GOSSIP.

A SIGNALLY SUCCESSFUL SHORT-HORN SALE.

The auction sale of Shorthorn cattle from the famous herd of Mr. W. D. Flatt, Hamilton, Ont., held at Dexter Park, Chicago, on November 7th, proved successful beyond all expectation, the 45 head sold bringing the handsome total of \$50,520, or an average of \$1,122.66 each. This is a recordbreaking performance in the field of pure-bred cattle sales in America in the last 25 years, and Mr. Flatt is to be commended for his enterprising spirit and congratulated on his brilliant success in prizewinning at the leading shows this year, and on the magnificent result of his courageous venture in

shows this year, and on the magnificent result of his courageous venture in placing so valuable a selection of animals on the public market. The offering of such a splendid contingent and the eagerness with which experienced breeders competed for their possession is surely evidence of solid confidence in the inherent excellence of the breed, its potency for good, and the practically unlimited field for its usefulness.

That the \$5,000 mark would be reached in this sale was probably not expected by any one, though it was anticipated that Cicely, the championship winning cow, would bring a high price, and enthusiasm ran high when, after a starting bid of \$2,000, the offerings bounded upwards till she was finally sold at a bid of \$5,000 to Messrs. J. G. Robbins & Sons, Horace, Ind. The next highest price for a female was \$2,010, for Imp. Empress 12th, sold to Messrs. Baker & Baker, Oregon, Ill. Fifteen other females brought prices ranging from \$1,000 to \$1,750, and three Canadian-bred heifers \$900 to \$1,025, or an average for the three of \$977. The complaint that bulls have not, in American sales, been bringing prices commensurate with their influence in a herd was discredited on this occasion by the 2-year-old bull, imported Lord Banff, the chief stock bull used in Mr. Flatt's berd, topping the sale at the splendid price of \$5.100 on the bid of Mr. Geo. E. Ward, Hawarden, Iowa, while the Canadian-bred 4-year-old bull, valiant, bred by Mr. H. Smith, of Hay, sold for \$1,675 to Messrs. Baker & Baker, of Illinois. Among the Canadian breeders who were present were Hon. John Dryden, Capt. T. E. Robson (M. P. P.), Arthur Johnston, Harry Smith, John Isaac, Robert Miller, W. G. Pettit, T. Douglas, R. Gibson, Hudson Usher, Jacob Flatt, and David Birrell.

We give below the names and date of birth of the animals sold, with the price and the address of the purchaser in each case.

THE LAWRENCE-WILLIAMS CO., Toronto, Ont.

Colwill Bros., breeders of Shorthorn cattle and Tamworth hogs. Newcastle, Ont., write: "We now have a choice lot of young Tamworths, from three to six weeks old, out of Evelina, and sired by Colwill's Choice, our famous prizewinner at Toronto; and another choice litter of 11 out of Maid of Honor, and 8 out of Newcastle Queen. Our three Toronto prize sows gave birth to 32 youngsters, and they are doing fine. We have been very successful at the various fall fairs, having won in all some 60 prizes; and those consist mainly of firsts and seconds. The young Shorthorn calves we offer in this issue are a choice lot, being sired by Brave Baron 23259, a son of imported Indian Chief, and out of cows carrying such strains as Duke of Lavender, Dr. Miller, Imp. Oxford, and many such noted stock animals."

\$8,420—average \$1,688.00: 45 animals brought \$50,520—average \$1,122.66.

The International Live Stock Exposition to be held in Chicago the first week in Dedsmber promises to be, beyond a shadow of doubt, the greatest event of the kind ever held in America. It will undoubtedly be the grandest display of breeding and butchers' stock, and heavy horses, beef cattle, sheep and swine ever brought together on the containent. The building accommodation for the show is immense in extent, yet compact and comfortable for man and beast. The exhibits will include not only individual and show-herd competitions, but also carload lots and slaughter tests. The Union Stock Yards and the immense packing houses are alone worth a trip to see, and when to these is added the great Exposition, a liberal education is afforded the young or middle-aged farmer, and the reduced railway rates make the expense very moderate.

A SHORTHORN DISPERSION SALE.

BY. S. G. Little, Hageman, Ont., announces in an advertisement in this issue a dispersion auction sale of his have registered Shorthorns, to take place on Dec. 18th, at his Woods-lee Farm, in the township of Scarboro, one mile from Unionville Station, G. T.

R., and 18 miles from the city of Toronto. The herd was founded two years ago, on selections from prominent Ontario herds, the animals purchased being bred on sound lines and sired by bulls of well-known excellence, while the produce of the cows by high-class sires have rapidly increased the number, and the young stock should be of a very good class. Mr. Little is about to rebuild his barns, and in order to be free to devote the necessary attention to this has decided to dispose of his cattle. We shall make more extended reference to the breeding of the cattle in our next issue, and in the meanting th A SHORTHORN DISPERSION SALE.
