

Bone Spavin

No matter how old the blemish, how lame the horse, or how many doctors have tried and failed, use

Fleming's Spavin and Ringbone Paste

Use it under our guarantee—your money refunded if it doesn't make the horse go sound. Most cases cured by a single 4-minute application—occasionally two required. Cures Bone Spavin, Ringbone and Sidebone, new and old cases alike. Write for detailed information and a free copy of

Fleming's Vest-Pocket Veterinary Adviser

Ninety-six pages, durably bound, indexed and illustrated. Covers over one hundred veterinary subjects. Read this book before you treat any kind of lameness in horses.

J. T. GIBSON, DENFIELD, ONTARIO

He was mumbling about tough steak and cold coffee, and making himself generally disagreeable.

"Don't growl over your breakfast, John," said his generally meek wife. "Nobody is going to take it away from you."

Suffered With Nerve Trouble For Two Years.

WAS IMPOSSIBLE FOR HIM TO SLEEP.

Mr. Chas. W. Wood, 34 Torrance Street, Montreal, Que., writes:—"For two years I suffered with nerve trouble, and it was impossible for me to sleep. It did not matter what time I went to bed, in the morning I was even worse than the night before. I consulted a doctor, and he gave me a tonic to take a half hour before going to bed."

"It was all right for a time, but the old trouble returned with greater force than before."

"One of the boys, who works with me, gave me half a box of Milburn's Heart and Nerve Pills. I took them and I got such satisfaction that I got another box, and before I finished it I could enjoy sleep from 10 p.m. until 6 a.m., and now feel good."

The price of Milburn's Heart and Nerve Pills is 50 cents per box, or 3 boxes for \$1.25. They are for sale at all dealers, or will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

GOSSIP.

GLENHURST AYRSHIRES.

The sensational sale of the young stock from the noted herd of James Benning, of Williamstown, Ont., less than two years ago, when over eighty head, including over twenty calves, and nearly half the entire number under one year old, made the then record average of \$150, and up to over \$500 for a single animal, was unquestionable proof of the superiority and high-class character of the great Glenhurst herd of imported and Canadian-bred Ayrshires, and was one of the greatest factors of the breed's history in this country to center the attention of Canadian farmers on the Ayrshire as the dairy cow, par excellence.

The herd was established over fifty years ago, by the late David Benning, on animals imported by him, and ever since has been strengthened and kept up to a high standard by fresh importations and the purchase of imported stock as occasion demanded. No care or expense has been spared in having always at the head of the herd the best bulls procurable. For some time of late years the chief stock bull in service was the choice Imp. Cross of Knockdown, while on his daughters was used the successful sire, Imp. Drongan Mains Guarantee, a bull that has won his honors in many a hard-fought contest in the leading show-rings, and was a sire of more than sterling worth. On his daughters again is being used the present stock bull, Imp. Lessnessock Comet, whose dam, Lessnessock Betty 2nd, made, in 40 weeks, the splendid record of 10,000 lbs. milk. Among the many choice females in the herd at the present time, we were much impressed by the splendid appearance of White Ada of Glenhurst, who, at her freshening as a two-year-old, gave 40 lbs. a day, and her dam, Lady Ada, who is still doing duty, was up to 60 lbs. a day. This heifer is a daughter of Imp. Cross of Knockdown, and looks every inch a show heifer from the ground up. Several other particularly choice ones belong to the great old Flossie tribe, that produced the male and female champions at the World's Fair in Chicago in 1893, both of which were bred in this herd. Those now in the herd of show form are the three-year-old, Glenhurst Flossie, sired by Cross of Knockdown, who, at her first calving, gave 40 lbs. a day testing 4-per-cent. Another of the same tribe is the two-year-old, Flossie's Gem, a daughter of Drongan's Main Guarantee. Her yield is 39 lbs. a day. Still another is Glenhurst Queen Floss, a two-year-old, by the Drongan Main bull. She shows her superior breeding by giving 38 lbs. a day of 4.4-per-cent. milk. Several younger ones of this tribe are in the herd, and all are true and level, showing the form that wins in the show-ring. Flossie's Gem being a half-sister to the \$550 heifer sold at the sale to Mr. Ryan, of New York. These are only a few of the many good ones now in the herd, daughters of 55- and 60-lb. cows, and with yearly records up to 11,000 lbs. One of them, Torr's Cony 3rd (imp.), is in calf to the \$2,600 bull, Bargaenock Victor Hugo (imp.). A choice calf is out of the first-prize dry cow at Ottawa, and sired by Lessnessock Purward Lely (imp.). The average butter-fat test of the whole herd, as officially given out from the official testing, is 4.6 per cent. Anything is for sale, including many choice heifers and a few young bulls. Write to the owner.

A Toronto man, in company with a friend, was driving a big car along a road in the interior of Hastings County, when they met an old-fashioned high carriage in which were an old-fashioned couple. The frightened country people jumped to the ground and the motor-car came to a halt.

Observing the consternation of the startled couple, the owner of his car and stepped toward them.

"Is your wife for sale?" said he. "I'll lead her to the post, our martine."

"No, no," said the horse, "stranger," said the man. "You lead my old woman to the post and I'll get a horse by the name of Martine."

We Guarantee More Milk—More Butter

Good health for all your cows the year round and smaller feed bills, if you use

Pratts

Animal Regulator

It is a necessity to every Farmer. Pratts Animal Regulator mixed with the usual feed is inexpensive and makes the best milk ration known.
