

With regard to the financial aspect of the year, so far as the congregational contributions to the Mission Schemes of the Church are concerned, the Session thinks that, when it considers the responsibility arising from the New Church and what has been done by the combined efforts of the Sabbath Schools, the Womans' Foreign Missionary Association and the congregation it has reason for something of congratulation even here, while at the same time it regrets that through imperfectness of machinery the shewing of the congregation is not nearly so good as otherwise it would have been, and expresses the hope that in the year upon which we have entered the arrangements will be such as to give the congregation the opportunity of fully manifesting its liberality

REPORT OF BUILDING COMMITTEE.

The Building Committee beg leave to submit the General Statement of their Receipts and Expenditures. In doing so they have very great pleasure in testifying to the assistance and sympathy they received from the congregation and to the good will and harmony that have prevailed since the work was commenced. With the countinuanee of this good feeling, and the prayerful, united efforts of the congregation, they have every confidence that the work of paying off the indebtedness on the church at an early date will be assured.

All of which is respectfully submitted.

ANDREW MCGILL, CHAIRMAN.
