

annual report of the Pew Revenue, I have prepared and herewith submit a comparative statement, and will leave the figures to speak for themselves.

	1897	1898	1899
At credit (paid in advance)			
1st Jan.	\$ 52 50	\$ 14 55	\$ 5 25
Arrears outstanding	447 00	335 70	305 75
Rental total for year.....	2868 62	2910 55	2964 95
Cash received and paid			
Treasurer	2748 72	2887 20	2987 45
At credit (paid in advance)			
31st Dec.....	14 55	5 25	21 75
Arrears outstanding.....	335 70	305 75	292 50
Uncollectable, written off	193 25	44 00	7 25

In explanation of the above: amount "written off" for 1897 was not all written off the rental of that year, but the larger proportion was the uncollectable arrears as found on books on 1st January, 1897.

All of which is respectfully submitted to your consideration. I remain,

Yours truly,
HENRY PARMLEY.
