ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain
How to Treat

Medical authorities state that nearly
one-fifth of the cases of stomach trou-
ble, indigestion, sourness, burning, gas,
bloating, nausea, etc., are due to an ex-
cess of hydrochloric acid in the stomach,
and as no one believes to a lack of di-
gestive juices. The delicate stomach lin-
ings are irritated, digestion is delayed and
food sores, causing the disagreeable
symptoms which every stomach sufferer
knows.

Artificial digests are not needed in
such cases and may do real harm. Try
Nuxated Iron, a natural remedy, which
acts from a drugless, a few ounces of
Nuxated Iron and take a little after
each meal. This sweetens the stomach,
prevents the formation of acid, and
there is no sourness, gas or pain.
Nuxated Iron (in powder or tablet
form)—never liquid or milk, is harm-
less and the most efficient form of mag-
nesium for stomach purposes. It is used
by thousands of people who enjoy their
meals with no more fear of indigestion.

THE CANADIAN BANK OF COMMERCE

SAY THEY MUST RAISE ANTHRACITE PRICES

Operators Paint Gloomy Picture of Con-
ditions for Senate Investigating
Committee

Pottsville, Penn., Jan. 28.—The statement
that anthracite coal operators do not
create a surplus because such a condi-
tion would naturally lower prices was
made at a session of the sub-committee
of the United States Senate Committee
on Manufacturers, which is inquiring in-
to the high price of coal and the alleged
shortage of domestic supplies. Fred M.
Chase, vice-president and general man-
ager of the Lehigh Valley Coal Com-
pany, and the Coxe Brothers Company,
said producers opposed running up a
surplus as a matter of business protec-
tion.

R. H. Leaming, general manager of
three independent collieries in the Scan-
ton field, testified that coal producers
must get more for their output or go
out of business. He said his companies
were operating at a loss. Officers of
mining companies were emphatic in
denial that there was any attempt to
curtail production to keep up prices.

S. D. Dimmick, assistant to the vice
president and general manager of the
Scranton, Lackawanna & Western Rail-
road Company, of Scranton, said the
profits of some of the collieries were so
small that they were considering closing
some of them. High prices of labor and
material, he said, were the chief cause
of the high cost of production.

Charles F. Huber, president and gen-
eral manager of the Lehigh and Wilkes-
Barre Coal Company, testified that only
about two-thirds of the required em-
ployees could be obtained, and said that
the margin of profit was too small to
permit of any price cutting. He esti-
mated roughly the profit on a ton of
coal at sixty or sixty-five cents.

NO IMPROVEMENT IN
THE STRIKE SITUATION
(Continued from page 1)

London, Jan. 29.—The fast strike
committee, which would impose power,
has taken upon itself, with the involun-
tary acquiescence of the civil authori-
ties, some of the attributes of an "in-
dustrial soviet," says the Belfast cor-
respondent of the Manchester Guardian.
The strike committee, it is added, is
perpetrating a coup d'etat.

London, Jan. 29.—The strike on the
 Clyde was reported today to be grow-
ing more serious. Almost all the big ship-
yards and engineering works are on the
 verge of closing down and are carrying
 on their work with small forces. The
 strikers say that their object is to "re-
 model trades unionism and to establish
 on a national basis the policy of direct
 action," of which this strike is an ex-
 ample.

The leaders of the Glasgow strikers
 are said to be trying to link the strike
 on the Clyde with the strikes in Belfast
 and London, notwithstanding the dif-
 ferences in the aims of all three of these
 movements.

THE LEADERS
SHOULD BE FIRM
London, Jan. 29.—Weakness and
subordination of convictions to personal
interests are charged against many of the
 trades union leaders by Food Controller
 George H. Roberts. He says that this is
 one of the chief causes of the "present
 anarchy" in the industrial circles of
 Great Britain. Mr. Roberts is a cabinet
 minister and was recently minister of
 labor.

It is time that union leaders make a
 definite and determined stand. If sub-
 ordinates refuse to honor their leaders' agreements, the leaders must resign. Un-
 fortunately, too many leaders are not
 free men. The modern idea is that a
 trade union official exists only to carry
 out the behests of any temporarily
 dominant section. That is one of the
 chief causes of the present anarchy and
 often prevents officials from following
 the dictates of their convictions.

"There must be a right between re-
 volution and reconstruction. If young
 bloods are allowed to smash the tradi-
 tional union organization, we will have to
 face long periods of industrial chaos and
 long process of disillusionment. The end
 of this will find the workers infinitely
 worse off than they are today. Labor's
 demands can never be completely real-
 ized without efficiency of production. I
 greatly deplore the weakness of those
 leaders who fail to recognize their re-
 sponsibility."

New York, Jan. 29.—Approximately
 25,000 more workers in this city engaged
 in making women's clothing will be cal-
 led out unless the dress and waist man-
 ufacturers association reaches an early
 settlement with the 35,000 members of
 the International Ladies' Garment
 Workers' Union now on strike, accord-
 ing to an announcement last night by
 President Schlesinger of the union. The
 workers are demanding a forty-four hour
 week, a fifteen per cent wage increase
 and other conditions.

Y. W. C. A. OFFICIAL.
Mrs. E. A. Burroughs-Ham, national
 union secretary of the Y. W. C. A. of
 Canada, who has been in England
 on organization work, under the Cana-
 dian government, returned to the placid
 of Y. W. C. A. secretaries on ships
 carrying soldiers' wives, arrived in Hal-
 fax on the Megantic and after spending
 a day in St. John will proceed to Ot-
 tawa and Toronto on official business.
 Mrs. Burroughs-Ham will then return
 to England.

INDICT BOSTON FISH
CORPORATION PRESIDENT
ON CHARGE OF PERJURY

Boston, Jan. 28.—William J. O'Brien,
 president of the Boston Fish Fishery
 Corporation, was indicted by the federal
 grand jury on a charge of perjury in
 connection with his recent testimony at
 the trial of forty fish dealers charged
 with violation of the anti-trust act.
 O'Brien testified that he is a member, had
 connection with the Boston Fish Pier
 Company. Later he admitted to the
 court that this testimony was false.

ALARM OVER RETIREMENT OF THE ALLIES

Fear of Carnage of Rapine and
Murder in Siberia When They
Go

Vladivostok, Jan. 29.—(By W. E.
Playfair, correspondent of the Canadian
 Press).—According to statements in the
 Russian press all parties are alarmed at
 the reports of the Allied retirement
 from Siberia in the spring or summer.
 Prominent men of many shades of po-
 litical opinion declare there will be a car-
 nage of the withdrawal, as the situation
 points to a war of extermination of
 either the upper classes or the Bolshe-
 viks.

Washington, Jan. 29.—The forces of
 loyal Russians operating under the di-
 rection of the government at Omsk have
 recaptured Pella, in European Rus-
 sia, and the capture of Kharkov is im-
 minent, according to information reach-
 ing the state department from Stock-
 holm.

Reports from Kiev, capital of
 Ukraine, were that the ministerial crisis
 has been postponed until the meeting of
 the congress of working people. The
 elections for the congress show a great
 majority for the Ukrainian Social re-
 volutionary party with the Bolshevik and
 St. John's Revolutionaries of the Left
 in the minority.

Amsterdam, Jan. 28.—Czechoslovak
 forces excepting the frontier of the
 between Bohemia and Saxony and are
 reported to have occupied the villages of
 St. John's, Newell, and Freistadt, ac-
 cording to a dispatch received from
 Zlita, Saxony. Heavy fighting is in
 progress on the frontier, according to
 the dispatch.

U.S. Programme Does Not Apply
to Cuba, Mexico, Canada or
Newfoundland

Washington, Jan. 29.—Prohibition of
 immigration for four years after the
 war except from Cuba, Mexico, Canada
 and Newfoundland was agreed upon
 unanimously yesterday by the house im-
 migration committee.

Chairman Burnett announced that he
 would ask for a special rule to permit
 early consideration of the measure by
 the house.

Amendments accepted permit the ad-
 mission of relatives of aliens already in
 this country and of persons skilled in
 certain occupations and professions.
