MARY AND HER LAMB

No. 4

Our Mary went one afternoon Out walking in the rain. She caught a chill—next day her ears Both ached with night and main.

P.S.—“Why do you sit there groaning?” demanded the lamb, impatiently. “Don’t you know that a bottle of Radley’s Golden Oil costs only 25c and knocks aches and pains all to smithereens?”

“Get me a bottle, cried Mary, “and get it quick!”

Ald. Austin States That He Will Not Again Seek Municipal Honor

CANNOT AFFORD TIME

Ald. Chas. Austin will not be seen among the candidates for municipal honors at the coming elections. Such was the announcement he made to the representatives of the local press to-day.

In a chat between The Planet and Ald. Austin this morning, the conversation turned to the municipal elections and the aspirants who might be in the field.

“I will not be among them this year,” said the chairman of the Industrial committee, “but I suppose you knew that before.”

“What are your reasons for retiring, Mr. Austin?” he was asked.

Ald. Austin replied that he cannot spare the time which an alderman must to properly look after civic affairs. During the past two years he says that he has had to sacrifice much of the time he would like to have devoted to the big store.

Since that time he has also purchased a store in Dresden, and this establishment will also claim quite a share of his attention.

There are a large number of the aldermen's friends and admirers who will be sorry to learn that he has decided to drop out of the aldermanic field. He has been a strength to the Council and his influence at the Board will be greatly missed.

OLD TIMER GONE

John U. Dolson, Pioneer Of Kent County Passes Peacefully Away

John U. Dolson, a life-long resident of this county, and a man who has always been most highly esteemed in the community in which he lived, passed away at his late home on the corner of William and Duluth Sts. at two o'clock yesterday afternoon. He had attained the ripe old age of 87 years.

The cause of death was kidney trouble, from which the deceased gentleman had been suffering since last January. His demise came rather suddenly, as the malady did not appear to be serious until the end was at hand. The late Mr. Dolson was born and raised on the old Dolson homestead down the river, and he lived there until about twenty years ago, when he moved to Chatham. His wife predeceased him last January. He is survived by two daughters, Mrs. Kaspar Schwemler and Mrs. Bachelor, of this city.

The funeral will take place Wednesday at 2 o'clock, Rev. Rural Dean McCosh, of Christ Church, officiating.

MONSTER BEETS

Mr. E. H. Taylor, of the S. T. Martin farm in Dover, brought into the city two monster sugar beets, which tipped the scales at 81.2 and 83.4 pounds respectively.

Mr. Taylor has 40 acres of beets along the river bank, all of them very large and many of them as big as the samples brought into the city this morning. It is estimated that there are 500 tons of beets on the 40 acres, for which Mr. Taylor has been paid \$4.25 per ton as they stand on the ground. It is conceded to be one of the finest crops of beets ever grown in this county.

“Quick lunch” is one of the commonest of city signs. The sign does not say “a healthy lunch of good food—the character of the food apparently is not considered. It is just a quick lunch, eat and get away. Is it any wonder that the stomach breaks down? Food is thrown at it, sloppy, indigestible and unattractive food, very often, and the stomach has to do the best it can. Normally there should be need for medical assistance for the stomach. But the average method of life is abnormal and while this continues there will always be a demand for Dr. Pierce's Golden Medical Discovery. It is the one medicine which can be relied on to cure diseases of the stomach and other organs of digestion and nutrition. It is not a cure-all; it is a medicine designed for the stomach, and to cure through the stomach remote diseases which have their cause in the derangement of the stomach and digestive and nutritive system. It cures when all else fails.

THE LONDON BRIBERY

An Ottawa Contractor went To London With Lots Of Money

WENT BACK WITHOUT IT

Toronto, Oct. 16.—The lengthy examination to which James White, contractor, of Ottawa, and prominent in party organization there as president of the Liberal Association, was subjected by Mr. DuVernet in the London bribery case yesterday, was an apparent effort to get an answer to the pertinent query of “Where did the money come from?”

The results may be briefly summed up as the establishing of the fact that whereas Mr. White went to London with several hundred dollars in his possession, he returned with his finances in a depleted condition; that he personally paid the railway fares to London of four election workers and tendered also payment for their hotel bills in London with a sum of money; that so far as the recollection of the witness went, he was not anywhere from \$200 to \$400. What was more, he handed the bulk sum to one of the quartette, and had no personal knowledge as to whether or not the money was actually applied to the defraying of the bills referred to. One of the four was stated to be a customs broker named Higerty, another, Stewart, is a member of the Railway Commission staff, and a third, McGraw, is an alderman of Ottawa. Mr. DuVernet intimated that one of the four, presumably Higerty, to whom witness beached the advanced the expense money, will be subpoenaed to give evidence.

Magistrate Rebukes Evasion.

Mr. White, in replying to questions touching his share in contributing to the campaign fund, was taken to task by Magistrate Denison for the evasive nature of his answers in disclaiming having made any such contribution, and it was then elicited that while the contractor had not made any direct contribution, he had “taken” the quartette from Ottawa, mention of whom had hitherto been avoided.

Another feature of the day was the continued absence of William Spence, Sr., whom it is desired to examine in events leading up to his being suspended in his post of deputy returning officer by Jerry Collins. Mr. DuVernet expressed a belief that Spence had left the country, in which the magistrate concurred.

The remainder of the time was taken up with the depositions of voters who had “got theirs.” A stumbling block was struck, however, in one Kallenbach, who flatly contradicted the evidence of Collins as to having been paid for voting for Tynan. A fresh batch of “independent” voters is expected from London, when the court resumes at 11 a. m. to-day.

To Nationalize Railways.

New York, Oct. 16.—The report current in America that Premier Campbell-Bannerman and his associates are considering a scheme of government ownership of British railroads is, to some extent, says a London cable despatch to The Times. The Government has no idea whatever of bringing in a bill for the nationalization of any other railways than those of Ireland. The Irish question, however, is inclined to think, should be taken over by the nation in order to advance the welfare of Ireland.

Henderson Case Dismissed.

Walkerton, Oct. 16.—The case of Adam Stielings of Walkerton vs. R. I. Henderson of Toronto, charged with having obtained \$1,400 by false pretences, and which was sent up for trial some time ago by Magistrate Robb and Tolton, was tried yesterday before Judge Barrett. The judge held no remand could be placed in Mr. Stielings' defence, as the story he told before the magistrates did not correspond with his story to-day, and he dismissed the case.

Croker Wins Suit.

London, Oct. 16.—The suit of Richard Croker against The London Magazine, for libel, has been settled. The terms include the publication in the next number of a full withdrawal of the statements complained of and an apology, and probably a statement that the series of articles entitled “Tammany in England” will be discontinued. The defendants will also pay Mr. Croker's costs.

C. P. R. Grain Receipts.

Winnipeg, Oct. 16.—The total receipts by the C. P. R. up to the close of business Saturday were: Wheat, 19,876,000 bushels; other grains, 1,225,000 bushels. This establishes a new record. In the corresponding period of last year the receipts were: Wheat, 18,889,000 bushels; other grains, 731,000 bushels.

Constipation And Its Results

WHY BILEANS ARE SO HIGHLY BENEFICIAL.

About eight women out of every ten suffer from constipation. Certain portions of the food we eat are useless as food and the work of the bowels is to expel those portions. Their work is aided by a secretion of the liver—the bile. When this secretion fails, or is secreted in insufficient quantity, the bowels become inactive and constipation results. Impurities which should be expelled gather, and then note what happens! The blood comes in contact with this foul accumulation, is filled with poison, and the circulation carries these poisons all over the body. That is why constipated persons have so much headache, that dull, heavy feeling, bad breath, foul taste in the mouth, etc. From this it is seen that if the liver be corrected, the bile flow will be set right, that in turn will correct the intestines, and the constipation will be ended. This is exactly what Bileans do, and why they are so superior to ordinary medicine or purgatives. These flush the bowels, but do not get to the cause of the evil—the liver. Bileans do.

Mrs. Frances Greene, of Earl Street, Kingston, Ont., says: “My liver was sluggish and out of order, and I had great trouble from constipation. Every movement of the bowels had to be forced. I doctored and tried all manner of remedies, but nothing brought a permanent cure until I tried Bileans. They cured the constipation, ended the sluggish, tired-out ‘livery’ feeling, and made me feel bright and buoyant.”

Similar evidence is forthcoming from all quarters of the globe. Bileans cure constipation, piles, headache, female ailments and irregularities, debility, indigestion, liver chill, wind spasms, anaemia, and all disorders arising from liver and stomach derangement. All dealers and stores at 50c a box, or post free from the Bilean Co., Toronto, on receipt of price. Six boxes for \$2.50.
