JAMAICA .- It will be noticed by our extracts for want of earnest and adequate support, so that the Methodism of the present shall contrast unthat Judge Stevenson had been released from prison, without his making any concession to the favourably with its vigour and usefulness in for-House of Assembly, and had resumed his duties. A Classical Academy has been established at mer days ? Shall the Methodism of the second century, through lack of zeal in its friends, work Kingston, Jamaica, under the patronage of the less vigorously than the Methodism of the first Lord Bishop of the Diocese : the Classical departcentury? (No.) Well then I trust the effect ment of which is placed under the care of the of our coming together to-day will be to infuse Revd F. H. Almon, B. A., of King's College, new vigour into our own hearts; and that the Nova Scotia, further effect will be, that we shall go from this THE YELLOW FEVER .- We are informed on

meeting to impart, in every direction, new vigour credible authority, that the Yellow Fever is now to the system itself; then, by the blessing of God, raging in the Public Hospital to an alarming extent, the daily average admittance being six or eight. The stages of this disease are so varied that the medical gentlemen of the institution have to be in attendance almost hourly on the parties afflicted with it. It is said that no means are left untried by them to restore to health those

who are laboring under this painful sickness. In several cases they have susceeded; but in many other the disease has proved fatal. The persons who are now suffering under this disease are nearly all seamen .- Jamaica Morning Journal.

It is believed that the Sugar crop of BARBAD will fall short this year 25 per cent. There had been very favourable weather for the young cane. created. The Island was generally healthy. The Board of Health had received a Letter from the Vice Consul at Bolivar, enclosing a receipt for preparing the Berbena which has been discovered to be the government. the plant so common in Bermuda, and known as used here for many medicinal purposes.] and treaty.

our meeting will be a very favourable one to this great cause. I am quite sure this meeting is actuated by the same feelings that influenced the large meeting that assembled here about the same time last year,-a love of Methodism and a determination to maintain it in its integrity. General Intelligence. New Brunswick-THE RAILWAY SURVEY .- The Engineers an assistants under Mr. Giles, are actively employ. ed on the line between the Bend and Shediac Last Monday morning, one party commenced operations at the Bend, while other parties began at the distance of five miles from the Bend, at Shediac, and four miles from Shediac. Tents a perfect specific for Yellow Fever. [The rehave been pitched at these several stations, and ceipt is not published. This Berbena is no doubt each party will make a final survey of the portion allotted to it as rapidly as possible, and report to Vervine, (more properly called Vervain.) It is the Engineer-in-Chief, after which the line will be located and staked-then the work of grubbing and grading will be begun. It is the full intention of Mr. Giles to have this line of 16 miles fully completed by the end of the present year ; and no doubt he will do so, unless prevented by the scarcity of labour or unforescen accidents. The parties who came on from Portland with Mr. Morton have commenced surveying the railway line from this City to the American frontiers under the superintendence of Mr. Goodwin, Civil Engineer. They are also pushing on with all Ello damages. The 4th instalment of the Earth possible celerity. There seems no lack of energy quake Loan, had become due, with interest, but now as to our railways, nor any doubt of the ability or desire of the contractors to construct them without any delay whatever .- NBkr. terest.
