

One Pill, taken when symptoms of dizziness, fulness or pain in the head, nausea at stomach, indigestion, costiveness, pain after eating, sleeplessness, bad dreams, etc., etc., appear, will soon cure this difficulty. Radway's Pills are unlike all other pills; each Pill contains three grains of the active curative principles of extracts of the rarest products of the vegetable kingdom—of ingredients some of them never before used as medicine, and to be found only in these Pills.

In cases of colic, severe inflammation, or paralysis of the bowels, and a speedy discharge of their contents required, grind six of the Pills to a powder, and take in some preserves or water. In half an hour, the Pills, given in this way, will generally operate. The dose can be repeated, if necessary, in two hours. We have known the Pills, given in this form, to open the bowels WHEN CROTON OIL, *Elaterium*, *Podophyllum*, MAN-DRAKE, have failed. It is seldom that a second dose will be required in these cases of *Intestinal Obstructions*.

It will greatly assist the Pills in effecting a cure, by giving the patient a bowl of hot oatmeal gruel six hours after taking the Pills, or in the morning previous to their operation. In sudden Colds, Influenzas, etc., this treatment is a sure cure.

RADWAY & Co.—*Gentlemen*: I have given your Purgative and Regulator Pills, received at the Druggists here, a trial, and find them THE BEST of any I have ever used for the system; and where all others failed in giving me relief for a general disorganization of the stomach, with, I may say, other equally bad symptoms of the system, your Pills succeeded. I am, very respectfully,
SAXTON, BEDFORD CO., PENN., May 1, 1873.

DANIEL GEARY.

DROPSY.

The Sarsaparillian and the Pills, in large doses, should be taken by dropsical persons. They will not only reduce the swelling, but remove the cause of the swelling, which is the disease of the Liver, Kidney, or Heart, as the case may be. In this disease the Resolvent shows its great power over the absorbent system. Dropsical swelling frequently results from cases of Fevers, Measles, Consumption, and Scrofula.

ANN ARBOR, MICH., April 30, 1875.

DR. RADWAY.—*Kind Sir*: I have been taking your Resolvent, Regulating Pills, and also using the Ready Relief about one year for ovarian tumors on the abdomen, which the most eminent physicians of our Medical College pronounced incurable.

They were like knots on a tree. When I was sitting in a chair, they hung almost to the floor: and my weight was two hundred and seventy-five pounds, when I commenced with your remedies, and now it is two hundred and ten pounds, but they are not all gone yet. I have taken twenty-four bottles of Resolvent, nine of Relief, and twenty-four boxes of Pills. I get the medicines from G. Grenvill.

Please send me your book "False and True."

MRS. C. KRAFF.

Another Letter from Mrs. C. Krapp.

August 18, 1875.

DR. RADWAY.—*Kind Sir*: I take the liberty to address you again. My health is greatly improved by the use of your medicines. Three of the tumors are entirely gone, and the fourth is nearly so. Dropsy is gone, health still improving, and my weight decreasing very fast. I have had a great many calls this summer to inquire of the wonderful cure your medicine has done for me, one from Ohio, one from Canada, three from Jackson, and quite a number from this place.

Yours with respect,

MRS. C. KRAFF.

We are well acquainted with Mrs. Krapp. She is an estimable lady, and very benevolent. She has been the means of selling many bottles of the Resolvent by the druggists of Ann Arbor to persons afflicted with internal tumors. We have heard of some wonderful cures effected by it.

Yours respectfully,

EEBERBACH & CO.

ANN ARBOR, MICH., Aug. 18, 1875.

Bleeding in pregnancy produces abortion.

A greater malady obscures the sense of a lesser one.

In pregnant women, diarrhoea occasions abortion.
