

HOLSTEIN-FRIESIAN NEWS

Farm and Dairy is the official organ of the Canadian Holstein-Friesian Association...

All readers of Farm and Dairy, interested in Holsteins, will also be pleased to find in the next issue of Farm and Dairy...

PROGRESSING RAPIDLY WITH HIS HOLSTEINS

It was the pleasure of one of the editors of Farm and Dairy last week to spend an hour on the farm of Mr. Jacob Mogg...

Pure-bred and grade Shorthorns were Mr. Mogg's first interest in the Holstein cattle. He had good ones to begin with...

Space available does not permit us to make individual mention of all of Mr. Mogg's Holsteins. The ones he bought carrying calves...

Mr. Mogg's son that takes the greatest interest in the Holsteins. He is unfortunately in the year he was not weaned out of the record...

CAMPBELLTOWN HOLSTEINS VISITED Last week one of the editors of Farm and Dairy was privileged in having a short visit to the Campbelltown farm...

farmers are afraid to invest their good money into pure-bred cattle, it is most encouraging to meet in a man like Mr. Kelly...

When Mr. Brodt gets his cattle away from Mr. Kelly's farm will be mainly young stuff left over from the Netherlands De Kol Glenice...

We noticed several most promising two-year-old daughters and which Mr. Kelly is milking fresh and which Mr. Kelly is milking along until he can test them officially...

As it was late in the day when we got to Mr. Kelly's farm we have the opportunity we should have liked to have given his cattle a closer inspection...

The young stock included most of the calves in Mr. Kelly's herd, in from Kornyke Veeman Dennis from the grade bull, Rip Kornyke Pontiac Bessie...

Mr. Kelly's first herd bull was Rip Kornyke's first calf, Rip Kelly imported this bull. He is good indeed and is the representative of some of our readers who may not be interested in knowing the breeding it will be...

Mr. Kelly's first herd bull was Rip Kornyke's first calf, Rip Kelly imported this bull. He is good indeed and is the representative of some of our readers who may not be interested in knowing the breeding it will be...

Mr. Kelly's first herd bull was Rip Kornyke's first calf, Rip Kelly imported this bull. He is good indeed and is the representative of some of our readers who may not be interested in knowing the breeding it will be...

We'll have to say about it Mr. Kelly and his cattle another time. His experience is particularly interesting in the standpoint of the fact that he sold a 75-lb. calf for some purpose...

RECORDS AND PHOTOGRAPHS WANTED The Holstein breeders of this section are desirous of collecting for publication about a dozen of the best records made by a herd of grade Holsteins in Canada...

The Secretary will also be pleased to receive from breeders photographs of typical pure-bred animals. Besides the desirability of having a collection of the photographs in his office...

EVERGREEN STOCK FARM

High Class Registered Holsteins

We find that we have more stock than we have pasture for and have decided to Offer For Sale:

- 4 Three-year-old Cows, 3 milking and 1 to cull in June.
2 Two-year-old Cows, milking.
5 Heifer Calves, from 1 month to nine months.
1 Bull Calf, 6 months old, from a 15-lb. 2-year-old whose dam is the champion milking four-year-old cow in Canada...

TELEGRAMS AND LETTERS FROM COAST TO COAST

Chas. C. Nixon, Bedford Park, P.O., Ont., May 14th, 1913. Advt. Mgr. Farm and Dairy, Peterboro, Ont.

Dear Sir:- It is only right that you should know of the telegrams and letters from coast to coast which came in to me asking me to reserve those two bull calves as advertised recently in my space in Farm and Dairy.

I could not have you print them all, but the following are a sample: Summerside, P.E.I., March 17th, 1913. "Regarding the bull calf King Pontiac Sylvia...

CANADIAN PACIFIC NIGHT LETTERGRAM

Dawden, B.C., May 9th. "Send extended pedigree of calf advertised showing relationship to Spring Farm Pontiac Lass recording her latest performance. I am interested with this extended pedigree, will write cash and you can express call. Keep this open for me because it may mean new market for you."-Gandom.

A LETTER FOLLOWING ANOTHER TELEGRAM

Shubenside, N.S., May 6, 1913. "Am telegraphing this morning in order that I may not again be too late. You will kindly write at once letting me know whether you have sold the bull calf out of Merced Lass calf immediately on hearing from you if I am to have it."-W. L. Etter.

I have been criticised by some Holstein breeders for setting those two bulls at so low a price, only \$150 each. They were easily worth \$200 each and more. I wanted them to go out as a real good advertisement for the Manor Farm, some as all the stuff I sell - priced reasonably so that it will make the buyer money.

While I price almost anything I have in my herd I have not just at the present anything desirable to sell. The service fee of Prince Hengerveld of 4412 lb. butter in 7 days; 172 lb. in 30 days; champion of the world and no wonder, she being a daughter of King of Spring Farm Pontiac Lass (sire ever known) is now \$100.00 TO APPROVED COWS ONLY.

GORDON S. GOODERHAM
