Truth for the Million.

The great number of parties, (including the highest physicians of the Province, who have pronounced the efficacy of these waters, which have placed them high in the estimation of the public, has induced some other proprietors of waters, springs, to try to put their waters on the same footing with the Plantagenet. Nothing can be more absurd than this. These other waters have been known to the public for a distance of fifty years, and in what manner have they done? Have they anything to show for the introduction? Have they received from the Government? Have they stood since the Plantagenet was introduced to the Public, and in that short space of time become the favorite of other Springs, which have been known before them? Can any amount of puffing in the public papers make the public believe that they discovered a Spring in the same breath with the Plantagenet Spring? It may be safely said that no one water has ever saved the Plantagenet Water will be as any other water. Their inferiority is so great, and they are comparatively so worthless, that invalids have declared that they would rather pay twenty times the price for Plantagenet Water, than for the best of them. Yet some of these Springs have a great advantage in vicinity over the Plantagenet, in as much as they are nearer Montreal, and are accessible, (if they are worth seeking,) to all classes without difficulty.

One great cause of this preference to the thicker character of the Plantagenet Water, and more especially of its salubrity of body, and the gratifying purity of properties, which distinguishes it in a remarkable degree from all other waters, which appear poor and thin in comparison with it. It may be truly said to have done more for the public health in four years, than any other water has ever performed in fifty, and scores of cases it has effected are truly miraculous. Many of these facts are already before the publics, and others can be ascertained at Plantagenet, where the public are invited to judge for themselves. In cases of rheumatism and other chronic diseases, when it is almost infallible, a number of cases having occurred where parties who had lost the use of their limbs have been restored to health and vigor by the use of it. The public are invited (for information of this fact) to peruse the numerous testimonials of persons, men and others, more particularly that of Dr. Nelson, who speaks of effects produced on members of his own family. Such being the case, it cannot be wondered at that the Plantagenet Water has driven all competitors from the field, and that its value should be placed so high above all other Springs ever discovered in the country.

In conclusion it is to be borne in mind, that it is not simply as a mineral drink that these Waters are so beneficial, but because they have an oily, fattening property, unknown to any Water besides. There is, in fact, but one Plantagenet spring, and the more that it is known, the higher its reputation and the more all others sink into insignificance beside it.

It is enough to read the names given below, of parties who have used the Plantagenet Waters, to be satisfied of their superior excellency over all others:—Doctors Crawford, W. Nelson, W. Foster, Thomas Nelson, George W. Campbell, Archibald Hall, Alex. McCulloch, W. Jehu, E. L. Montizambert, J. G. Raoul, E. H. Trudel, H. Mount, J. Le Prohon, S. C. Sewell, F. Badgley, H. Peltier, J. E. Cadotte, L. F. Tavernier, G. D. Gibb, P. E. Fayrault, James Grant, L. H. Masson, S. B. Chanell, W. P. Smith, P. Munroe, T. Bedard, W. Wright, L. Boyer; the Hon. A. N. Morin; the Hon. Peter McGill; the Hon. Louis H. La Fontaine; C. William, Esq., Mayor of Montreal; the Ex-Mayor; — Bellaire, Esq., Mayor of Quebec; D. Bernard, Esq.; Louis Boyer, Esq.; E. McLoughton, Esq.; J. Kelly, N. P.; Maurice Roux, Esq.; J. S. Cameron, Esq.; and many others.

Sold only at No. 4, Place d'Armes, Montreal, where parties from the country, who want it to sell again, can be supplied at liberal rates.

For sale also in Beauharnois by Mr. Robert Tom, and in Carrillon by Mr. C. W. Schmidler.

LIFE ASSURANCE COMPANY,

CAPITAL—ONE MILLION STERLING.

Empowered by Special Act of Parliament, 4 Vict., Chap. 9.

REDUCED RATES OF PREMIUM—HALF CREDIT RATES OF PREMIUM.

THE great and decided success which has attended this Institution, has induced the Directors to REDUCE the RATES originally required in British North America, to the ordinary European Rates. The result of such Reduction is to enable parties to avail themselves of the important benefits to Life Assurance at much lower Rates of Premium than those of any other Assurance Company transacting business in Canada.

The Directors have also resolved to extend to British North America the advantages afforded by the HALF CREDIT RATES of PREMIUM which have been so highly approved, and are so generally adopted by Policy Holders in the United Kingdom. The most liberal conditions are likewise offered to the Assured in the limits to which they may proceed by sea or land, to other parts of North America without affecting their Interest in their respective Policies.
