RESIDENTS CALL FOR IMPROVEMENT

A resident on King Street has voiced his disapproval of the condition of the street between William Street and the Kitchener boundary. He says: "Something should be done. The condition as it is, with no oil or water, is a disgrace. Why the Council don't do anything I can't understand. The residents who have to bear the disagreeable effects of the dust and the sight of the street, hope that the necessary action to improve the state of affairs will not long be delayed."

MR. JAS. SIMPSON ADDRESSES LABOR CLUB

Mr. James Simpson of Toronto addressed a fair sized crowd in the Labor Club last evening. Mr. Simpson needs no introduction to a Waterloo audience, he being well known to many of them and his address last night was listened to with close attention throughout.

The subject of his address was, "The Democracy of New Zealand," the speaker handling the subject in a most eloquent and thorough manner.

Throughout the address which was replete with many interesting events the speaker kept his hearers spellbound and at its conclusion he was accorded most hearty applause.

The chairman of the evening was Mr. Geo. Haselton, President of the club, who performed the duties in his usual accomplished manner.

WITH THE BOWLERS

Last night—the skips of the Waterloo Bowling Club met at the Waterloo Club and selected their rink for the coming season.

The club has a membership this year of 92 and competition promises to be more keen than ever the coming season.

HELD TEST RUN

The Fire Brigade held a test run to Box 42 last evening, both teams answering the alarm in remarkable fast time. From now on during the remainder of the season the test run will be held every Wednesday night.

Dr. F.J. Weidenhammer is in Toronto today attending a convention of medical men.

Mrs. J. Eddington left yesterday for Sudbury, having been called home owing to the serious illness of her mother.

Mr. Geo. Brydon of Toronto was a business visitor in town this morning.

Mr. J. Sutcliffe of Hamilton was in town yesterday.

ANNUAL MEETING HELD YESTERDAY

Reports Received Most Gratifying

The annual meeting of the Waterloo Branch of the W.C.T.U. was held yesterday afternoon at the home of the President Mrs. L. Shirk, Albert Street, there being a most gratifying attendance of members present.

Reports were received reviewing the work accomplished during the year all going to show that the Society is moving onward. The reports presented by the superintendents of the various departments were gratifying especially the Flower Mission work which deserves special mention. The superintendent with her assistants have done most noble work in remembering the sick and poor in town by distributing flowers, fruit, and other comforts.

Nineteen new members were received and four members, viz. Mrs. L. Shirk, Miss Kraft, Mrs. Rev. Harton and Mrs. Rev. Burr, were made Dominion life members.

Ten delegates were appointed to

attend the County Convention to be held in Galt, June 10th.

Officers for the ensuing year were elected as follows: Hon. President, Mrs. L. Shirk; President, Mrs. W. E. Liesemer; 1st Vice President, Mrs. (Rev.) S. Schrader; Rec. Secretary, Miss Sarah Wegman; Cor. Secy., Mrs. E. D. Cunningham; Treasurer, Mrs. E. E. Ratz; Pianist, Mrs. (Dr.) Hilliard; Asst. Pianist, Mrs. F. Perschbacher.

PARK BOARD WILL ERECT GREENHOUSE

Free Open Air Movies Proposed

The regular monthly meeting of the Board of Park Management was held last evening, all members being present with C.W. Wells in the chair.

Ever looking forward to the boosting of the Park and retaining it as an ideal recreation place for citizens to spend their leisure hours in the improvements already under way will be rushed to completion as speedily as possible.

The grading of the roadways has been held up on account of the weather principally, but now that fine weather has at last set in it is confidently hoped to have the road open for autoists not later than next Sunday.

Another attraction that will be added this year will be open air movies. Mr. Eddington, manager of the Princess Theatre, interviewed the Board last evening on the above scheme. He has been granted the refreshment privileges and having had considerable experience in catering to the public he is willing to put free moving pictures every night in the week and besides will use the Pavilion for dancing providing suitable arrangements can be made. During the summer months he would close his theatre and run a full line of films free to the public.

The project was looked on with favor by the Board and a committee of chairman Wells, and Messrs. J. Herb Smith and George Grosz were appointed to go fully into the matter and make what arrangements are necessary with Mr. Eddington.

Will Build Greenhouse

Mr. W. McIntyre, a member of the Board, who has always been a booster for the building of a greenhouse at the Park for the raising of plants for use in the Park and to be sold to the citizens as well submitted a proposition to the Board giving figures and all details as to what would be required. He also pointed out the advantages to be derived from a greenhouse and strongly advocated the Board going into it. The cost of a house 60 feet by 17½ feet heated.

and fully equipped would cost approximately \$1000. He gave figures showing the profit made from a similar greenhouse in Victoria Park, Kitchener and he felt that if the Board took up the proposition it would be a paying one.

The Board considered the proposition carefully and decided to go ahead and build this year.

Tenders were opened for the supplying and laying of 1½ inch pipe, from the grand stand to connect up with the proposed new buildings, with all necessary fittings, the contract being let to Liphardt Bros.

Plans were gone over of the proposed Ladies' Comfort Station and the work will be started as soon as the contracts are let.

The Board adjourned at 10:45 P.M.

One thousand women reserves marched in the annual police parade in New York City the other day.

The British Institution of Naval Architects has unanimously decided to admit women as active members.

The Grave where Major-General M. S. Mercer, 3rd Canadian Division, is buried in cemetery at Lijsenhoek, Belgium.

A Guelph Man

(Continued from Page 1.)

has the Church to offer to the returned soldier, he must have something better than formerly? To this I would say that the speaker that there is an inclination among some to throw down the barriers, yea take the doors off their hinges so it may be easier for them to come into the Church. My reply to that is that we should not make it too easy. One could only obtain a passport to glory through the atoning blood of Jesus Christ. Get into vital touch with him. Christ's reply to Nicodemus when questioned how he could obtain eternal life "Unless you be born of water and the spirit ye cannot inherit eternal life and this reply was just as applicable to-day as it was when first spoken. Then there should be some evidence that we are God's children and living for Jesus Christ. Let us preach Jesus Christ and Him Crucified and what it means to all of us to-day.

Touching on the Labor unrest which is so manifest in Canada to-day, the speaker said that Labor should not force things. They should give the management time for consideration of their demands which he believed should receive the fullest consideration. The workingman should be paid a wage with which he could rear his family in comfort. Then he should receive consideration when he is sick by being paid by his employer an amount equal to what is receiving from his family in the Soviet form of government for we must stand for law and order but given the square deal to men and everything will work out alright.

At the conclusion of the address the speaker was heartily applauded and on motion of Mr. Gibson, Ingersoll and J. M. Deynes of Milton enthusiastically carried, also that request be made of the conference proper for permission for Mr. Wedlake to repeat his address for the Ministerial body.

Several other speakers spoke briefly on the question.

The report of the Secretary-Treasurer showed that the expenditures for the year was \$113.00 as against \$127.00 showing a net balance of \$23.

The report of the nominating committee was then presented and adopted, electing the following officers for year: President, John Armstrong, Guelph; Vice President, A. Scruton, Brantford; Secretary, J. W. Shepperson, Brantford; Chairman Missionary Committee, J. M. Deynes, Milton; Evangelical Society, J. M. Deynes, Milton; Executive Committee, John Taylor, Jr., Galt; H. E. Plagman, Hamilton; V. A. Emery, Aldershot; Dr. Honsberger, Kitchener; J. Patterson, Fenwick, and Past Presidents.

The laymen ask conference to put the lay delegates on an equality with the ministerial in the billings.

What is the status of women delegates to meeting? What should now be the name of the laymen's association? These were questions asked when attention was drawn to the fact that women delegates were present for the first time. Here after the words laymen delegates will be replaced by 'lay delegates'.

A question as to what is now the proper name of the association was not disposed of.

The attendance of laymen was the largest ever at any recent conference of the district.

STAYKI BOYEFF UNDER ARREST

Brought to County Goal yesterday Following Galt Alleged Murder Case.

Stayki Boyeff a Bulgarian who was arrested in Galt and is being held as a material witness in the alleged case of murder of John Brown which occurred in Galt on Sunday last was brought to the County Goal yesterday afternoon by Chief Gorman. The charge against him is vagrancy and he will be held pending further developments.

Chief Gorman left on the afternoon train for Stratford where Ivan Paroff was placed under arrest as being implicated in the murder. He will be arranged in Galt and if sufficient evidence is produced will be remanded to the goal until the fall assizes.

Strike Averted On Hydro System

SIR ADAM BECK PREVENTS TIE-UP OF ONTARIO SYSTEM AT MEETING OF CHIPPAWA WORKERS

TORONTO, May 28.—There will be no strike of the hydro workers Sir Adam Beck, chairman of the Ontario Hydro-Electric Power Commission, at a meeting of over 2,000 members of the Niagara district trades federation at Niagara Falls to-night agreed to give the men all they had demanded and all threats of a strike and general tie-up of the electric service were dropped.

An eight-hour day was declared 44 hours a week, double time for Sundays and legal holidays and time and a half for all other overtime. Men on the Welland ship canal are also to benefit by these concessions, Sir Adam announced.

The men accepted the new terms, almost unanimously.

TORONTO, May 28.—The hydro municipalities on the Niagara system decided at a conference this afternoon at the offices of the Provincial Hydro-Electric Commission to stand behind Sir Adam Beck, chairman of the commission in any steps he should deem necessary any if a strike occurred at Niagara Falls, as threatened for to-morrow by the men at work on the Chippewa Canal. The men's chief demand is an eight-hour day.

Several present expressed views opposite to those of Sir Adam, but the climax came when Mayor McBride, of Brantford, moved a resolution to appoint a committee of five to confer with the men at Niagara Falls to-night. Sir Adam took it as a direct want of confidence motion in the provincial commission, and particularly in himself. He replied to the effect: "I am live with the job," and threw the papers he was holding down on the desk.

"Yes, but the job cannot live without you," shouted Mayor Stevens, of Niagara Falls, and the delegates cheered loudly.

When the resolution was put to a vote only Mayor McBride supported it. Not even the labor delegates from other municipalities who participated in the conference backed the Brantford Mayor.

Sir Adam explained or told the meeting the normal cost of doing the work on the Chippewa-Queensland Canal and of the increase that would result if all the demands of the men were met, as well as of the delay which would result in the completion of the work. He explained, too, that all the demands of the men in the power house had been met, but because they were members of the confederation they considered they should strike if the central employees quit work.

At the close of the meeting Sir Adam explained to the men, which would provide for the adoption of a scale of wages only a few cents less than what is being demanded, or an approximate average increase of 10 per cent and the granting of an eight-hour day to men not connected with the operation of the steam shovels, the reduction of hours thus affecting painters, carpenters etc. Sir Adam said that the commission recognized the principle of the eight-hour day, but that it was absolutely impossible to grant it to men working on the shovels. He had agreed to recognize the principle of an eight-hour day as it affects them, if granted, however, he required to work 10 hours as at present, but he would pay them 10 cents an hour extra for the two hours.

The resolution in which the representatives of the various municipalities agreed to back Sir Adam stated that the increase, if granted, would result in an additional expenditure of approximately \$7,000,000 and of a delay of about one year in the completion of the work.

After the meeting Sir Adam left for Niagara Falls to meet the men.

Evangelism

(Continued from Page 1.)

At the evening meeting of the laymen two addresses were delivered. The speakers were Rev. R.J. Treleven of Hamilton and Rev. R.D. Simpson of Toronto, Secretary of the Superannuation Fund. The first address, referring to the greatest need in the activities of the church today was that of social movement which was to last had to be the outcome of a spiritual one. There must be love and personal piety. "We hear a lot about socialism. I don't fear socialism. I am a Christian socialist myself. What I do fear are the jealousies and the suspicion among men that the danger is that it may become a doxy of the early socialism, the Christian church."

Touching on present day strife he referred to differences between employer and employee much of which was the outcome of dissatisfaction with wages and the high cost of living and also a suspicion among men that they were not getting the full amount of their share in wages, which claim is not a few cases was justified. He pleaded for piety, whereby this government could bring the two sides together to settle differences.

Rev. Simpson in his preparatory outline of the needs of a greater superannuation fund spoke as a layman. He showed that the church in order to do its duty had to make some sacrifice for the men who are no longer needed in their service and who had made the sacrifice of serving in preference to other professions or callings are more profitable financially. At the close of his remarks he said that the system he recommended to the conference would be to raise extra money and to do this by holding only one campaign for three objectives: education missions and superannuation, instead of three separate campaigns. The objective of the whole church in Canada is to raise an extra \$1,500,000 in this way for superannuation.

The evening meeting was presided over by the vice-president of the laymen's organization, Mr. J. A. Armstrong of Guelph.

Jubilee Address.

The feature of the opening preliminaries at the ministerial session in the afternoon at Trinity Church were the jubilee address by Revs. Jas. A. B.A., John G. Scott and Edward H. Taylor.

GRAMP FATAL TO CHARLES HERBSTADT, AGED 19

PRESTON, May 28.—Edward Herbstadt, 19 years old, son of Charles Herbstadt, of Fountain street, was drowned in the Speed river a short distance from his home about 8 o'clock to-night.

He, with his younger brother, Charles and a chum named Roy Morrison, went for a swim and had only been in the water a short time when he took on and began to sink. He was seen by Roy Morrison, who went down to help him, but could not get him soon enough to render any assistance, but waited for him to come up. He never came to the top, however, after going down. The fire department was called and found Herbstadt lying on the bottom of the river.

Dr. Quinn was called and William Wing, a first aid man, worked on him for some time, but he had been in the water too long to be revived.

He was very well known here and was a clerk in the Grac grocery.

Finance Question Been Settled

ITALY ACCEPTS COMPROMISE

PARIS, May 28.—The question of Plume and the southern territorial boundaries of Austria have been settled by the allied council according to the best information received this evening.

An agreement all has been reached, it is stated, on the general Adriatic questions, except the general economic arrangements. Thus all territorial questions will be presented to the Austrians on Friday in the proposed terms.

The matter of reparations will come up for the consideration later. A plenary session of the peace conference will be held to-morrow afternoon in the foreign office. The terms of the Austrian treaty will then be communicated to the representatives of the countries which break relations with Austria.

Two Sides To A Bargain

Both Must Keep Faith

TORONTO, May 28.—C.O. Knowles, general manager of the Canadian Press Ltd., a news distributing agency, made a cogent appeal to the Industrial Relations Commission this afternoon.

"If collective bargaining is to mean anything it must mean mutual obligation," he said. "It had been suggested, he said, that collective bargaining should be made compulsory. If this were so there should be some force on the other side to see that the worker observe his part of the bargain. The telegraphers of the Canadian Press Ltd. had gone out on strike on last night, twenty-four hours in connection with a strike of a union not remotely connected with them and contrary to the instructions of the International."

"Their action was not in keeping with the principles of organized labor," suggested Tom Moore.

"What protection is there to me?" returned Mr. Knowles, who added that if trades unions cannot discipline their own members, some other means of discipline must be found.
