

Making Statements

If you haven't seen the Burroughs Statement Carriage, with which all that the clerk is required to do is simply to drop the statement sheet in, give the platen a whirl, and go ahead with his work, 25 to 30 per cent, faster than any other form of statement carriage on the market.

Let us prove it.

THE WEATHER.

Forecast.
MARITIME—Strong winds
and rains. Mostly northeast-
erly and easterly with rain
or snow.

Toronto, Nov. 22—A pro-
nounced depression is centered
tonight over New York state,
and pressure is highest in Brit-
ish Columbia. Snow is falling
from Lake Huron to western
Quebec. Elsewhere in Canada
the weather is fair.

BIG CAPITAL FOR READY BREWERIES; STOCK ISSUE SOON

Reorganized Company will
have Capital Stock of \$750,-
000—Will Take Over Ex-
isting Business.

As a result of the reorganization
of the Ready Breweries Company, and
the taking in of additional capital, it
is said that a vigorous campaign for
the extension of its business will be
inaugurated. The new company will
have an authorized capital of \$750,000,
and it will make an issue at the pres-
ent time of \$250,000 worth of bonds
bearing 6 per cent. interest, \$115,000
of cumulative 7 per cent. preferred
stock, and \$115,000 of common stock.
It is understood that a public issue
of preferred and common shares will
shortly be made, on the basis of par
for the preferred, with a bonus of 50
per cent. of common stock.

James Ready has consented to re-
main in the business in the interests
of the shareholders of the company, and
will be president and general
manager of the new company. Be-
sides Mr. Ready, the board of direc-
tors will include J. M. Robinson, of
J. M. Robinson & Sons, bankers and
brokers, of St. John and Montreal,
and Joseph L. O'Brien, who has been
for years connected with the business.
Mr. O'Brien will be the secretary of
the new company.

Takes Over Plant and Business.

The Ready Breweries, Ltd., has
taken over the entire plant and inter-
ests of the old Ready Company, mak-
ing its total assets \$441,052.55. If
the preferred stock issue of \$115,000
is deducted there remains a balance
of \$76,052.55, representing an equity
on the common stock issue of \$65.00
per share.

The company's plant has a capacity
of 50,000 barrels per year. At pres-
ent its output is 15,000 barrels per
year, and the net profit is about
\$2.50 per barrel. With more capital
in the enterprise a large increase in
business is confidently anticipated.
The mineral water department has
grown rapidly, and arrangements are
being made for putting travellers on
the road and increasing the sales of
mineral waters, as well as of the
beers.

The company now employs about
30 hands, and expects to increase the
number of its staff in a short time.

Mrs. Phoebe McMillan.

The death of Mrs. Phoebe McMillan
occurred at the home her son Robert
McMillan, in Fairville, at half past
ten Saturday morning. The deceased
was 81 years of age and was a woman
of high character and a prominent
member of the Carleton Baptist
church. She is survived by four sons,
Robert and St. Clair at home and
Gideon and Oscar of Boston. Mrs.
Samuel Mayes of Carleton is a sister
and Gideon Hanson of Los Angeles
is a brother.

FIRST HERO OF THE BALKAN WAR

An authentic story from an eye-
witness of a recent engagement be-
tween the Montenegrins and the
Turks reads like the famous tale of
Arnold Winkelreid, who lived and
died over five centuries ago.

A small band of Montenegrins were
crossing the border into European
Turkey when the killing fire from a
Turkish block-house near Berane
stopped them.

Either the Montenegrins must turn
back, defeated, or they must drive
the Turks from the block-house.

To try to take the block-house by
assault meant sure death for the at-
tacking soldiers, and yet no other
way seemed possible, until—

A young Montenegrin warrior dashed
from the firing line and rushed
straight for the block-house. It seem-
ed to mean certain death. As he came
into the open, with easy rifle range,
he was greeted by volley after volley
from the Turks' guns.

He was hit, but staggered on until
he reached the block-house, and pressed
close to the wall, so as to be out of
reach of the rifle thrust through
the loopholes. Then the young Black
mountain hero tore off his shirt and
thrust the blazing torch into the
muzzle of his gunstock, to the
chattered roof.

TWO INQUESTS TONIGHT AND ONE ON WEDNESDAY

The inquest into the death of Harry
McKenzie, who died the result of
injuries received while at work on the
Courtenay Bay works last week, will
be held in the Court House this even-
ing by Coroner D. E. Berryman. The
enquiry will commence at seven
o'clock.

The enquiry into the death of Peter
Gleason, who was found dead in Oliv-
er Mall's house, Milford, last Mon-
day, will be concluded by Coroner
Quinton in the Fairville Court House
this evening.

The inquest into the death of John
Nagle, who died as result of injuries
received while working for the John
S. Metcalf Co., Ltd., at Sand Point,
will be resumed on Wednesday even-
ing next in the Court House.

Sad.
They have poor Turkey wobbling.
The bird is almost hobbled;
And now instead of gobbling,
The Turk will soon be gobbled.

Stomach Always Baulked, Had Constant Indigestion

Smell of Cooking Made Him Sick—
Bilious Two Days a Week.

Cured by Hamilton's Pills.

Mr. Clemmons' experience is not
unusual. Nowadays poor stomachs
are more the rule than the exception.
But the proper treatment is sure to
make a quick cure. You can always
depend on Dr. Hamilton's Pills, they
reach the trouble at once, go right to
business, work while you sleep and
have you feeling better if not cured
next morning.

"My food seemed to decompose in
my stomach," writes Mr. Ralph
Clemmons, of Newbridge, P.O. "I
had a stomach that failed in some
way to perform its work. Digestion
seemed more or less arrested and I
grew thin, yellow, nervous. The
stomach became distended and im-
peded apparently the action of the
heart, for often at night it would do
great stunts. At times I would vomit
a mucous mass, and at these times
my head ached most terribly. A
friend who had been cured of a simi-
lar condition, advised me to take Dr.
Hamilton's Pills regularly, which I did.
The result in my case was simply
marvellous. Dr. Hamilton's Pills re-
moved the cause, strengthened the
stomach, excited the liver to normal
action, the kidneys were released of
excessive work. Health soon grew
within me. I can now eat, sleep and
live like a live man."

Be advised—use Dr. Hamilton's
Pills—they are sure to do you good.
50c. per box, five for \$1.00, at all drug
shops and stores, or by mail from
The Cataract Co., Buffalo, N. Y.,
and Kingston, Canada.

In a moment the dry roof was on
fire. Part of the roof, falling in, set
off a quantity of powder the Turks
had stored, and some of the Turks
perished in the ruins; the rest were
forced to surrender.

It took unadorned heroism to fire
that block-house, but it is merely a
sample of the courage displayed by
the Montenegrins during all their cen-
turies of war against the Turks.

It is the kind of daring that "made
way for liberty" July 9, 1848, when a
few hundred miles northwest of Be-
rane, a small band of Swiss patriots
faced the solid phalanx of an Aus-
trian tyrant.

Then, as James Montgomery years
afterwards wrote:
So still, so dense, the Austrians
stood.

A living wall, a human wood;
Impregnable their front appears,
All-horror with projected spears,
It meant death to fall upon that liv-
ing line of polished spears, and the
Swiss were few. But there was Arnold
Winkelreid!

"Make way for liberty!" he cried.
Then ran, with arms extended wide,
As if his dearest friend to clasp;
Ten spears he swept within his
grasp.

St. Peter's Y. M. A. Lecture.

Before the members of the Y. M. A.
of St. Peter's, J. Louis Slattery deliv-
ered a lecture on "Literary Lights of
the Victorian Era." In outlining his
subject the lecturer drew attention to
the development and progress which
marked that period during which Vic-
toria reigned over Great Britain and
the colonies; not only was this pro-
gress remarkable in a material stand-
point, but in the arts and sciences
and in the realms of literature the
age was remarkable, producing such
a galaxy of literary lights as Ten-
nyson, Longfellow, Moore, Newman, Fa-
ber, Manning, Wiseman and others,
all of whom have become immortal-
ized through their writings. Mr. Sla-
tery then took up in detail the life
and works of Tennyson and Longfel-
low, giving a critical analysis of the
more important poems of each. At the
conclusion a vote of thanks was ten-
dered the lecturer.

Raided Fairville Club.

Yesterday morning Rev. H. R. Boy-
er, assisted by Perry Kelley, Wm.
Bonnell, Officer Stinson and Wm. Ste-
vens, raided the Working Men's Club
on Charles street, Fairville and con-
fiscated a five gallon keg of beer.
This they put in a salt bag and car-
ried to the jail for safe keeping. It is
understood that proceedings will be
taken against the members of the
club. The case will come up in the
Fairville court house this evening at
eight o'clock.

Don't Admit Light-Decayed Beer Into Your House

You must drink beer not only
made pure, but kept pure.

Purity exceeds all other costs in
our brewery. We even filter the air in which
Schlitz is cooled. We scald every tub, keg and
barrel, every pipe and pump, every time we use it.

Then, instead of putting pure beer in light glass
bottles we use Brown Bottles.

Light starts decay even in pure beer. Dark glass gives
the best protection against light. The Brown Bottle pro-
tects Schlitz purity from the brewery to your glass.

We began in a hut, sixty years ago. Today our agencies
dot the earth. Our output exceeds a million barrels a year.
More and more people each year are drinking Schlitz.

Why don't you, too, drink only pure beer—Schlitz in
Brown Bottles.

Schlitz
The Beer
That Made Milwaukee Famous.

See that crown or cork
is branded "Schlitz."
