The visitors brought down a better team than was expected, their "juniors" being rather larger and quicker than the match was there any sign of ill-feeling and pacing; 2:33 class; prize and that was during the first game when Charles Cullin was ruled off. He was playing behind the Victoria flags and had just relieved by sending the ball out of danger, Archie Macnaughton securing it and scoring. Mackenzie, the Westminster captain, accused Cullin of fouling his check. Cullin replied sharply and Mac-kenzie appealed to the referee who stopped the game to rule Cullin off. It was claimed that even if the referee did act properly in ruling Cullin off, he had no right to stop the game to do so. The Victoria captain, very good naturedly, agreed to play eleven men against twelve that game and when a minute later Ross Eckardt scored for them they received great applause. Westminster's defense and Victoria's home had all the work to do during the

second game. McDonald, the new eastern player who had just joined the Royal City team, did some very pretty work when Ross Eckardt, his check, gave him a chance, which was very seldom. Eckardt finally got a shot on goal after a long run and scored. Time, 5 minutes. The third game was the longest and nardest of the match. Macnaughton, Eckardt, Blight, Tite, Frost, Clark, all took shots on the Westminster flags, but the visitors lined themselves before the goalkeeper and it was impossible to pass the ball through them. One of the shots from Eckardt's stick struck Coldwell, the goalkeeper, in the chest. Lewis, of West minster, also shot twice on Victoria's goal but the ball persisted in going too high. Finally Patterson, of Westminster secured the rubber and scored. Time, 14 minutes. Never before has a visiting team received the applause that Westminster did when they won that game, in fact all through the match good play on the visitors' part was applauded.

> SEVERAL DRY-DOCK SCHEMES A Marine Railway to be Constructed at Esquimalt Harbor.

PROMOTERS ARE RETICENT ABOUT IT

Nanaimo Citizens Endeavor to Interest Capital in a Scheme to Construct a Dry-Dock at that City-The Proposition Said to be a Good One.

A marine railway is to be constructed at Esquimalt, but the particulars of the scheme are as yet a secret. The promoters are local capitalists, and it is understood that the plans have been completed and that the work of construction will commence very shortly. gentleman who has had a great deal of experience in ship repairing is managing it. He is very reticent and will not give the least inkling as to where it will be

A large one it will certainly be, as the object is to place on it such vessels as the Empresses, which cannot enter the Esquimalt dock. The necessity of a marine railway or second dock has often been felt when the present one was occu pied by one ship for several months. The railway, it is supposed, would be built on the same plan as ways, but on a larger scale. It would be run out into the harbor and the ship placed on it and brought high and dry on shore.

Several prominent citizens of Nanalmo are also endeavoring to induce capitalists to build a dry dock near that city. There WANTS TO MEET CRREEDON. THE TRIP EAST. The executive of the Victoria Lacrosse club met last evening and decided to recom-mend the eastern tour of the team to a general meeting of the club to be held to-morrow evening. The subscription lists have been opened and the residents of the clip are now asked to come forward and assist the club in their endeavor to ad-vertise the city and improve the team. A dispatch was received from Toronto this morning stating that the Toronto team would meet the Victoria team at Toronto on Saturday, September 16, The offer was accepted. That is the last day of the Toronto exhibition and thousands of peo-ple wil be in the city. Ditchburn, who played with Victoria last year, will meet the team at Toronto and play with them during the tour. United States Customs Inspector Learned suspected the woman of smuggling, so he followed her up the street to Chinatown. In the evening Mrs. Hastings again boarded the steamer and started for the Sound. On the way to Port Townsend Learned charged the woman with smuggling, which she admitted. during the tour. It is probable that they will go through to Ottawa without playing at Calgary or Winnipeg. This makes it necessary for the team to be in good trim before leaving home and every one of them should turn out for practise each evening this week. The first practise will be held this evening. The gentlemen who are taking up a sub-scription to defray the expenses of the tour are being liberally supported by the business men, but there is still a large amount necessary. The opium was carried in bags, which hung from the shoulders underneath the dress. She had 18 five-tael cans. The woman is 25. She is supposed to have een smuggling for over a year.

Blake, Troy, and L. C. Woodworth, Gouv-erneur. The start was an uneven one, Cragg and Blake colliding just as the signal was given, and to add to the excite-ment both upset shortly after crossing the line. Having cruising cances they were unable to right them and had to be res-cued by skiffs. Ashton had a good lead on the first lap, but tried to make the free run wing and wing and keeled clean over, with his center board up. He quickly righted, however, and by excellent sailing recovered his lost lead and came in first, Belman folowing. Woodworth broke his lee board and had to withdraw. The time was as follows: Ashton, 44 minutes 59 seconds; Belman, 48 minutes. Belman did some excellent work in the race, as he was handicapped, only carry-ing 53 square feet of sale, while Ashton had 55 feet The wind was dying out in the latter part of the aftermoon, and the judges called up the paddling upset race. This contest caused a good deal of amusement. The men to enter were: George P. Douglas, of Newark, N. J.; Vincent Pelieter, of Mon-

the dock, it should be a paying institution. The plans for the work have been prepared and the mine owners have promised to take stock in the company. but the present depression in the coal trade has prevented active operations

from being commenced. A contarctor who has built a number of dry docks and been interested in other big contracts told a Times reporter this morning that a good dock could be built at Nanaimo, according to the plan proposed, for about \$50,000. This would include the pumps and other necessary machinery.

"Victoria has just as good an opportu nity to build a cheap but good dry dock,' he said, if some one would take the mat ter up. All that it is necessary to do is to put a dredger to work inside James Bay, build a wall around it and place gates across where the bridge now stands. Of course a lot of dredging would be necessary, but when it was completed the city would have a good dock."
