

THE EVENING TIMES-STAR, ST. JOHN, N. B., FRIDAY, JANUARY 16, 1925

Lancaster Highway Work Is Praised at Engineers' Meeting

Spoken of by G. G. Murdoch—Association Elects F. O. Condon President.

Reports presented at the annual meeting of the Association of Professional Engineers of the Province of New Brunswick held in the Board of Trade room here, yesterday afternoon, showed the organization to be in a flourishing condition. F. O. Condon, of Moncton, was elected president and much other business was transacted.

G. G. Murdoch, the retiring president, occupied the chair. In addressing the members he paid tribute to the first president of the society, C. C. Kirby, and mentioned some of the great work he had accomplished in the organization.

He spoke of the need for the building of highways and pointed to this as a field for the engineer. He made special reference to the roadwork done in the Parish of Lancaster. In that district there had been great improvements made to the roads. Retaining walls had been constructed and new sidewalks of modern design put down. The programme, when completed, calls for the expenditure of \$270,000, of which the Provincial Government will contribute approximately \$90,000, leaving \$180,000 to be borne by the municipality.

Mr. Murdoch also referred to the large industrial plants being established and operated in Canada. He spoke particularly of the pulp and paper trade where there was a demand for civil, mechanical, electrical and chemical engineers.

There were other opportunities for the engineer and he made reference to the demand for the services of consulting engineers. Through the services of these men companies found out in advance what their income and expenses would be. This tends towards the elimination of haphazard investments.

In closing his address Mr. Murdoch spoke of the efficient work of the secretary-treasurer and registrar J. A. W. Waring.

Addresses were also given by Messrs. A. Gray and S. R. Weston.

Officers Elected.

J. A. W. Waring was selected as

Two Wildcats Caught In Loch Lomond Trap

Two wildcats were caught in a trap by Harry Smith at Loch Lomond on Monday and two more were seen in the vicinity of the traps on Tuesday.

The first wildcat was caught in the morning and the trap reset. In the afternoon another one was discovered in the same trap. It was killed by Frank Johnson with a club after he had fired a bullet at the animal and missed.

The election of officers resulted as follows: President, F. O. Condon, Moncton; vice-president, A. Gray, St. John; Councilors, St. John district, S. R. Weston and H. Phillips; Moncton, J. D. McBeath; H. W. McKel, Sackville; Fredericton, E. O. Turner; Chatham, W. R. Campbell. Auditors, A. R. Crookshank and A. A. Turnbull. Secretary, J. A. W. Waring.

The nominating committee was selected as follows: St. John, F. P. Vaughan and W. R. Fenner; Moncton, A. S. Gunn and H. J. Crudge; Fredericton, B. M. Hill and L. L. Theriault. The members of the Chatham district are to be named by the council of the Association, as there was no member present from this district.

Representatives were present from St. John, Fredericton, St. Stephen, Moncton and other places in the province.

Lowered Vitality - Stomach Troubles Constipation - Skin Disorders

One simple food to banish them

THESE remarkable reports are typical of thousands of similar tributes to Fleischmann's Yeast.

There is nothing mysterious about its action. It is not a "cure-all," not a medicine in any sense. But when the body is choked with the poisons of constipation—or when its vitality is low so that skin, stomach and general health are affected—this simple, natural food achieves literally amazing results.

Concentrated in every cake of Fleischmann's Yeast are millions of tiny yeast-plants, alive and active. At once they go to work—invigorating the whole system, clearing the skin, aiding digestion, strengthening the intestinal muscles and making them healthy and active.

Fleischmann's Yeast for Health comes only in the tinfoil package—it cannot be purchased in tablet form. All grocers have it. Start eating it today! You can order several cakes at a time, for Yeast will keep fresh in a cool, dry place for two or three days.

Dissolve one cake in a glass of water (just hot enough to drink) before breakfast and at bedtime. Fleischmann's Yeast when taken this way, is especially effective in overcoming or preventing constipation. Or eat 2 or 3 cakes a day—spread on bread or crackers—dissolved in fruit juices or milk—or eat it plain.

Write us for further information, or let us send you a free copy of our latest booklet on Yeast for Health. Address: Health Research Dept. 421, The Fleischmann Company, 208 Simcoe Street, Toronto, Ontario, Canada
