Senator Arthur Meighen,
The Senate,
Ottawa, Canada.

Dear Senator:-

I understand that you expressed interest in the work done by this class and I know that you have and will do everything possible to help us at the seat of Government. I thank you for this and hope that you may be a means of having the finest group of ex service men in Canada given some work to do for their Country that they are more than capable of doing.

Yours very truly,

Major E. M. Watts.
