The *New Era* prints a list of contributions from 255 Sunday School Auxiliaries to the Missionary Society of the Church of England in Canada, in which S. Alban's, Toronto, takes the fifth place with \$46.25. The four larger are Lunenburg, Nova Scotia, \$106.60; St. Paul's, Halifax, \$62; All Saints', Hamilton, \$54.50; Holy Trinity, Toronto, \$53.30. The two next on the list after S. Alban's are Grace Church, Brantford, \$43.81; and St. Paul's, Brockville, \$41. The list, however, does not include many of the large churches; Quebec Cathedral, Montreal Cathedral, St. George's, Montreal, and St. James', Toronto, do not appear in it (no doubt they make their gifts in some other way); nevertheless, there are many larger churches than S. Alban's, so that our position on the list is a creditable one. We hope the Sunday School will make an effort to maintain it. The children's Lenten Boxes for this year, brought in on Easter Sunday, produced over \$70.

Among the Easter gifts to the Cathedral must be mentioned a joint donation from Mrs. Victor Hughes, of England, and her sister, Mrs. Macnab, of a handsome red silk Burse, Chalice Veil of the same material, and Stole. The embroidery on all is of heavy gold work, similar to the beautiful Sanctus on the Altar, which is so much admired. The Stole is further enriched with

clusters of rare Neapolitan coral with pearl and coral pendants. The work was executed in England, and donated by Mrs. Victor Hughes, who is widely known in Oxford for her interest in Church work. The Jewels are the gift of Mrs. Macnab.

The three Illustrated Lectures given in the Crypt of the Cathedral during the Lenten season were very successful in every way.

On March 3rd, Mr. Ben Oriel's "Evening in Palestine" was well patronized, notwithstanding the very inclement weather, and proved a most interesting entertainment.

On March 17th Mr. Stanger gave an admirable lecture on "Ancient and Modern Temples of Italy." The subject was illustrated by a large number of lantern views many of them from original photographs taken by the lecturer. The proceeds of these lectures enabled the Altar Guild to make much needed improvements in the fitting up of the Chapel in the School House.

On Maunday Thursday the Rev. Canon Dixon gave a number of Bible readings on the "Passion of our Lord," and illustrated his subject with nearly one hundred lantern views, which were greatly appreciated, the proceeds were for Diocesan Missions.
