Football at Bell Island

Dominions Win the First Game.
Before a gathering of nearly 2,000 people the first series of League games took place on the Dominion Field at Bell Island, on Saturday evening, the competing teams being the Nova Scotians and the Dominions. Play commenced at 7 o'clock when the referee Higgins whistled the teams lined up as follows:
Dominions—R. Walsh, goal; S. Pearce, J. Ross, backs; L. Kennedy, W. Martin, J. Dawe, halves; H. Noonan, R. Burnham, R. Jackson, R. Callahan and H. Lehr, forwards.
Scotians—E. Spencer, goal; Woods, Storey, backs; George, W. Thomas, halves; A. Cahill, L. Egan, J. Gorman, W. Wyatt and W. White, forwards.
In the first half no goals were scored by either team, but on resuming after the interval, the Dominion boys got down to business, and within a few minutes, closely followed by Burnham with No. 2, the third being added a short while before full time.
The exhibition, generally, was a splendid one. Interest was keen, and excitement was intense, while the enthusiasm of the spectators could not be doubted. Although the Dominions won by a score of 3 goals to nil, there is every reason to believe that the Scotians will do better the next game.
Mr. W. J. Higgins acted as referee, and D. Fraser (Scotians) and R. Kershaw (Dominions) were line-men.

TEAMS ENTERTAINED.
Dominions.
After the football contest on Bell Island, in which the Dominions were victorious, the winners retired to the Dominion Boat Club House, where a very enjoyable evening was spent. Dr. H. P. Gouthro presided, and an address of pleasing interest was made by the referee, Mr. W. J. Higgins. Speeches and toasts were also made by Messrs. L. C. Murphy, J. M. Green, R. Burnham and H. Noonan, and songs were rendered by Messrs. R. Kershaw and R. Burnham. A congratulatory speech was also made by Mr. G. A. Harvey and Mr. J. Fraser Hynes, of the B. I. Baseball Association, and a very pleasant hour, or two passed.

Scotians.
The Nova Scotia Football Team were also entertained by their Club after the match, when a sociable evening was enjoyed by all who participated. Songs were given by Messrs. G. George, W. White and A. Cahill, and the members of the team, proposed by Mr. L. C. Murphy, of the Bell Island Football League, was drunk with enthusiasm. Although vanquished on Saturday, the Scotians believe that they will yet make a very strong struggle for the championship this year.

Trouble on Whaler.

To-day the captain of the New Bedford whaler A. T. Clark, which was damaged on the way north and put in here for repairs, lodged a complaint with the police against six of his seamen. Some of them refused duty on board and others have deserted. Warrants have been issued and officers Savage, Lawlor, Stamp and Crocker have been despatched to round up the disturbers. The captain of the vessel told the police that the whaler was going on a whaling hunt in the northern regions. He said the seamen he had were unskilled and a poor lot and believe it is a "picnic party" they were going on instead of a whaling cruise.

The Police Court.

Emma Jane Smith, charged with bigamy, and Thomas Oliver, an accessory, were remanded for eight days. An assault case was settled out of court.
Seven drunks were before the bar. One was discharged, two were fined \$1 or 3 days, two, \$2 or 7 days, and one, \$5 or 14 days.

KEEP MINARD'S LINIMENT IN THE HOUSE.

Governor Appreciative.

To-day A. Hiscock, Esq., President of the Regatta Committee, had a letter from His Excellency the Governor expressing his appreciation of the beautiful specimen of the silversmith's art in the cup donated by His Excellency and obtained through Mr. Hiscock. It is certainly a beauty and well worth winning. It is also a testimony to the taste of Mr. Hiscock. Mrs. Davidson, who also saw the pretty trophy, is much pleased with it. The cups and medals will soon be on exhibition in the store of Mr. C. Ellis.

The Ventures.

Both the Bellaventure and Bonaventure are now at Sydney, having come there from Halifax to get their bunkers filled, after which they will proceed to Hudson Bay on their survey mission for the Canadian Government. The s.s. Adventure has finished landing the coal cargo that she brought from Philadelphia and she will be ready to leave here on Wednesday for Montreal, thence to Hudson Bay posts. She will first go to Sydney for bunker coal.

Here and There

CITY'S HEALTH.—More diphtheria and scarlet fever were reported at the Public Health Office, to-day.

RETRIVING HOME.—Constable P. Phalen, whose mother is dangerously ill, leaves for Placentia this evening, having been given leave of absence.

TO-NIGHT'S MATCH.—The Felidians and C.E.I. will compete in this evening's football match on St. George's Field, and a lively exhibition, no doubt, will be witnessed.

FROM THE KYLE.—Yesterday afternoon, the Reid Nfld. Co. had the following wireless from the Kyle: "Arrived at Domino 3:45 p.m. Sunday. Wind N.E., fresh all day; weather cold. Ice tight to land; Domino full. Prospects of getting north not favorable at present."

WHAT ABOUT THE BRIDGE.—Yesterday afternoon a number of people got off the train at Donovan's and still no bridge. The unfortunate who got off there had to wade through bog and mud and dry their shoes during the afternoon. What's the matter with the Plenic Government? Has it become suddenly economical? Of course this is impossible.

MR. HAVERNALE'S LETTER.—Mr. Coaker states he did not charge the Imperial Tobacco Co. with paying Mr. Pitts \$10,000 a year. He offered to publish the letter if the statement of having charged them with paying the money was obliterated. He also asked for a statement from the company's auditors. It will be seen that the manager states that the auditor was out of town.

A Cautious Man.

Mr. Seymour Hicks, who has made such a big hit in the revue, All the Winners at the Empire, brought back a store of funny stories from America recently.

The other evening, in his dressing-room, he was reeling them off one after another.

Mr. Hicks says he heard two Scotchmen discussing the question of long engagements. The argument arose through one of them declaring that a newly married couple were not getting on well together.
"Well, what else can ye expect?" remarked the other with scorn. "They got married after courtin' for only seven years." He had "nae chance" to ken anything about weemen in sic a wee while as that.

"Ye're richt, man," agreed the other; "nae chance at a'! I courtit for twenty year, an' at the end o' that time I ken't sic a lot aboot weemen that I didna marry."

James Kossina, a boy of eleven years, is probably the youngest victim in the long list of aviation accidents. He was carried to death at New York recently, while flying a kite. The boy was on the roof of a six-story building on the East Side when a gale from the East River caught his kite and pulled him to the edge of the roof. He did not think of letting go of his kite string until too late to save himself, and he fell six stories to the ground, being instantly killed.

Educating Father.

They're educating father. In the way to march the aisle; They've trained him to look solemn And they will not let him smile. They've taught him how to hold his hands

And told him what to say: They're educating father. How to give the bride away.

They mightily hold rehearsals. The wedding march they hum. With sister leaning on his arm Downstairs they make him come. They've taught him at the altar The place where he must stay; They're educating father. How to give the bride away.

The wedding gown is finished. The caterer is hired. The florist's started on the job And every one is tired. Now they're at the most important Task before the wedding day; They're educating father. How to give the bride away.

Very Wideawake.

Prebendary Wilson Carille told some amusing stories at the recent annual meeting of the Church Army.

One of them concerned a Royal Army Medical Corps orderly who was being impressively warned by a nurse before going on night hospital duty that he must on no account be tempted by the darkness to fall asleep.

"It's all right, miss," he said, with a twinkle in his eye, "there ain't no fear o' that. I was a poacher afore I joined!"

SURE TO REVIVE HIM.

Another R.A.M.C. orderly, said Prebendary Carille, was being put through his paces by a hospital sister, who was trying to find out the extent of his practical knowledge.

"And what would you do," she asked, "in a case of collapse?"

"Give him some brandy," was the reply.

"But suppose," suggested the sister, "suppose you hadn't any brandy?"

"Then I'd promise him some," was the prompt reply.

WATER, INDEED!

That story recalls another that was heard recently.

A man fell to the ground from a second floor window. He was only slightly bruised, and as he lay stunned on the pavement a crowd gathered round and discussed ways of bringing him back to consciousness.

"Fetch him a drink of water!" a sympathetic bystander suggested.

The victim of the accident opened his eyes and sat up indignantly.

"Water!" he exclaimed. "How many stores do you want me to fall to get a drop o' brandy?"

Loud! Very Loud!

Lord Ashbourne, who died so suddenly the other day, is said to have had the loudest voice in the House of Lords.

The story goes that once, when, as Edward Gibson, he made his debut in the House of Commons in the role of Irish Attorney-General, a colleague hurrying into the House met another coming out.

"Where are you going?" asked the in-going member. "Don't you know that Gibson is speaking?"

"Yes, I know," was the reply of the member coming out. "I'm going to listen to him in the House of Lords. I fancy I shall hear him with more comfort there!"

Cochrane St. Church.

The preacher at Cochrane St. Methodist Church last night was the Rev. Gideon Powell, D.D., Pastor of the first M. E. Church, Wabeska, Illinois. Dr. Powell is a native of Newfoundland, and has won his way to a high position in the Church of his choice as a pulpitor.

He arrived in the city only a day or two ago and, consequently, very few knew that he was to preach, but notwithstanding he was greeted by a large attendance. His sermon from the text "Psalm 10: 7. 'Some trust in chariots and some in horses, but we will remember the name of the Lord our God,'" was a masterly discourse, and from beginning to end riveted the attention of his audience.

He began by referring to the fact that in the olden time names given to people were significant, while the names of to-day were capricious and mean nothing. Some of his illustrations were amusing. He then dwelt upon the names by which God is made known and his character revealed to his people, in all cases justifying the faith of those who trust in Him. In the afternoon the Sunday School was favored by the presence of Rev. Dr. Jabez Moore, who delivered an able and interesting address on the pioneer work of the Church in the far West.

Both of these gentlemen are sons of the soil of whom Newfoundlanders may be proud. As Dr. Powell will remain on the island for some time, we hope to have the pleasure of hearing him again.

Right Wing Wiped Out

Special to Evening Telegram. BELGRADE, July 6.

The Servians have captured Kutchana, after a severe battle. It is reported that the Bulgarian right wing, commanded by the War Minister, General Kovatcheff, was annihilated, and important war trophies captured. The Servians have seized the strong Bulgarian position of Rayichana, which dominates the White Plain of Kutchana, according to an Uskub despatch. The position was defended by 32 Bulgarian battalions, with 80 guns and fortified entrenchments. The Bulgarians are retreating precipitately.

Fish Market.

This letter was received from Oporto, Saturday:—

"There has been a slight falling off in the demand for all qualities of fish since we last wrote. The stock of British cure is not excessive but the old cure is risky to hold at this time of the year and prices have had to be moderated in order to ensure the maximum consumption. The Norwegian cure, owing to its lower price and the preferential tariff continues to gain ground in this market."

L.O.O.F. INSTALLATION.—Atlantic Lodge, L.O.O.F. will hold its installation of officers this evening at 8 o'clock. It is hoped that a large number of the brethren will be present. A banquet will likely take place after the installation.

Doctors' Opinions About POSTUM

Are best expressed in their own words

Writing under date of May 13, 1913, one physician says:

"From past experience I have become a strong friend of Postum. I am now advising its use over that of tea and coffee altogether, and find that most of those who give Postum a trial become users of it."

"It is however sometimes very hard or impossible to get folks to purchase something when they 'don't know anything about it,' and 'don't want to throw away money on a chance of liking it.'"

"Now, it occurs to me these people are not to be

criticized for such feelings, but at the same time I am sure many of them would become friends of Postum if they could but have a sample of it placed in their hands."

"If you think this is a good suggestion, and will send me samples from time to time, I will see that they are placed among my patients where they will do the most good; for I believe it is to their interest to drink Postum rather than tea or coffee. Postum is used in our home, but we buy it of our grocer, and we expect to keep right on doing so."

Thousands of tea and coffee drinkers are victims of headache, nervousness, biliousness, heart trouble and indigestion, without knowing the cause.

More and more, physicians are naming tea and coffee as a common cause of these ills. Not every physician, however, finds time to sea and coffee as a common cause of these ills.

INSTANT POSTUM

If your physician recommends that you "stop tea and coffee," or your own distress suggests a change, send your name and address with 2c stamp (for postage), to Canadian Postum Cereal Co. Ltd., Windsor Ont., and a 5-cup tin of the new food-drink—Instant Postum—will be mailed immediately. Nothing is so convincing as the happy results of personal experience.

"There's a Reason" for POSTUM.
