How badly he is injured or how the accident occurred is not known. On Monday a telegram was delivered to Mr. Crosby at his place of employment, E. Cranston's, Main street. It stated nothing but the fact and added "Come on immediately."

Mr. Crosby telegraphed to Bangor asking to be notified as to the accident and whether there was any possibility of its resulting fatally. The answer was "Serious, come on." He left for Bangor on Wednesday. Mrs. Crosby is anxiously awaiting news at her home.

THE GRANGERS OF NEW BRUNSWICK To the Editor of the Telegraph: Sir,—In answer to inquiries from different countries throughout the province of New Brunswick as to how the Grangers are getting along with the organization, I would say that things are progressing as rapidly as could be expected.

The amount of paid up membership cards up to Saturday, July 20, numbered 3,699.

Carlton county is the leading county in membership. It is on account of Carlton county's adjoining the State of Maine, where the Grange is in successful operation, that the farmers seem to understand the meaning of the Grange, better than the farmers of other counties.

It is expected that the Woodstock Grange store will be one of the largest of its kind in the province.

HELL FIRE To the Editor of the Telegraph: Sir,—I understand that the ministers of all the Evangelical denominations have met and spoken by a certain Toronto member of the International Bible Students' Association, who seems to have worked himself up into a high state of fanaticism of some kind, sufficient to win, and carry, the sympathy of his fellow sufferers from the heat in convention, to place over their signature a protest against the existence of the "Hot place"—"Hell fire."

We understand, too, that it took considerable effort on the part of the speaker to raise the proper amount of steam to move the "resolution" although it was the first of July. This hot weather is very suggestive by way of warning, and makes one think of the "Hot place." They seem not to want anything more literal in the way of heat. We should not be surprised at this after the 21st of September last. But do they think that everything can be done by an Ontario voter?

We take too many bulls from Ontario as it is, it is a time we raised our own stock in some departments of life.

What is the good of a vote on this subject anyway? Do our Ontario friends think that the "resolution" although it was the first of July, this hot weather is very suggestive by way of warning, and makes one think of the "Hot place." They seem not to want anything more literal in the way of heat. We should not be surprised at this after the 21st of September last. But do they think that everything can be done by an Ontario voter?

The Bible certainly teaches eternal torment as the punishment of the wicked, and a note of those who won't make it not so. If we take the Bible at all as our rule and guide of faith, we must take it with its "Hell fire" doctrine. Every school child knows that the metaphorical language of the New Testament is set forth in figurative language, whether it speaks of the "Worm that dieth not," the "Lake of fire," or the "Golden streets," "Tree of life" etc. but descriptive of real happiness or wretchedness.

Yours respectfully, St. Martins, July 26, '12.

Harry Bennett, C. E., and wife, returned to Salisbury from Montreal Wednesday evening, and are spending a day or two here with Mrs. Bennett's father, Isaiah Duncan, before proceeding to their home in St. John.

A LETTER FROM J. NORTON GRIFFITHS

Writes to Enlist Support for Royal Colonial Institute—A Fine Movement.

To the Editor of the Telegraph. Sir,—May I be allowed to trespass a little on your valuable space to endeavor to draw the attention of many of my friends in Canada, and more particularly those members of the Canada Club of your city, to the election of Lord Grey to the presidency of the Royal Colonial Institute of London, and to ask all those who are interested in the great work of drawing closer together the units of the empire to consent to be enrolled as members of what is undoubtedly becoming one of the greatest imperial organizations in the empire.

The fellows of the Royal Colonial Institute are many thousands in number, they hail from every quarter of the empire, and the recent dinner given by the institute in honor of your prime minister, R. L. Borden, testifies to the great and good work which it undertakes and carries out, irrespective of party or creed.

The object of this letter is to ask all those I have had the pleasure of meeting, and their friends, who are well fellows of this institute, and more particularly the members of the Canada Club of your city, to send me their names when they will be proposed by Lord Grey and seconded by myself.

The annual subscription for dominion members is one guinea, the entrance fee is one guinea also. Apart from the imperial aspect the headquarters of the institute—Northumberland avenue, London, S. W.—form one of the best club houses or meeting places in London for those visiting London, and the premises comprise a very fine and the best club premises in London for comfort and accessibility.

I shall be delighted to forward full particulars to any interested parties who care to have them.

I am, dear Sir, Yours very truly, J. NORTON GRIFFITHS, House of Commons, Westminster, S. W., July 16, 1912.

SUDDEN DEATH OF MRS. JOHN N. GOLDING

Well Known St. John Lady Passed Away at Woodman's Point Friday Morning.

Friday, July 26. Friends in the city and vicinity will regret to learn of the sudden death early this morning of Mrs. Margaret A. Golding, wife of John N. Golding, at Woodman's Point.

Mrs. Golding had been ill about eight months but an improvement was noticed this spring and she was taken to Woodman's Point where she was accompanied by members of the family. She was much better than her relatives left her about three weeks ago. Her health seemed to be much better until last night when she took a turn for the worse and died before the arrival of the family who got out from the city.

Mrs. Golding was very well known, particularly on account of her prominence in connection with the Associated Charities and the "Resolution" although it was the first of July. This hot weather is very suggestive by way of warning, and makes one think of the "Hot place." They seem not to want anything more literal in the way of heat. A CROUCHVILLE MYSTERY... Wagon, Harness, Oats and Hay in Woods, Evidently Several Days—No Driver or Horse.

Friday, July 26. On Tuesday night last William Yeomans of Crouchville, and Policeman Armstrong, while searching through woods near the site of the Old Woodstock road discovered a single seated driving wagon in which were a full set of harness, a quantity of oats and hay. The wagon, though in good running order, was somewhat rusted, and showed signs of having been in the woods for several days.

Mystery is said to surround this find and, despite the fact that inquiries have been made, no claimant for the wagon has been found. The outfit is now in the stable of Mr. Yeomans. What happened to the horse and who was the driver and where he is are questions which are puzzling Crouchville residents.

NEW STEAMER ON HER FIRST RIVER TRIP

Friday, July 26. There was quite a stir yesterday afternoon at Indiantown when the new steamer Ocean started on her maiden voyage at 4 o'clock with a large number of passengers aboard. Captain Charles Taylor, of Sheffield, formerly captain of the Victoria, took charge. He is one of the company of owners.

The service is chiefly for the convenience of river suburbanites. Leaving the wharf at Indiantown at 4 o'clock the steamer will go to Hanqustedt and thence to Wickham, taking in the smaller landings on the river. The return trip will start from Wickham at 8 in the morning, and cross the Victoria, took charge. He is one of the same points as on the up trip. It was thought to have the steamer running three months ago, but a delay was caused by inability to get the machinery, and engine landed here in time.</
