CASTORIA

For Infants and Children
In Use For Over 30 Years

Always bears the Signature of *Chas. H. Fletcher*

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. When the Landlord Raised the Rent

"I never do have any fun," complained a young girl petulantly.

"Come with me, and I'll cure your discontent," suggested a visiting nurse of the National Sanitarium Association.

They visited a humble little home. The mother was struggling to support the three children, while her husband was fighting tuberculosis at the Muskoka Hospital for Consumptives.

Life was not rosy. It became tragic when the rent was doubled. Hopeless despair looked from her brown eyes. Three pairs of childish eyes watching, sensed something to make even baby lips quiver.

"But there!" with a smile, and the babies smiled too. "I mustn't complain. He's getting better anyway. He writes it's wonderful up there—it's saved his life." And the brown eyes were a prayer.

"I've just got to help," exclaimed an enthusiastic young person as she and the nurse walked down the road. Contributions may be sent to Hon. W. A. Charlton 223 College Street, Toronto.

The Humble Home "In the Rear"

A man, gaunt, hollow-eyed, lay on the bed in a little shack "in the rear." The closed window was a silent reproach to an unwholesome garbage heap within twenty feet of the front door. There, the man, his wife and two children existed, miserably.

How could a victim of tuberculosis possibly recover under such conditions? Ah! the pitiful lack of money to provide for his needs! The dumb agony in his wife's eyes!

The National Sanitarium came to the rescue. He was sent to the Muskoka Hospital for Consumptives, and the family provided for in healthy surroundings.

That was a year ago. It has taken time, but pure air, perfect rest, proper—and sufficient—food, have done their work.

It is expected that a few months will complete his recovery, and at him for light work.

Contributions may be sent to Hon. W. A. Charlton 223 College Street, Toronto.
