January past - No 116, 131 I brought the sanitary matters before the Chief and pointed out the danger if such were allowed to continue. The Chief promised to have this attended to, and subsequently appointed a committee for page 7 of minutes to look into the matter and report at the next Council.

### School Attendance

I explained to the Council the contents of your letter of 16<sup>th</sup> January last No 154,848-7 in reference to the unsatisfactory attendance at the schools on the reserve, and urged on them to insist on all children of the school age belonging to their respective Bands, attending schools regularly. The Chief will do all in their power to have this carried out. The attendance I think depends greatly on the weather and roads.
