

40695 "Alice of Holdenby." She is by "Cathorpe Irving" 14555, a great prize winner. Alice is altogether a charming filly, one of the kind we would gladly keep in England. Her quality and style are superb and she is in foal to "Rokeby Phitus."

The two-year-olds and yearlings are entered in Vol 26, but are not yet numbered. Like the mares and three-year-olds they are a beautiful lot. These are "Eadie of Holdenby," a short-legged bay by "Molo" 18922, out of 32856 "Leda," mentioned above. She is a fine class of filly to breed from, and is in foal to "Rokeby Phitus." "Holdenby Belle" is another of them. She is by "Harold's Pilot," out of the first-mentioned mare "Nicausa," and was winner of first and champion prizes at the Oxfordshire show at Bicester. "Indy of Holdenby" in another of them. She is by "Wincheisa" 14439. "Holdenby Sall" is the last of these. She is by "Duke of Anglesy" out of "Besor,"

and is a weighty and deep filly with good legs and character. The two yearling fillies may fairly be considered two of the gems of the sale. These are "Mandy of Holdenby," by "Rokeby Phitus" out of "Dorcas," and "Flower of Holdenby," by the same sire, out of "Leda."

"Rokeby Phitus," to whom most of the mares and fillies are in foal, was got by "Caston Harold," or "Caston Salisbury," and is a weighty and capital getter. Extended pedigrees and further particulars will be found in the catalogue, for which please write at once.

Hind's Shorthorn Sale

The sale of pure-bred Shorthorns announced by Mr. E. H. Hind, Hagersville, Ont., will furnish an opportunity for farmers to get just what they require in breeding cattle to improve their stock. Scotch-topped Bates cattle, the

ideal all-round utility cattle of good lines of breeding, thick and low set, are the kind which furnish both milk and beef of high-class quality. The old Beauty strain, well known for size, flesh and deep milking qualities, are too well known to need further comment. The bulls used in Mr. Hind's herd are also of well known strains. Among them is Bates Baron, by the sire Sir Christopher, who proved such a success in J. Douglass' herd, and the sire of the heifer which won such fame for the Ladd's of Oregon. The present herd bull, Sir James, by the well known champion Capt. Maylor (imp.)—28585—, winner of highest honors for Jas. Crezar, and whose dam was a Duchess, is the sire of the present crop of calves. Of these there are eight bull calves and ten head of heifers, with eight or ten head of yearlings and cows. The herd bull will also be offered for sale. Write for a catalogue, and don't forget the date, Nov. 22nd, 1904.

3 FEEDS FOR ONE CENT

IS THE COST OF

"INTERNATIONAL STOCK FOOD"

"INTERNATIONAL STOCK FOOD" is a purely medicinal, vegetable preparation, composed of roots, herbs, acids, bark, etc., and is fed to stock in small quantities in addition to the regular grain to promote digestion and assimilation. It is sold on a positive guarantee to save you money over the ordinary way of feeding. It is in use by over 1,000,000 farmers and stockmen. Our arguments boiled down show that "International Stock Food makes Stock raising Profitable"

Original Price \$1.00 per 100 lbs.

FREE

A \$3000 Stock Book containing 183 large engravings and a large Colored Lithograph of "DAN PATCH," 1861.

The cover of the stock-book is a beautiful life-size picture without any advertising on it. The book is 6 1/2 x 9 1/2 inches and cost over \$2,000 to produce. It gives history, illustrations and descriptions of various breeds of horses, cattle, sheep, hogs, game and poultry. It contains an up-to-date Veterinary Department which will save farmers and stockmen hundreds of dollars, as it treats of all ordinary diseases and tells how to cure them. The colored picture of "Dan Patch," 1861, the world's champion harness horse, is 6 1/2 x 9 1/2 inches, and is worthy of a place in any home.

Write us at once and answer the following questions:

1. Where did you read this advertisement?
2. How much stock have you?

Largest Stock Food Factories in the World.

1,800,000 People

Have Asked Us to Buy Them a 50c. Bottle of Liquozone.

We offer to buy the first bottle of Liquozone, and give it free to each sick one who asks it. And we have spent over one million dollars to announce and fulfil this offer. Our object has been to let Liquozone itself show what it can do. A test is better than testimonials, better than argument. In one year, 800,000 people have accepted this offer. They have told others what Liquozone does, and the others told others. The result is that millions now use it. It is more widely employed than any medicine ever was—more widely prescribed by the better physicians. And your own neighbors—wherever you are—can tell you of people whom Liquozone has cured.

Not Medicine.

Liquozone is not made by compounding drugs, nor is there alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research.

The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of

\$1,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetal matter.

There lies the great value of Liquozone. It is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact that gives Liquozone its worth to humanity. And that makes it so great that, after testing the product for two years, through physicians and hospitals, we paid \$100,000 for the American rights.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Asthma
Abscess—Anemia
Bronchitis
Blood Poison
Pneumonia
Rheumatism
Hemiplegia
Consumption
Scurvy—Cancer
Constipation
Malaria—Typhoid
Dysentery—Diarrhea

All diseases that begin with fever—all inflammation—all entrance—all contagious diseases—all the results of injury or poison—blood poisoning—Liquozone acts as a vitalizer accomplishing what no other medicine does.

50c. Bottle Free.

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquozone is, and what it can do. In justice to yourself, please accept it to-day, for it places you under no obligation whatever. Liquozone costs 50c. and \$1.

CUT OUT THIS COUPON

For this offer may not appear again. Fill out the coupon and mail it to the Liquid Oxygen Co., 106-108 Wabash Ave., Chicago.

My disease is.....

I have never been tried before, but if you will supply me a 50c. bottle free I will take it.
