Hoop Industry .- During the past winter one hundred and thirty thousand birch hoops for lime barrels have been made at Hoyt Station by H. Edwards, of Fairville. A large quantity has been made at Rusiagornis also by Fairville parties.

GILMORE'S BAND.—Something over two hundred seats have been booked at St. John for Fredericton citizens who intend going to that city on the 21st inst., to attend the Gilmore band concerts. It is expected that. one hundred more seats will be taken.

BADLY HURT .- Story McLaughlan, formerly of this city, but now of Lewiston, Me., is confined to his room there, the result of a severe injury. It is supposed that he will come out all right, but his recovery will be slow. The trouble is injury of the spine.

AT HOMES .- On Saturday afternoon from four to six o'clock, a large attendance of legislators and citizens met at Lady Tilley's "at home." On Saturday evening upwards of one hundred guests attended a very pleasant "at home" at the residence of Doctor and Mrs. Coulthard.

THREE FIRES. - On Sunday afternoon there was an alarm for a fire at the corner of King and Regent streets; on Tuesday the roof of P. McGinn's work shop got in a blaze, and about two hours after the residence of Alex Porter, King street, was on fire. No damage of any amount was done in either case.

AN INCREASE ASKED FOR. - The university senate at their meeting on Tuesday last, appointed a delegation to wait upon the members of the provincial government with a view to obtaining an increase of the provincial grant in aid of the university. The step is rendered necessary in the interest of the institution as it is not possible to reduce the number of professors without impairing the efficiency of the staff.

ONE FOR JOHN .- The St. John Sun says: George Downie and William Taylor, of ginning to manifest itself throughout the Halifax, are in the city en route home from Fredericton, where they have been taking a special course of instruction at the Royal school of Infantry. Both gentlemen speak in the highest terms of their treatment at the capital. They are loud in their praise of Mr. Edwards of the Queen, where they boarded during their sojourn in Fredericton.

HABEAS CORPUS .- On Thursday Judge Fraser granted an order under the habeas corpus act, returnable on Monday, calling on the Sunbury county jailer to show by what authority he detains Arch. Conley in custody, and also commands justices Albrey Grass and Abner Smith, to return proceedings of committment of Conley to said jail. The trouble arose over alleged damage by Conley to a fence owned by Mr. Stevens of Sunbury county.

PARENTS, MANZERS AND COYS .- It appears very evident that the endeavors of the heirs of Solomon Parent to secure the property in New York that it is believed belongs to them, is to be a strenuous one. They will leave no stone unturned to secure their rights and they are justified in so doing. The several families of Manzers and Coys within this county and Sunbury are also interested and will hold a meeting on Tuesday next, the 4th inst., at the hotel here, owned by Turney Manzer, at 10 o'clock, a. m. All interested are asked to be present.

ALWAYS CORRECT .- Roberts and Phillips, who took the prisoners Gordon and O'Ree to Dorchester had some difficulty in getting them passed as inmates of the penitentiary as they were the first to be sentenced to the city on the 18th. He is well known in that institution by a police magistrate under that Mr. Marsh was right, as he is in all his at that place. readings of the law, and the city should give him all the credit he deserves as he is a very efficient officer. Hedley Boulter, who was supposed to have received the goods stolen from Davis, Staples & Co's. store by Gordon and O'Ree, has been dismissed on his own recognizance, there not being sufficient evi-. dence to convict.
