PORTABLE**Saw Mills, Grist Mills and Shingle Mills****DOUBLE EDGERS, LUMBER TRIMMERS.****THE MIXTER SAW GUMMER IS KING.**

MORE GUMMERS and SWAGES sold the past year than ever before. The great and constantly increasing demand for the "MIXTER GUMMER" settles the question of its efficiency and superiority over all other Gummings in Market.

The following is a fair sample of the many flattering testimonials which are constantly pouring in upon us:—

DEAR SIRS—Your Patent, Automatic, Self-Feeding Saw Gummer is a perfect success.
 Yours, &c., E. MORS & CO., Lumber & Timber Dealers.

GENTS—I am using one of your Patent Automatic Self-Feeding Saw Gummings at each of my three mills, and I would not take one hundred dollars for it if I could not get another like it.
 Yours truly, WM. ANDERSON.

GENTLEMEN—The Patent Automatic Self-Feeding Saw Gummer we bought of you just fills the bill exactly. We gummed a sixty-inch saw with sixty teeth, cutting on an average of three-fourths inch deep to each tooth, with one cutter without sharpening it.

THE CUTTER OR BURR referred to in the above, (1 in.) cost 90 CENTS, it takes one-half minute to each tooth, and the saw is gummed without removing it from the mandrel. ALL SAWYERS know this is a great advantage, besides a saving in time.

We challenge ANY saw tool manufacturer in the United States to produce such an array of unsolicited testimonials as we have received for our GUMMER AND SWAGE.

Of course we have not room here for an extended list. Our goods are now so well established throughout the country, that information can be easily obtained as to their practical working from any of the several Thousand Sawyers who have them in use.

In short the MIXTER GUMMER is pronounced by all to be the "BOSS GUMMER."
