### Salt Rheum for 6 Years

ZAM-BUK HAS CURED HIM.  
For over six years Mr. William H. Bird, of Plaquemine, P. E. I., suffered from salt rheum. He says: "The disease attacked my arms and hands, and the fore-finger of my right hand was the worst."

"I was urged as a blacksmith by the Bruce Stewart Co., of Charlotte, town, and sometimes every stroke of the hammer would cause the finger to bleed freely. I tried various ointments and salves, and then went to several doctors in and around Charlotte town."

"One medical man, after treating me for some time said he did not think I could ever be cured. Another put my finger into some fluid, which seemed to burn it terribly, and then put a straight jacket—as I called it—on the finger for two days. Trying one thing and another I spent over \$50.00; and all in vain."

"I saw an account of some of the great cures which Zam-Buk has worked and decided to try it. The first box did me a lot of good, and the finger showed traces of healing, so I kept up the Zam-Buk treatment and a few boxes worked a cure. There has been no return of any trace of the disease, so I know the cure is permanent, and I am so thankful for my cure that you are at liberty to use these facts as you like."

Reader, if you have any skin disease, cut, burn, cold sore or skin injury, try Zam-Buk. It is absolutely unique as a healer. Druggists and stores everywhere at 50c. box, or post free from Zam-Buk Co., Toronto, for price.

**MEXICAN OUTLOOK GREATLY IMPROVED**

Washington, March 5.—Frequent interruptions of rail and wire communication between the city of Chihuahua and the American border has been causing anxiety here for reliable news of insurgent activity in that section. However, a telegram received here via Monterey from the American Consul at Chihuahua dated yesterday. It reported that business men regard the outlook as greatly improved though rebel troops were expected from Paso Del Norte.

**FARM PRODUCTS ARE BECOMING SCARCE IN CHINESE CAPITAL**

Peking, March 5.—Hears still being warningly on tripods here and there in the streets of Peking although some of the bodies have been removed and buried. The daily marches of detachments of troops from the various legations through the streets of the capital are having a certain moral effect, but the stores still conduct their business cautiously through small windows.
