In reviewing the work of the past year, we think we can safely say that our feeble efforts have been crowned with success. The interest in our meetings has been well sustained, and our numbers have increased to such an extent that we have been obliged to vacate the class-room for the lecture room—the first time in the history of the society.

Besides our weekly prayer-meetings we have striven to do both *home* and *foreign* missionary work. We provide for the support of one student at the Trinidad College, and by holding frequent Missionary Meetings our members are kept interested and acquainted with the work in foreign fields. Our Home Mission work is chiefly centered in the Albermarle Night School; this school is open four evenings each week, and many of our members act as volunteer teachers. We also assist in paying the salary of the regular teacher, and the running expenses of the school. We have an active Temperance Committee, which is trying to exert a good influence. The Hospital and Poor Asylum are visited weekly, also any strangers, poor or sick in the congregation.

The collections in aid of the Bible Society for this year have been made entirely by members of the Society.

We arranged to hold a series of Literary and Social Entertainments during the winter months, two of which have already taken place, namely, a most instructive and entertaining lecture by our pastor, and an enjoyable Social in December, to which the Congregation were invited.

On behalf of the Society,

M. A. PINCKNEY, Secy.
