

INDIGESTION CAN BE CURED

Dr. Williams' Pink Pills Succeed After Other Remedies Fail.

There are twenty drugs to help your digestion for a time, but there is only one medicine that can positively cure your indigestion for good. To any one with indigestion a half dozen boxes of Dr. Williams' Pink Pills are worth all the purgatives and mixtures in the country. After all these things have failed Dr. Williams' Pink Pills have cured the worst cases of indigestion by going straight to the root of the trouble in the blood.

You can take a purgative to tear through your bowels and make a clean sweep of your food, whether it is digested or not. You can take stomach bitters to create a false appetite—if you don't care what happens after you swallow your meal. You can drug your stomach with tablets and syrups to digest your food for you—if you don't care how soon you ruin your system altogether. You can do all these things—but don't call it "curing your indigestion." There is only one way to cure indigestion, and that is to give your system so much good, pure, red blood that your stomach and liver will have strength enough to do their natural work in a healthy and vigorous way. That is why Dr. Williams' Pink Pills cure indigestion—they actually make new blood. Here is the proof. Mr. R. McCorkell, St. Thomas, Ont., says: "About a year ago my system became generally wrecked. My stomach was always in a state of nausea. The sight of any kind of food often turned my stomach and I would arise from the table without eating. Doctors advised different medicines which I took without benefit. Finally I became so run down that I had to quit work. For two months I tried to build myself up with the aid of doctors, but as time went on and my condition did not improve I became much discouraged. Then a friend told me he thought Dr. Williams' Pink Pills would help me, and I began their use. In three weeks time I was so improved that I went back to my work, but I continued using the pills until I had taken twelve boxes, and now my stomach is strong, and I am ready for a good meal three times a day, and life now really seems worth living."

It is because Dr. Williams' Pink Pills make new, red blood that they cure such common ailments as anaemia, with all its headaches and backaches, rheumatism, neuritis, St. Vitus dance, neuralgia, paralysis and the secret ailments from which women and young girls suffer so much. You can get the pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

OLD-FASHIONED KIND.
Old fashioned man!
Simple his plan,
Plain a glance,
Pays what he owes;
Nothing he knows
Of high finance.

To put away
Something each day
Is his design,
Not very slick;
Getting rich quick
Not in his line.

Old fashioned man!
Head of a clan,
Happy his life,
Kids all about,
Rosy and stout,
And just one wife!

CHILDHOOD DANGERS.
No symptom that indicates any of the ailments of childhood should be allowed to pass without prompt attention. The little ailment may soon become a serious one, and perhaps a little life passes out. If Baby's Own Tablets are kept in the house, minor troubles can be promptly cured. And the Tablets can be given with equal safety to the new born babe or the well grown child. Mrs. H. Gendron, Martintville, Que., says: "I have used Baby's Own Tablets and have found them in every way satisfactory. I always feel safe when I have them at hand." Sold by medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Most men fit up when you throw cold water on their schemes.

The Demon, Dyspepsia.—In olden times it was a popular belief that demons moved invisibly through the ambient air, seeking to enter into men and trouble them. At the present day the demon, dyspepsia, is at large in the same way, seeking habitation in those who by careless or unwise living invite him. And once he enters a man it is difficult to dislodge him. He finds himself so possessed, should know that a valiant friend to do battle for him with the unseen foe is Parmentier's Vegetable Pills, which are ever ready for the trial.

When an honest man is in hard luck he doesn't want charity so much as an opportunity to dispense with charity.

TONS OF IRON consumed each year in medicine. In "Ferrovin," the best tonic, it is so cleverly manipulated that the weak sufferer gets all possible nourishment and benefit from it.

Greelan capes, fashioned from a big circle from which the sides have been cut, are favorite evening wraps.

The change of dietary that comes with spring and summer has the effect in weak stomachs of setting up inflammation, resulting in dysentery and cholera morbus. The abnormal condition will continue if not attended to and will cause an exhaustive drain on the system. The best available medicine is Dr. J. D. Kellogg's Dysentery Cordial. It clears the stomach and bowels of irritants, counteracts the inflammation and restores the organs to healthy action.

CHINESE TO SAVE FORESTS.

School of Forestry Soon to be Opened—Where Wood is Scarce.

The Chinese are saving their forests. The almost worldwide movement to protect and establish forests has reached the Celestial Empire, and the first Chinese school of forestry shortly will be opened in Mukden.

The Chinese realm sometimes is pointed out as the worst example among modern nations of forest destruction. The floods which periodically are poured down from the denuded mountains are destructive beyond comparison with those of any other country, and the want of forests is assigned as the chief cause.

Wood is scarcer in China than in almost any other inhabited region of the world, although the country is well adapted to the growing of trees. In the establishment of a forest school the Chinese Government gives evidence that it realizes the need of beginning its reforestation in a scientific manner.

A Magie Pill.—Dyspepsia is a foe with which men are constantly grappling but cannot exterminate. Subdued, and to all appearances vanquished in one, it makes its appearance in another direction. In many the digestive apparatus is as delicate as the mechanism of a watch or scientific instrument in which even a breath of air will make a variation. With such persons disorders of the stomach cause from the most trivial causes and cause much suffering. To these Parmentier's Vegetable Pills are recommended as mild and sure.

VALUE OF HUMUS.

1. Humus is decaying vegetable matter in the soil.
2. It is the storehouse of nitrogen, the most expensive and the most necessary of all plant foods.
3. It contains the food upon which the soil organisms live, whose function is to convert organic nitrogen into nitrates in order to be available for the use of plants. It materially assists in decomposing the mineral constituents of the soil, such as potash and phosphoric acid, making them available for the use of plants.
4. It increases the power of the soil to hold water without becoming waterlogged.
5. It makes clay soil more open and friable. It serves to compact sandy soil and increase its growth-resisting power.
6. It prevents washing to a great extent; thereby diminishing the loss of fertility by that cause.
7. Soil filled with humus more readily admits the air so necessary to all useful plant growth.
8. There appears to be a distinct relationship between the amount of humus in the soil and the amount of available nitrogen therein. It has been observed that when it is absent from the soil, there is a distinct reduction of the ability of that soil to grow crops. Hence in practice in order to obtain the best crops we have to resort to barnyard manure rather than the use of concentrated fertilizers.

LYNCH LAW IN CHINA.
The Chinese do not hang criminals, even when the mob takes revenge. In the remote mountain districts the people burn the robbers. The passers are watched, after a robbery, all strangers or suspicious characters are arrested, and when satisfied that they have their man, they get dry wood, kerosene, and yellow oil beans, chain the culprit, and then burn him alive. The yellow beans cause the bones to incinerate. The victim seldom cries out more than three times, and the bystanders have a holy day. A Chinese military official once asked the people to release one of three robbers to him in order to torture him and get the names of his confederates; but the people declined, saying that burning was better than decapitation. Three were burned one morning, and the same night another robbery, close by, was committed.

Libby's Food Products

Peerless Dried Beef

Unlike the ordinary dried beef—that sold in bulk—Libby's Peerless Dried Beef comes in a sealed glass jar in which it is packed the moment it is sliced into those delicious thin wafers.

None of the rich natural flavor or goodness escapes or dries out. It reaches you fresh and with all the nutriment retained.

Libby's Peerless Dried Beef is only one of a Great number of high-grade, ready to serve, pure food products that are prepared in Libby's Great White Kitchen.

Just try a package of any of these, such as Ox Tongue, Vienna Sausage, Pickles, Olives, etc., and see how delightfully different they are from others you have eaten.

CALL FOR A NEW WATCH.
Namely, One That Won't Break When Dropped on the Sidewalk.

"You know, I think," said the father of two boys, "that there's a large chance, a great chance, for a man who should invent a watch that wouldn't break when you dropped it. I think so."
"Of course, watches are not intended to be dropped; they are intended to be carried in the pocket; and so nobody has thought of inventing an anti-break-able-when-dropped watch; but of the great call for one every father of boys knows anyway, and to his great cost."
"I have two boys, each of whom carries a watch, and they drop their watches, indoors and out, on an average, I should say, of three times a month; and while from the height at which a small boy carries it you can drop a watch on a thick rug perhaps without serious in-

jury to it, to drop it even from that elevation on the sidewalk is almost certain to jar it out of kilter; and my boys are just as likely to drop their watches on the sidewalk as they are to drop them at home, and they've simply got to have watches, and so a good part of my income goes in keeping them thus supplied.

"Yes, I've thought of buying stock of the company whose watches I buy for my boys' use, and thus, through the dividends, getting the watches practically at a lower cost; but while this would be saving something, still it would be only a sort of makeshift proposition. What I want is a watch that won't break when it is dropped; and I have given this subject some thought. "It seemed to me at first that maybe an outer case or covering of some sort would do, a case cushioned all around inside, in which the watch could be carried when worn, the interior cushioning being designed to break the shock on the watch when it fell and so prevent the machinery from derangement. And I thought that this would do all right, and I think so still, but the trouble about it would be that a watch with such an outer protection case around it wouldn't look like the other fellows' watches, and I am afraid that would be a fatal objection; the boys wouldn't carry them; and so I have given up that idea, and what strikes me now on the thing is this:
"You want a watch having all around the works, out of sight with the usual regular case, a series of springs, these springs to be sufficiently elastic and yet sufficiently strong to serve as shock absorbers, and so arranged that they would save the watch wherever and in whatever way you dropped it. That's what we want—a watch that shall look outwardly like any other watch, but that won't break when you drop it."
"And don't you think you see something in this?" Don't you know that there are millions of fathers now even buying for their boys from four to twelve watches a year who would snap, fairly snap, at a chance to buy a watch that wouldn't break when dropped?"
"I tell you that there's money—many leads of money—waiting for the man that invents a boys' nonbreakable watch. All he'll have to do will be to put the watch on the market and cart the money away."

A SPLENDID PRESCRIPTION.

For Rheumatism, and all Kidney, Liver, Bladder and Urinary Affections.

An eminent physician informs us that he has used the following prescription in his practice for a number of years and found it very successful in the treatment of kidney, liver, bladder and urinary affections, and is unsurpassed for the cure of rheumatism, driving the uric acid entirely from the system. He claims that a very few doses will relieve the most severe pains in the back arising from disordered kidneys and impure blood.

The prescription is one ounce of sweet spirits of nitre, one ounce of compound tincture of sassafras, one ounce of compound tincture of rhubarb, taken in dessert-spoonful doses in water, after meals and at bedtime. These ingredients are harmless and inexpensive and can be obtained at any reliable drug store and mixed together at home.

IT IS THE FARMER'S FRIEND.—The farmer will find in Dr. Thomas' Eucalyptic Oil a potent remedy for wounds or pains in the body or for affections of the respiratory organs and for household use generally. He will also find it a convenient means of treating injured horses, cattle, etc., or relieving them when attacked by colds, coughs or any kindred ailments to which they are subject.

GREAT RELIEF.
The other day, when Mr. Avery married Miss Small, a sub-editor headed the report of the ceremony. "Avery-Small Wedding," but the compositor knew better and set it up, "A very Small Wedding."

LAZY OLD SORES, painful and disgusting, will not linger long after treatment with Weaver's Corns. Has been long after treatment with Weaver's Corns. Has been long after treatment with Weaver's Corns.

CURIOSITY MARRIAGE CUSTOMS.
Among the Indian Gonds a bride is carried on her brother-in-law's back to the house of her friends; and as made to weep with each of them, while they give her small presents of money. When the ceremony is about to be performed at the bridegroom's house the bride hides in another house, and calls "Coo!" and the bridegroom's brother-in-law searches for her. As she enters the bridegroom's house two spears are planted before the door to make an arch, and the bridegroom pushes her through the arch hanging back. On the day after the wedding the bride and bridegroom throw mud at each other for sport. Among the Marars, all the women of the bridegroom's party are shut up in a house with the bride's sister and husband. They all set upon him, and beat him, so that he is usually glad to escape as soon as possible.

"HEADACHE, WEAKNESS, HEART TROUBLE"

"I Suffered With for Years—Pe-ru-na Cured Me Entirely."

Miss Albina Chauvin, No. 60 Rue Agnes, St. Henri, Montreal, Can., writes: "I consider Peruna better than any other remedy, as it cured me when nothing else could. I suffered for years and years with heart trouble, headache and weakness. I never expected to find anything to cure me. I saw one day, in 'La Presse,' that Peruna was excellent and I tried it. One bottle produced a change in me and if the price had been \$100,000,000 I would have paid it gladly. I have taken six bottles and am entirely cured. Please accept my thanks and best wishes for your Peruna."

"Please Accept My Thanks and Best Wishes For Your PE-RU-NA."

Many cases of heart trouble are caused by reflex disturbances. Derangements of the stomach and liver produce symptoms of heart trouble. Catarrh of the stomach is a very frequent cause of sympathetic heart disease.

Palpitation, shortness of breath and bloating after meals are the most prominent symptoms.
