Ratepayers Refused to Adopt the Report But Thanked the Board for All That Had Been Done

HAMPTON, Kings Co., Oct. 19 .- In the hall of the new Consolidated school this morning at ten o'clock there had ratepayers of the new school district No. 2 in the parishes of Hampton and Norton, formerly known as Districts No. 2 and 3, Hampton, and No. 8, Norton. The meeting was called by Inspector Steeves upon the order of the chief superintendent of education, Dr. J. R. Inch, as "the annual meeting," a term repudiated late in the morning by Mr. Otty as incorrect, this being the organizing meeting of the new district. For an hour before the meeting the people roamed through the rooms and expressions of pleasure at the ample provision made for carry-ing on the work of education in an up-to-date manner were freely given by these who for the first time saw hew thoroughly the work of the temorary board had been carried out.

Captain Percy B. Belyea was called to the chair and J. M. Scovil was secretary. The latter read the report of the temporary board of trustees, which included extracts from the minutes of the board of education, showing the union of the Village and Station Districts, and subsequently the inclusion of the Hendricks district, so as to bring the new arrangement under the provisions of the act establishing con-solidated schools. In much detail the report showed the course pursued in the selection of a site, and all the ollowing incidents of their work, unmeeting to ratify what had been done, upon the amount of money to be asthe purposes of the current year.
