Ottawa, May 16th., 1918.

Sir,-

I beg to acknowledge receipt of your report for the month of April; and in reply I may say that it is regretted that consequent upon la grippe being prevalent amongst the Indians of your agency this spring several deaths occurred. It is hoped that as the warm weather approaches the health of the Indians in general will be markedly improved.

Your obedient servant,

  
Asst. Deputy and Secretary.
