Wintering Pigi

A'correspondent of the Dollar gives the following singular methe ing pigs during the winter: -

most cconomical way to winter pi feed them upon nothing else i ed entirely and not give them I wish to attest to the truth of the vays shut my store pigs in a tight feed to each pig a single ear of co a day, and not give them a dro from December to March, and if ing store pigs can be found I h The reason is, cold wa swill is the death of hogs. large, healthy hogs die in five or after drinking greedily from a full s and the hog, having but little hai through and through with cold with a colic, terrible as only the perience. Tknow this so, for I man and have kept pigs for fifty on dry corn, confining them in a pen and can give an indisputable

SAATING CATTLE WINTER twice a week or as often as my salt, I throw upon the barn floor of straw or poor hay, which every more ordess of. I then take a pa and put into it as much salt as feed, and stir it till all is dissolv with agwisp of straw, I sprinkle with brine, and so on till the b hausted. Then I throw it out it ches and it is readily dev8ured as My cattle are hearty and in a tion all winter.

The following is the famous Receipe" for curing ham It is among the very best: Seven pour salt, five pounds of brown sugar, of pearlash and four gallons of w all together and soum when col
