This certifice that Mr. A. R. Pelett was in our employment for a considerable time as salesman and piano tuner, and we found his services very satisfactory. He left of his own accord, as we understood, to start in business for himself as a piano tuner, and we were very sorry to lose him. We have much pleasure in recommending him to all patrons of the Williams Piano and others as a compestent piano tuner whose work has invariably given satisfaction. We trust those who have purchased pianos from us will patronize Mr. Pelett. We take this opportunity of cautioning our patrons and the public in general against travelling tuners representing themselves as acting by our authority. Mill such persons should be discredited unless they can produce written evidence of authorisation signed. Sy our General Manager.

Housing you will be good enough to havor Mr. Pelett with your patronaga we remain, with best respects.

Yours very truly.

Blenheim, Nov. 8.—A distressing accident happened this morning at Pardo's mill, whereby G. W. Myland had his leg broken. Mr. Myland is head sawyer, and this morning between seven and Eight o'clock, while attending to his duties the mud pipe was blown out striking his leg below the knee, causing a compound fracture. Dr.s. Langford and Hanks attended to his injuries.

THE AIR LINE.

Long Purchase the Entire Division.

Division.

St. Thomas, Nov. 8.—The probabilities are that it will be only a matter of a few months at the most before the G. T. R. will turn over the entire Air Line division to the Wabash Railway. Indeed, for some time past they have been sending little, if any, freight over this division, other than that carried by local trains. At the present there are only four freight crews stationed here other than those required to man the local trains, and they received orders to move to Windsor. This will be a serious loss to this city, as the men have property here and will mean a loss of about fifty to the population.

Heaven help all miserable sufferers from dyspepsia and indigestion who are making use of Paine's Celery Compound! Their position must prove hard and hazardous if they continue with medicine that in many cases is really aggravating suffering.

To-day thousands of men and fair women are veritable slaves to the demon dyspepsia. They are firmly bound with the chains of disease that tortures both body and mind. Their digestive organism is almost destroyed, and many are reduced to skeletons. Such people do not live, they merely sendure life. 2 Big Stores
