

# AMODORRAGE

FACTS SHOWS HOW ZAM-BUK CURES ARE PERMANENT

1. He had Eczema for 25 years.
2. His hands were so bad he had to wear gloves day and night.
3. Doctors said he could never be cured.
4. For 25 years he tried for cure in vain.
5. Then he tried ZAM-BUK.
6. ZAM-BUK cured him.
7. TO-DAY, three years after his cure, he says: "I AM STILL CURED—there has been no return."

Mr. T. M. Marsh of 101 Delorimier Ave., Montreal, has had this wonderful experience of Zam-Buk. Mr. Marsh has lived in Montreal for over 30 years, many of them at his present address. He is well known and is willing to satisfy any enquirer as to the genuineness of his cure. He suffered 25 years from eczema in the hands and had to wear gloves day and night, the itching was so terrible when the air got to the sores. Doctors said there was no cure. Three years ago Zam-Buk cured him. Interviewed a few weeks ago he said—

"From the day I was cured by Zam-Buk to the present moment I have had no trace of the eczema and feel sure it will never return. When I think of the marvellous cure Zam-Buk worked in my case I am more and more impressed by the value of this great household balm. I have had letters of enquiry from all over Canada, and am glad to personally corroborate the published facts of my cure."

It is by working every inch like this that Zam-Buk has won for itself a world wide reputation. It is the only cream for ulcers, abscesses, piles, blood-poison, inflamed sores, cold sores, chapped hands, babies' eruptions, varicose ulcers, burns, etc. etc. Little jars of 25 cents and 50 cents, at all drug stores and at 50c box, of Zam-Buk Co., Toronto, for price.

## FORMER ST. JOHN MAN TAKES ACTION

Action was taken in the court house at Montreal Thursday against Chas. D. Sheldon, erstwhile financial wizard, by William H. Olive, I. C. R. freight agent, who contends that the business broker got a thousand dollars from him under false pretences. On Sheldon's glowing representations Mr. Olive deposited \$1000 worth of stock in the Canadian Graphite Company with Sheldon, who was to pay him large dividends on the investment of this sum. Mr. Olive claims that when Sheldon left town he took the thousand with him in his black bag, and therefore he takes action against Sheldon to restrain him from transferring this stock to any other person.

P. Chase Casgrain is acting for the plaintiff and included in the action are Messrs. Wilks and Burnett, the curators of Sheldon's estate. This is the first legal action entered against Sheldon—Montreal Times, Nov. 14.

**PROBATE COURT.**  
Estate of Catherine Murdoch, widow, deceased, before Judge Armstrong: Petition of Robert Keltie Jones, the executor, is presented with his accounts as such, asking that the same may be passed upon and allowed and order for distribution made. Citation ordered to be published and served on the residuary legatees, returnable on Monday, 12th December next. Messrs. Barnhill, Ewing & Sanford, proctors.

Mary B. Gilbert et al. vs. Rev. William C. Gaylor, the executor and trustee, presents his accounts with petition to pass the same and for order for distribution. Citation issued returnable on Friday, 30th December next, at 11 a. m. Stephen B. Bustin, proctor.

**I. N. Parker Estate.**  
In re Beale D. B. Parker, an infant. The petition of the above infant and her mother, the widow of the Rev. Isaac N. Parker, is presented, asking for the appointment of the latter as guardian of the estate of the said infant. The appointment is made. Henry H. Pickett, proctor.

**Estate of Charles A. Stockton, barrister.** The deceased by his will left a life interest in his estate to his wife, Jacobina Stockton, and died intestate as to the remainder and appointed his wife executrix. She died without having fully administered her husband's estate. Application was made on a previous day for administration of the undistributed estate of Charles A. Stockton with the will annexed to the executrix of the said wife. The court has granted the application and the administration of the undistributed estate should go to the executrix of a deceased executor, but this was refused, the court holding that notwithstanding the clause in the Probate Court Act which permits administration to be given to an executor of an executor, that administration should follow the interest in the estate and not pass to those who have no interest therein; and that administration should therefore go to the next of kin of Charles A. Stockton. The petition is now presented of Margaret Taylor, the only sister, there being no brother of deceased for administration in favor of Robert O. Stockton, barrister, who is duly sworn in as such administrator cum testamento annexo de bonis non. The undistributed estate, none of which is disposed of by the will, amounts to \$255. Dr. Silas Aldward, K.C., proctor.

**Count deBury Estate.**  
Estate of Count R. V. deBury: Adjourned hearing on passing the accounts of Edward T. C. Knowles and Thomas P. Regan, the executors and trustees. At 1 o'clock the further hearing adjourned till Wednesday, 17th December next at 11 o'clock. Mr. Mullin, K.C., and J. Roy Campbell, advocates for some of the next of kin. C. F. Sanford, advocate for the executor of one of the next of kin. Hugh S. Normansell.

Before H. H. Pickett, Judge pro hac vice—Estate of Hugh S. Normansell: The Judge of Probate being the sole executor and trustee, and being desirous of passing his accounts, application was made to the government for the appointment of a judge pro hac vice. The government, named Mr. Pickett, and the petition of the executor and trustee is now presented with his accounts, praying that the same may be passed. Citation issued returnable Tuesday, 15th December next, at eleven a. m. Beverly K. Armstrong, proctor.

## CARLETON CO. POULTRY IN ENGLISH MARKET

Successful Experiment Conducted by Rev. J.B. Daggett and Made Possible by Provincial Dept. of Agriculture.

Centerville, Nov. 10.—The poultry business in this section is just now receiving considerable attention. Rev. J. B. Daggett, the pastor of the United Baptist church at Tracey Mills, is an ardent poultryman and general livestock raiser. Everything pertaining to the public welfare, he has given considerable attention to the question of properly fattening and dressing poultry. With no little difficulty he this year induced several farmers who had good flocks, to put them up as soon as they were well grown, then to dress them in what is to us a new method, then to nicely pack and ship them to exporters at Montreal for the English market. Mr. Daggett, agreeing to guarantee as much price as could be got here if fed and shipped in old method. He further agreed to superintend the dressing and packing. When the fowls were ready, unfortunately Mr. Daggett was seriously ill, and we regret to say is still confined to his house. Though ill he was anxious to see this experiment go through, and wrote to the department of agriculture at Fredericton, stating the case and asking that some man be sent by the department, competent to dress and pack this shipment. The department promptly responded and sent Beth Jones, of Sussex. On Mr. Jones' arrival the farmers gathered to watch the method of dressing. The birds were killed and shipped and the returns have been received and those who were wise enough to enter the company, have received their cheques for their share of the shipment. The net profit, after all expenses, to what would be equal to 15 cents a pound if dressed and marketed in the old manner. One of those who shipped told our correspondent today that it was the most satisfactory disposition he ever made of his poultry and next year he would plan to have a large number to go to the market. He had kept a close record of the cost of production and if these prices could be maintained with Carleton county's cheap feed, he could turn his feed into profit by this means quicker than any way he knew of.

The stock was received in such fine condition, was so nicely fattened, dressed and packed that the purchasers have written that they will take thousands of pounds of such prime stock as fast as it can be sent forward.

Mr. Daggett is receiving hearty congratulations upon the success of the experiment and the department of agriculture is being heartily commended for sending aid at a critical moment without which the whole experiment would have failed.

**Estabrooks' Coffee is full of snap and fine flavor. It gives genuine satisfaction to the last drop, and brings back the cup for more. It is as uniformly good as Red Rose Tea. It does not contain an atom of chicory, nor any other adulterant. You will certainly enjoy it.**

Sold only in 1 and 1 1/2 lb. tins. Try it for breakfast to-morrow.

## SCHOOL BOARD DEFERS ACTION REGARDING BARR CHARGES

Report of Investigating Committee Not Considered, but Again Referred to Another Committee—New School on Weldon Lot to be Named King Edward—High School Improvements.

The monthly meeting of the board of school trustees held last evening, which was expected to prove an interesting session, because of the presentation of the report of the investigating committee on the Barr charges, was robbed of its interest when, on motion of Trustee Russell it was decided to refer the matter to a special meeting of the board to be held at a later date and to be called by the chairman. Aside from this the business transacted, was entirely of a routine character.

In the absence of Chairman Emerson, Trustee Michael Coll presided and the trustees present were Geo. E. Day, James V. Russell, C. B. Lockhart, M. E. Agar, D. H. Nase, T. H. Bullock, H. Colby Smith and Mrs. Dever with Supt. Bridges, Trust Officer McMahon and Secretary Leavitt.

Trustee Coll reported that the committee appointed to choose a name for the new school had decided upon the name of King Edward.

The report of the teachers' committee was adopted.

Chief Superintendent Bridges reported that the committee on model schools had not met because of the absence from the city of the chairman of the board.

Miss Beattie E. Holder asked for leave of absence during the month commencing Jan. 1, 1911 in order to take a course of instruction in manual training. Referred to teachers' committee.

Miss Catherine E. Robinson wrote thanking the board for an advance in her salary.

Miss Alice K. Lindsey asked for an increase of salary and D. N. Brown, Enderley, B. C., asked for a position on the teaching staff. Both committees were referred to the teachers' committee.

The secretary of the teachers' association asked that a delegation be heard before the board. The communication was referred to the teachers' committee.

F. R. Fairweather and B. R. Armstrong applied for the fire insurance on the new school building and Geo. Laing, Geo. Ammon, W. B. Pearson, John Sargeant, J. Puddister, J. Watson, J. Fitzgerald, Geo. Bridges, Isaac Tids and Isaac Thomson applied for a position as janitor of the new school.

The secretary submitted a statement of the ceremony in connection with the laying of the cornerstone of the new school.

Superintendent Bridges reported that the contract for the chemistry laboratory for the High school had been let to the Christie Woodworking Co., but that the fittings for it were not yet ready. It would be ready by December 1.

The principal of the High school submitted a specification of improvements required in the High school basement, and on motion of Trustee Bullock it was decided to call for tenders.

It was decided that Secretary Leavitt with the superintendent should prepare a statement of the cost of the manual training equipment to date. Trustee Russell said there was a balance due from the local government and the members of the government were desirous of having the matter settled.

Trustee Bullock said that the board had a very important matter to consider in the report of the committee appointed to consider the charges made by Mr. Barr in connection with the work on the Winter street annex.

Acting chairman Coll said that the committee's report was ready to be submitted to the board.

Mr. Bullock moved that it be read.

Referred to Committee.

Trustee Russell moved in amendment that it be referred to a special meeting to be called by the chairman. The discussion of the report would, he thought, occupy a whole evening, and as the hour was late it could not all be considered at the present meeting, and an adjournment would be necessary in any case. The amendment was adopted.

Trustee Bullock brought up the matter of medical inspection in the schools and thought a committee should be appointed on account of the expense involved.

Trustee Russell moved that a committee be appointed to consider it. The chairman of the committee, comprising the Chairman and Trustees Coll, Bullock and Day with Superintendent Bridges, was decided.

The bills were referred to the chairman of the board and the chairman of the finance committee.

Trust Officer McMahon submitted his report which showed that for the month there were 44 cases of irregular attendance and eight cases of truancy.

The board then adjourned.

with the laying of the cornerstone of the new school.

Superintendent Bridges reported that the contract for the chemistry laboratory for the High school had been let to the Christie Woodworking Co., but that the fittings for it were not yet ready. It would be ready by December 1.

The principal of the High school submitted a specification of improvements required in the High school basement, and on motion of Trustee Bullock it was decided to call for tenders.

**MIRACULOUS RESULTS IN DUNVEGAN, C. B.**

**GIN PILLS Brought Relief.**

"I suffered untold misery even when under treatment from the best doctors for over ten months, and nothing seemed to do me any good or relieve my painful conditions. My trouble was inflammation of Kidneys and Bladder."

"I finally determined to go to the Victoria Hospital, Halifax, for treatment."

"Two days, however, before my intended departure, a neighbor called and happened to have a GIN PILL in his pocket, insisted on my taking it. I did so, and six hours after taking it, the results and benefits I derived were simply nothing more or less than miraculous. Instead of going to the hospital, I sent for a box of GIN PILLS with the result that I am a cured man. I recommend GIN PILLS to everyone suffering from Kidney Trouble."
