pan and Joseph Nantais were sincere in their statement that they would spend a month in the Sandwich jail rather than pay the fine imposed upon them by Magistrate Bartlett for selling liquor to Indians was proved yesterday afternoon when the four presented themselves at the jail, and asked Governor Sparks to take them im As no commitments had been issued, and the Governor had received no instructions, he refused to receive the applicants. Disappointed at the jail, the quartette visited their attorney, R. F. Sutherland, who pointed out that they had been premature in visiting the jail, as their fines are not due till Monday. The hotel men say they will then ask Magistrate Bartlett to make out commitment papers, vowing they will live on prison duff for a month rather than pay the fines, part of which would go to the finding informants. The hotel keepers throughout the county are incensed at the number of cases brought against them recently for breaking the liquor laws, and they look on their unlucky brethren as so many martyrs. The police department, naturally, is not anxious to see \$200 im fines slip through its fingers. and asked Governor Sparks to take

The Italian King and Queen reached the Guildhall without incident. Onentering the library their Majesties were greeted by a distinguished gathering, including the Prince and Princess of Wales, the Duke of Connaught, the Duke and Duchess of Argyll and other members of the royal family and many Cabinet Ministers, Peers, members of the House of Commons, etc. No diplomats were invited, with the exception of the Italian Ambassador. The scene at the Guildhall was brilliant. The Lord Mayor, Sir James T. Ritchie, met the guests at the entrance of the historic city hall and conducted them to the library, where the corporation's address was presented in a gold casket. The banquet was then served. After address was presented in a gold casket. The banquet was then served. After the Lord Mayor had toasted King Victor Emmanuel and Queen Helena, his Majesty replied to the Lord Mayor, thanking him in behalf of himself and the Queen for the splendid hospitality extended to them and for the address of welcome. The Italian King and Queen left the Guildhall amid a fan fare from the city trumpeters and the cheers of the crowds along the thoroughfares without. Their Majesties took a train from Paddington for Windsor. At the convocation of Oxford University this morning the degree of Doctor of Civil Law was by diploma conferred on King Victor Emmanuel.

As a general rule, meat once a day is sufficient for all classes of men, women and children, and grains, fruit and vegetables should constitute the bulk of food eaten.

But many of time most nutritious foods are difficult of digestion and it is of no use to advise brain workers to eat largely of grains and vegetables where the digestion is too weak to assimilate them properly. It is always best to get the best results from our food that some simple and harmless digestive should be taken after meals to assist the relaxed digestive organs, and several years experience have proven Stuart's Dyspepsia Tablets to be a very safe, pleasant and effective digestive and a remedy which may be taken daily

FULL OF FIGHT

Toronto, Nov. 119 .- A large number of Conservatives from all parts of the Province attended a meeting of the Provincial Association here tonight, and a most enthusiastic meeting it was. Mr. J. P. Whitney, presided.

It was determined to presecute the protests pending in the four by-elec-tions—North York North Grey North Perth and North Norfolk, and also to lend generous assistance to the party candidate, E. A. Dunlop, in North Renfrew, which is 'an expensive constituency in which to campaign. It is very extensive and requires a large expenditure for legitimate expenses of a canvass.

It was decided to prosecute the protest in Sault Ste. Marie.
