# Now \$5.00 Soon \$5.50 Canadian Marconi

Shares of the Marconi Wireless Telegraph Co., of Canada, can be had for a few days longer at \$5.00 each. The \$5.00 shares are nearly all sold. They will be gone on or before Sept. 27, and after that date none will be sold at less than \$5.50.

If you want to buy now is the time to do so. To delay means to pay 50 cents per share more, perhaps \$1.00, as the number to be sold at \$5.50 is very small. The next block will be put on sale at \$6.00. We expect the price to reach \$7.00 before January 1st. Stockholders will be given the preference in the purchase of shares at \$5.00.
