Set in Columbus, Ohio, the new film takes over the Rambo story many years down the road after Rambo" has lost considerable muscle tone. feisty as ever, Rambo, as principal of Goober Creek School wages all-out war on student smoking. Delivering his own patented brand of judgement, Rambo cleans up the school in more ways than

"I play a kinder, more sensitive Rambo" says Kim. "I like to think of him as a big teddy bear who just doesn't like students to smoke." Kim also feels his life has been leading up to this part. "Yeah, I like shooting at people who smoke! - It's the movies, after all!" Says Kim. "Rambo IX, Tobacco Ridge" will make it's debut in late June of 1991

'New Kid' to Attend U.N.B.

Los Angeles - Donny, of "New Kids On The Block" will be enrolling in a Forestry Engineering program at U.N.B. Fredericton this fall despite his third-grade education and tendency for lighting illegal fires. U.N.B.'s Dean of Engineering, who wishes to remain anonymous, was quoted as saying "Heck, he's got the cash, don't he?'

Donny feels this will be a good experience. "I need to get back to my childhood" says Donny. Someplace that no one cares if your stupid or uneducated or talented or anything like that there." Donny also adds he is exited about specializing in Bush Fire Studies. "It's kinda always been a hobby of mine" he says. "Y'know, lightin' fires 'n watchin' 'em burn 'n stuff." Commuting by Lear Jet from his home in Los Angeles, Donny hopes to finish his degree soon because "The iron ring is cool." Donny's acceptance letter from U.N.B.'s registrar list this as "reason enough for us."

Thirty Die as Club Manager's **Dog Goes on Rampage**

Fredericton - The College Hill Social Pub at the U.N.B. campus was the scene of unprecedented carnage last Friday Night. Thirty people were killed and several dozen injured when the Pub manager's Pit Bull "Gent" went on a rampage, urinating in more than three hundred open beer bottles and liquor glasses. "I didn't realize he was loose" says Matt Finish, present owner of the Pub.

Inside sources say that it may have been a malicious act aimed at one Kevin Bourque, past resident of the University's Student Union. This

The Aitken Center in Fredericton New Brunswick was sold out last week for the CATS (Communist Assholes Together for Senate) performance. This will be the first performance for this feisty new Speed-Core Punk/Jazz Fusion/Operatic/Industrial /Big Band/Zamfir cover band, and the members are extremely happy with the public response. "Holy Friggin beans in a shit bag!" Said lead singer Luis Codophone. "When they told us that folks wuz waitin' outside all night I figgered cripes! I mean jeez!'

Formed last week, CATS hopes to "make a crudload of buckaroos and drink snotloads of boozy-woozy." As stated Ujamoids, and features by drums / harmonica /table saw player Pete Threechicks. Combining the Big band sound of Glen Miller, the modern, more up-tempo styles of Skinny Puppy, The Exploited, Weather Report, and the sensitive, intelli-gent strains of Verdi, and Phillip And His Foetus Vibrations with the meditative tones of the master of the Pan flute, CATS brings what they like to call "Booger-snot style" to such classics as "The Girl From Ipanema" and "Somewhere Over The Rainbow."

The band is made up of former members of the band The local

Jazz is again alive and well in Fredricton.

CATS Show Recieves Surprise Response

New Band logo "not what we expected, but hey, it seems to work" -manager of CATS a new member, Virile "Baby Face" Shrilliams on lead Zulu Bells. The show promises to be unique as well as loud, and all attending will be "in for a surprise" according to the show's promoters.

When asked about the large ticket price and the unexpected amount of avid fans who waited in some cases all night for tickets, band manager Thin Judo said "I guess we owe the promotional end all to the Aitken Center Manager, Gordo LaBong" He adds When we first ap-

proached him about playing, he laughed so hard he fell out of his

chair, but then he read our CATS contract and he got this crazed gleam in his eye." Mr.LaBong was unavailable for comment, but did confirm the event as being sold out. Mr. Judo did mention that there was a small confusion about the band's logo, depicting a caged iguana drenched in molasses and covered with peas and shredded cheddar cheese. "The one Gordo used is a little flat, but he insisted it would bring in a better crowd - I guess he was right." Said Judo.

Aitken center security has expressed concern about the number of children that will be at-

tending. Although the event will be alcohol free,Gordo LaBong says "we'd hate to have to rough up any overexuberant children." Thin Judo emphasizes "parental guidance" but stresses that the music will be "loud enough that no one will understand the words, offensive or not, anyway." There are no confirmed

dates for a tour as yet, but this reporter is sure you'll be hearing more from this band very soon.

> A customer at the scene was quoted as saying We all thought the beer tasted funny, but we figured either Matt was watering it down again or it was Alpine."

> Memorial services for the deceased will be held in the Pub. "Its the least we can do" says Mr. Finish, adding that there will be "a happy hour during the service-\$1.75 a beer and \$1.75 a shot!"

Riot At Concert - Charges Laid

Fredericton - A Scuffle turned into an ugly brawl last night at a Student Union Entertainment sponsored concert in the Cafeteria on the U.N.B. Fredericton Campus. Fifteen Campus Police, three dogs, seven university police, a few cars and twenty-odd R.C.M.P. special forces personnel were needed to subdue the crazed crowd, the entirety of which was made up of a Mr.Dwame Kawes and a Mr. Jashump Burnt, both students. Fredericton Chief of Police Carlisle said "They weren't really fighting per se, but you can never be too careful.

Said the head of Campus Police to the Urinal "Students just need to use a little common sense. People just don't understand how awful it is being a Campus Cop- we take a huge amount of mental and physical abuse - Sure, the riot tonight wasn't big, and maybe the accused weren't actually fighting, but they could have been, and then where would we be?" He added that the incident was "under investigation." The University will be laying charges for mental trauma suffered by Campus Police during the incident.

Mr. Kawes denies any true animosity towards Mr. Burnt, while the only comment from Mr.Burnt was "You can't charge me, I'm the Doctor of Fun!!"

attempting to revive a love of jazz in Frederictonians.

Fredericton, N.B.-Long known as the "cultural wasteland" of Canada, New Brunswick now enters the hoity-toity world of upper crust snobbery with the emergence of a new jazz efficianado. Moncton native Fridgid Brick has managed to bring culture through the abyss and past the door so often barred by such cultural greats as Slim Whitman, George Jones and George Benson with her provocative mix of William F. Buckley-style humor and Vanilla Ice poetics. While hobnobbing with members of the Youknow award winning band The Spasticly Thick Miss Brick is Quoted as saying: "I love jazz, dont you love jazz? I love jazz." An attitude such as this must be commended and I for one would like to say: Yes Miss Brick I love jazz, and your collection is fascinating. With my liberal attitude I must admit that I am captivated and carried away in rapture by BOTH sides of the tape.
