. G. Leeger supported the rule. Court consents.

Free Meals On Sunless Days

NEW YORK, Sept. 9.—Yuma, Arizona, is the land of perpetual sunshine, where you get free meals every day the sun doesn't shine, according to Ray P. Hawser of that city, a recent visitor at the Hotel Astor.

The leading hotels of the town have a big sign at the depot which reads "Free Meals Every Day the Sun Doesn't Shine," and they make good—but in the 15 years I've been there I've never known but one day when the sun didn't shine some time during the day. "We have almost no rainfall there, but we are in the Yuma Valley, which is irrigated by waters from Laguna Dam, and we are in the only absolutely frostless belt in the United States."

Funerals

William A. Driscoll.
The funeral of William A. Driscoll, second son of Mr. and Mrs. Daniel Driscoll, of 71 Queen street, was held on Wednesday afternoon from his parents' residence to the Church of the Assumption, West Saint John, for prayers. Beautiful floral offerings were presented. Interment took place in Holy Cross cemetery.

Miss Sadie L. Watson.
The funeral of Miss Sadie L. Watson was held this morning from the residence of her uncle, Maurice Cavanaugh, of Little River, to the Stella Maria church, at East Saint John, for requiem high mass by Rev. Francis P. Walker. The pallbearers were relatives and many attended the funeral. Spiritual and floral offerings were numerous. Interment took place in the new Catholic cemetery. Miss Watson's father and step-mother, from Brewer, Me.; her brother, David, from Hampden, Me., and two cousins, Melvin and Edward, of Oldtown, Me., attended the funeral.

BIRTHDAY PRESENTATION.

Charles Robinson, recorder for Luxor Temple, of the Mystic Shrine, was host, with Mrs. Robinson, last evening at their home, Horsfield street, when members of the order, with their wives, were invited and assisted Mr. Robinson to celebrate his birthday. J. Herbert Crockett, potentate of the temple, on behalf of the company presented to Mr. Robinson a handsome umbrella as a token of personal esteem from the donors, as well as a recognition of the recipient's worth in his important office. A dainty supper was served by Mrs. Robinson, assisted by some of the ladies.

FORTUNATE ESCAPE.

A six-year-old girl named Carter had a narrow escape from death this morning in Sydney street, near Union, when she stepped off the sidewalk directly in the path of an auto moving down the hill toward Union. The driver, Fred Stewart, used his brakes and considerably checked the speed of the car, which struck the little girl a glancing blow, knocking her down. She was picked up by John Armour, provincial constable, and carried to a nearby drug store where minor scratches were quickly attended to. Witnesses say the girl was fortunate to escape so lightly.

SUSPICIOUS FIRE AGAIN IN CAPITAL

Building in Which Legislation First Met in 1788 is Damaged.

FREDERICTON, N. B., Sept. 9.—The building on Queen street, in which the New Brunswick Legislature first met in 1788, and in which the sessions were held for 12 years, was gutted by fire of a suspicious nature early this morning.

The portion of the building where the fire occurred is now occupied by M. W. Bailey, shoemaker, and his statement that he had not been in the cellar, where the fire originated, for a week or more, aroused suspicions. The back door and the cellar door were both found open, and some rats saturated with oil were said to have been found in the cellar.

COUPLE MARRIED AFTER FIFTY YEARS

Boy and Girl Sweethearts Meet Again After Half Century Separation.

LONDON, Sept. 8.—Boy and girl sweethearts who had not met for 50 years have just been married at Grief, Scotland.

The bride, Mrs. Maggie M. Brown, a Glasgow widow, and the bridegroom, W. R. Somerville, first met at Sidling in 1876. At that time Mr. Somerville was serving in the Argyle and Sutherland Highlanders. Later he went on foreign service, and after his discharge from the Army settled down in South Africa.

He decided to return to Scotland this year, and arrived at Glasgow on July 8. There Mr. Somerville renewed his friendship with Mrs. Brown, and the romance quickly developed, the wedding taking place within a month.

A Thriller in Our Exhibit

The prominence of the Marcus Booth near the middle of the main floor of the Exhibition rests largely on that Chesterfield Suite.

An impression of great depth and roundness—carved base, tasselled oval arms, choicest of Mohair, a Beaver Brown with reverse cushions and backs in classical figuring—a play of variegated shades of Golden Brown.

The fact that it was chosen out of thirty others here to go on special exhibition says enough. \$513 including large Club Chair and wing back Fireside Chair.
