GENERAL FEELING OF UNEASINESS

It Comes From The Stomach And Dadd's Dyspepsia Tablets Will Cure It.

It's not the pains and aches that are the worst feature of Indigestion and Dyspepsia. It is the general feeling of discomfort and uselessness. When the Stomach is wrong the whole body is wrong, because its source of supply is not working right, and the body lacks nourishment and lacks strength.
Put the Stomach right with Dadd's Dyspepsia Tablets if you would do good day's work and enjoy it. They never fail. Mr. Joseph Leake, 194 McCaul street, Toronto, says:
"I was troubled for three years with Biliousness and Dyspepsia. I tried many medicines, but none could cure me till I began to use Dadd's Dyspepsia Tablets. They cured me. My daughter too was troubled with Headache and Dyspepsia, and Dadd's Dyspepsia Tablets cured her."
Your stomach is overworked and needs rest. It will find the rest it needs in Dadd's Dyspepsia Tablets.

For Army Remounts.
London, Dec. 9.—Major Moore read a paper before the Royal United Service Institution on "Horses of different countries and supply with relation to military services." Referring to Canada, Major Moore was sanguine as to its future as a field of supply. Canada is eager for custom, and would hail with delight any patronage which the mother country could give them, even a small modicum per annum for the army.

IF YOU HAVE A BAD COLD

If you are sneezing and suffering from a "stuffed-up" head and running eyes the best plan is to get fragrant, healing Catarrhose, the quickest and surest cure for cold in the head, coughs and catarrh ever discovered. This great healing agent is carried by the air you breathe all through the passages of the nose, throat, and lungs. It soothes the irritated membranes, kills catarrhal germs, instantly stops the cough and sneezing. It's the anti-sneezing vapor of Catarrhose that does the curing. A trial proves that a cold can be killed in a few minutes by Catarrhose. Money back if it fails. Complete outfit \$1.00; small size 25 cents.

News From The West.
Winnipeg, Dec. 8.—The boarding house of the Manitoba Construction Company at the new railway shops was destroyed by fire early yesterday morning, and eighty men had to escape from suffocation in night apparel.
Doyle's hardware store at King William Village, near Minnesota, was destroyed by fire.
Richard Waugh, for forty years editor of The Northwest Farmer, has retired.

COLD SETTLES IN THE BACK.

It hits people in a tender spot and makes it mighty hard to brace up. Nervine will take that kink out of your spinal column in short order, it soothes, that's why relief comes so soon. Nervine penetrates, that's why it cures. Five times stronger than ordinary remedies. Nervine can't fail to cure lame back, lumbago, sciatica and neuralgia. Nervine is king over all muscular pain, has no equal and costs 25c. per bottle.

Deference.
A little boy in Deering, Me., was brought before his father recently and accused of killing a chicken. "Who told you about it?" asked the father. "The hen did," said the boy. Nothing more was said that day, but the next morning the hen was found dead, and the boy, being accused of killing it, admitted it, saying in defense, "Yes, I did kill the hen, and I'll kill every hen that tells on me."

AN ATTACK OF PNEUMONIA WARD OFF.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Pendergast, merchant, Annapolis Bay, Jamaica, West India Islands. The pain in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly ward off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. For sale by All Druggists.

Final F.O. Robbed.
St. Thomas, Dec. 9.—The postoffice at Final, six miles west of here, was burglarized between 1 and 2 o'clock yesterday morning and \$300 in cash taken. The burglars drilled holes in the safe and made a complete job of it. From footprints in the light snow which fell in the evening it was seen that two or three men had been engaged in the work. They blew open the safe at J. H. Still's mill early Wednesday night and robbed the North and Glenora postoffices a short time ago.

TOO RAPID EATING

It Is One of the Most Fruitful Causes of Ill Health.

One of the most fruitful causes of ill health and bad complexions is the habit of rapid eating. It is growing more and more prevalent in this country. We really haven't time to eat properly, and we have very little time to sleep, yet we hope to retain youth and beauty.

A woman may work ever so hard and be under a great tension while working, but if she will take time enough to eat (a half hour at the least, with a half hour rest at noon), and will sleep seven or eight hours of the twenty-four she will greatly increase her usefulness.

With the habit of rapid eating comes an increase in the amount of liquids taken during the meals. Food properly masticated can be easily swallowed, but if ill chewed it must be washed down with liquid. This, of course, lessens the flow of saliva, dilutes the gastric juices and interferes greatly with the process of digestion.

Those who have tried thorough mastication of their food with no liquid, unless at the end or a half hour after the meal, have learned that the food tastes better, the meal is more satisfactory and the appetite is appeased with less food, the digestion is aided, leaving one much more comfortable than the hasty meal. A few days trial will convince the most skeptical. For the stomach responds promptly to decent treatment. It expects it. It deserves it.

One of the greatest mistakes of the age is rapid eating, and one of the greatest curses is the nervous dyspepsia caused by it.

A MIGHTY PREACHER

John Ross Was Strong of Arm and a Good Fisherman.

John Ross was a Scotch minister who flourished in the early part of the seventeenth century. Tales of his wonderful deeds are told to this day in his former parish of Blair. At one time the reverend gentleman walked to Mause, a distance of about three miles, for the purpose of seeing a certain farmer and if possible inducing him to come to church, where he had never been. He found him fishing in the river and asked to be allowed to have a cast. "I never lend my rod to anybody," said the farmer. "But," replied the minister, "I have come all the way expressly to see you, and I must have a cast." The farmer, who was a very strong man and had never been beaten in a fist fight, offered to fight for it. "All right," said the minister, and he gave the farmer such a mauling that he was glad to give up his rod. But it was a different kind of fishing that the minister had come for. He asked the farmer to keep the rod and conduct him to his house at Mause. When they arrived the minister said, "Now, you go on your knees and pray," telling him that he would not leave till he did so.

So the farmer fell on his knees and cried, "Oh, Lord, deliver me from this man." "Stop!" said the minister. "That is very good. I hope you may always be able to do as well. Now, you have to promise to come to the kirk next Sunday." This the farmer did. Not long afterward he became a leading elder.

Fishermen as Indicators

In the investigation of the currents round the coast of Newfoundland it has been observed that there is at times a wide difference in the direction of the drift of icebergs and that of the fat or pan ice, which, having no great depth, is governed in its motions by the surface currents and the winds, whereas the icebergs, the larger part of which is submerged to a great depth, follow only the movement of the ocean water as a whole and are uninfluenced by the winds. In consequence a huge berg may often be seen majestically maintaining its slow advance in opposition to the wind and across the general motion of the fields of flat ice surrounding it. The seafarers often take advantage of this fact by mooring their vessels to an iceberg in order to prevent a drift to leeward.—Youth's Companion.

While You Wait

She had taken her umbrella into one of those places where they offer to recover them "while you wait." "It will take two days," said the man. "But I can't possibly wait two days in here," she remonstrated. "It's so very stuffy, isn't it?" The umbrella mender, without a smile, said he would send it around in a couple of days. She pointed out to him that there was still a big difference between what he advertised and what he could accomplish. He explained, "It will be done while you wait," said he, "but you needn't begin to wait until day after tomorrow."

Too Much Athletics

Many physicians now claim that the general health is hurt rather than benefited by athletics, that muscle building is not necessary to good health, that to bring about a perfectly trained condition has a severe effect on the nerves, that a built up muscle has a tendency to degenerate and that the heart, being a muscular organ, shares in this danger.

Just as With Her Father

"Your daughter's music is improving," said the professor, "but when she runs the scales I have to watch her pretty closely."
"Just like her father," said Mrs. Nutt. "He made his money in the grocery business."

It is not the intelligent man who rules, but intelligence, not the wise man, but wisdom.—Goethe.

Felt Weak and Nervous.

Had Faint and Dizzy Spells.

These symptoms arise from a weak condition of the heart and nerves. Wherever there are sickly people with weak hearts and deranged nerves,

MILBURN'S HEART AND NERVE PILLS

will be found an effectual remedy. Through the medium of the nervous system, they impart a strengthening and restorative influence to every organ and tissue of the body.

They restore enfeebled, enervated, exhausted, debilitated, or overworked men and women to perfect constitutional power.

Miss Maggie L. Cleveland, Bayswater, N.S., tells how she was cured in the following words:—
"I was sick for the past year, and became thoroughly run down. I had faint and dizzy spells, and felt weak and nervous all the time. I tried numerous remedies, but could get no help. I then read in the paper about Milburn's Heart and Nerve Pills, and got a box of them. Before I had used one-half the box I began to get better, so got another one, and by the time the two were finished I was as well as ever."

TRUTH TRIUMPHS.

Life is a Conflict, and Error Dies in the Struggle.

Life is a struggle. Wars end, but the war of the race—the antagonism of thought, the strife between men, between man and the forces external to him, within the soul of the individual—ends not save it be with extinction. Error gains many a temporary triumph, but the final victory is with truth. There is substance in truth that in the last balance outweighs error.

Nature's process is by test and trial, by unfolding, changing, ripping up, undoing, redoing. By contrast and conflict she tries sincerity and treachery, honor and dishonor, fitness and unfitness, courage and cowardice, truth and error. The conflict of ideas between social and political systems and between creeds and philosophies is as rude as the conflict between the sea and land. Error dies in the struggle.—From "Balance: The Fundamental Verity," by Orlando J. Smith.

A THEO Y PROVED

A NEW IDEA WHICH MEANS A GREAT DEAL IN THE TREATMENT AND CURE OF DISEASE.

Dr. Leplatard, of Lincoln, Neb., the foremost physician of the Western States, has put forward a new theory as to the cause of disease. He says:—"There can be no doubt, from the evidence at hand, that the stomach is and has always been the first cause of ninety per cent. of all the illness of mankind. The failure of the stomach to digest the food properly results in fermentation and decomposition, and the poisons arising from the foul and rotting mass get into the blood and tissue and nerves and breed diseases of every kind."

Dr. Leplatard has found a remedy for Indigestion, Dyspepsia, Bilelessness and Constipation. He has tried it in thousands of cases without a single failure.

He calls it Anti-Pill. It is sold at 50c. by all druggists, or The Wilson-Fyle Co., Limited, Niagara Falls, Ont. Sole agents for Canada.

A GOOD COMPLEXION

Is a joy to every woman's heart and man is vain enough not to despise it. Beautiful complexion means pure blood, or in other words a healthy body. Tens of thousands of women take Ferrozone, because it's a splendid blood builder, keeps the system in perfect order and helps the complexion wonderfully. "I consider Ferrozone the best remedy to give you a clear, ruddy complexion. I know of," writes Miss Ada E. Brandon, of Pembroke. "My skin used to be sallow but after taking a few boxes of Ferrozone a rosy tint was noticeable on my cheeks. I can recommend Ferrozone as a tonic also." For good health and beauty use only Ferrozone. Price 60c. at druggists.

MAKES MEN

• SOUND AND STRONG

Detroit Specialist Making Men's Diseases a Specialty for Years.

Will Accept Your Case, Giving It Individual Treatment. You may Use it in the Privacy of Your Own Home.

You May Pay When You are Cured.
A Detroit Specialist who has 14 diplomas and certificates from medical colleges and state boards of medical examiners, and who has a vast experience in doctoring diseases of men, is positive he can cure a great many so called incurable cases.

DR. S. GOLDBERG.

The possessor of 14 diplomas and certificates, who wants no money that he does not earn, in order to convince patients that he has the ability to do so, Dr. Goldberg will accept your case for treatment, and you need not pay a penny until a complete cure has been made; he wants to hear from patients who have been unable to get cured, as he guarantees a positive cure for all chronic, nervous, blood and skin diseases, which he accepts for treatment. He not only cures the condition itself, but likewise all the complications, such as rheumatism, physical and nervous troubles, blood poison, bladder or kidney troubles, lack of vitality, stomach trouble, etc. He has made it a rule not to ask for money unless he cures you, and when you are cured, he feels sure that you will willingly pay him a small fee. It is therefore, that he is the best interests of everyone who suffers to write the doctor confidentially and lay your case before him, which will be made free of charge; if you are cured, your case will be made free of charge; if you are not cured, you will not pay a penny. All medicine for patients are prepared in his own laboratory to meet the requirements of each individual case. He will send a booklet on the subject, which contains the 14 diplomas and certificates, entirely free. Address him simply Dr. S. Goldberg, 288 Woodward Ave., Room 617, Detroit, Michigan. Medicine for Cancer patients sent from Windsor, Ont., consequently there is no duty to be paid.

Declared His Intentions.

Mrs. Rusher—Has Mr. Goldcoin, with whom you have been dancing all the evening, at last declared his intentions, Mabel? Mabel—Yes, aunt. Mrs. Rusher—I am so glad! And what did he say? Mabel—He declared he would never marry.

A lazy liver may only be a tired liver, or a starved liver. A stick is all right for the back of a lazy man. But it would be as savage as well as a stupid thing to beat a weary man or a starving man because he lagged in his work. So in treating the lagging liver it is a great mistake to lash it with drastic drugs. In nine-tenths of cases out of a hundred a torpid or sluggish liver is but a symptom of an ill-nourished body, whose organs are weary with overwork. Let your liver alone. Start with the stomach and its allied organs of digestion and nutrition. Put them in proper working order, and see how quickly your liver will become active and energetic. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon by the deflection of other organs.
