Dear Billie,

I have recently been  
worded hereabout? It did  
not come as a surprise  
but don't let the  
moment pass to be devel-  
oping as I had expected and  
as it is still in the development  
stage I am hoping you may  
have had an opportunity to  
get along the lines of our  
Barricade conversation. It  
might have been for reading  
effect.

I enjoyed so much  
seeing you at Jean's and it  
was kind of you to call on  
the water to Canada.
